TABLE OF CONTENTS

The Milwaukee Wiser Choice Provider Network Directory is a listing of provider agencies that have an agreement with Milwaukee County and the Milwaukee Wiser Choice Provider Network to provide services on a referral basis.

This directory is divided into three main sections. The first is a listing of Clinical Providers organized by the Milwaukee Level of Care. The second is a list of providers organized by the ancillary (or support) service they provide to Wiser Choice clients. The last section is detailed information regarding each provider, accessibility, and a brief description of the agency.

Alcohol & Other Drug Abuse Services: Core Values

The Behavioral Health Division has a strength-based recovery oriented system of care that is driven by a set of core values. These values include:

- A. Family-Centered: A family-centered approach means that families are a family of choice defined by the consumers themselves. Families are responsible for their children and are respected and listened to as we support them in meeting their needs, reducing system barriers, and promoting changes that can be sustained overtime. The goal of a family-centered team and system is to move away from the focus of a single client represented in systems, to a focus on the functioning, safety, and well being of the family as a whole.
- B. Consumer Involvement: The family's involvement in the process is empowering and increases the likelihood of cooperation, ownership, and success. Families are viewed as full and meaningful partners in all aspects of the decision making process affecting their lives including decisions made about their service plans.
- C. Builds on Natural and Community Supports: Recognizes and utilizes all resources in our communities creatively and flexibly, including formal and informal supports and service systems. Every attempt should be made to include the families' relatives, neighbors, friends, faith community, co-workers or anyone the family would like to include in the team process. Ultimately families will be empowered and have developed a network of informal, natural, and community supports so that formal system involvement is reduced or not needed at all.
- D. Strength-Based: Strength-based programs build on the family's unique qualities and identified strengths that can then be used to support strategies to meet the families' needs. Strengths should also be found in the family's environment through their informal support networks as well as in attitudes, values, skills, abilities, preferences and aspirations. Strengths are expected to emerge, be clarified and change over time as the family's initial needs are met and new needs emerge with strategies discussed and implemented.
- E. Unconditional Care: Means that we care for the family, not that we will care "if." It means that it is the responsibility of the service team to adapt to the needs of the family - not of the family to adapt to the needs of a program. We will coordinate services and supports for the family that we would hope are done for us. If difficulties arise, the individualized services and supports change to meet the family's needs.
- F. Collaboration Across Systems: An interactive process in which people with diverse expertise, along with families, generate solutions to mutually defined needs and goals building on identified strengths. All systems working with the family have an understanding of each other's programs and a commitment and willingness to work together to assist the family in obtaining their goals. The substance abuse, mental health, W-2, child welfare, and other identified systems collaborate and coordinate a single system of care for families involved within their services.
- G. Team Approach Across Agencies: Planning, decision-making, and strategies rely on the strengths, skills, mutual respect, creative, and flexible resources of a diversified, committed team. Team member strengths, skills, experience, and resources are utilized to select strategies that will support the family in meeting their needs. All family, formal, and informal team members share responsibility, accountability, authority, and understand and respect each other's strengths, roles, and limitations.

Milwaukee Wiser Choice Provider Network

Alcohol & Other Drug Abuse Services: Core Values (cont'd)

- G. Ensuring Safety: When child protective services are involved, the team will maintain a focus on child safety. Consideration will be given to whether the identified threats to safety are still in effect, whether the child is being kept safe by the least intrusive means possible, and whether the safety services in place are effectively controlling those threats. When safety concerns are present, a primary goal of the family team is the protection of citizens from crime and the fear of crime. The presence of individuals who are potentially dangerous requires that protection and supervision be sufficiently effective to dispel the fears of the public.
- H. Gender/Age/Culturally Responsive Treatment: Services reflect an understanding of the issues specific to gender, age, disability, race, ethnicity, and sexual orientation and reflect support, acceptance, and understanding of cultural and lifestyle diversity.
- I. Self-sufficiency: Families will be supported, resources shared, and team members held responsible in achieving self-sufficiency in essential life domains. (Domains include but are not limited to safety, housing, employment, financial, educational, psychological, emotional, and spiritual.)
- J. Education and Work Focus: Dedication to positive, immediate, and consistent education, employment, and/or employment-related activities which results in resiliency and self-sufficiency, improved quality of life for self, family, and the community.
- K. Belief in Growth, Learning and Recovery: Family improvement begins by integrating formal and informal supports that instill hope and are dedicated to interacting with individuals with compassion, dignity, and respect. Team members operate from a belief that every family desires change and can take steps toward attaining a productive and self-sufficient life.
- L. Outcome-oriented: From the onset of the family team meetings, levels of personal responsibility and accountability for all team members, both formal and informal supports are discussed, agreed-upon, and maintained. Identified outcomes are understood and shared by all team members. Legal, education, employment, child-safety, and other applicable mandates are considered in developing outcomes, progress is monitored and each team member participates in defining success. Selected outcomes are standardized, measurable, based on the life of the family and its individual members.

VISION STATEMENT AND GUIDING ELEMENTS

Vision Statement

The Milwaukee County Behavioral Health Division will be a Center of Excellence for person-centered, quality best practice in collaboration with community partners.

Core Values:

2. Patient centered care
3. Best practice standards and outcomes
4. Accountability at all levels
5. Recovery support in the least restrictive environment
6. Integrated service delivery

Guiding Elements

- ❖ **Patient Centered Care:** All members of the organization embrace a person centered approach focused on service that is respectful, individualized and invites active participation. Treatment is goal directed toward helping persons pursue personal recovery and enjoy independent, productive and healthy lives in the community.
- ❖ **Safe and Cost-Effective Best Practice:** Treatment and support services incorporate current best practice standards to achieve effective outcomes. All participants are committed to an environment of care that ensures safety, manages risk and meets or exceeds national patient safety standards.
- ❖ **Accountable Strategic Planning:** Service areas participate in strategic planning with accountability for dynamic priority setting and outcome measurement. The organization employs cost-effective approaches and project management strategies that lay the foundation for financially viable, future system growth.

MISSION STATEMENT:

The Milwaukee County Behavioral Health Division is a public sector system for the integrated treatment and recovery of persons with serious behavioral health disorders.

AODA Program Goals

- 1) To achieve improved client and program outcomes by meeting the special multidimensional needs of eligible individuals with substance use disorders and their families who experience problems resulting from that alcohol and other drug abuse by providing treatment, outreach, intervention, care coordination, multi-system collaboration, and recovery support services that are gender and culturally responsive.
- 2) To target services to eligible individuals with substance use disorders and their families who are involved in multiple systems in order to provide coordinated services from those formal support systems using a systems of care approach and care coordination.
- 3) To facilitate and use a family-centered team model to develop plans that includes natural support and other system representatives.
- 4) To develop a system that reinforces and can measure the empowerment of consumers/participants and their involvement in the planning, design, implementation, and evaluation of the program, as well as their care plan.
- 5) To provide cross training and education to professionals who work with eligible individuals and their families and are from different systems in order to achieve positive client/family outcomes.
- 6) To provide, or arrange for, parenting education, vocational assistance, housing assistance, coordination with other community programs, treatment under intensive care (continuum of care).
- 7) To ensure that all services are delivered in a trauma informed and responsive environment.
- 8) To provide screening, information and linkages for Fetal Alcohol Spectrum Disorders (FASD).

Vision Statement – Behavioral Health Division

The Milwaukee County Behavioral Health Division will be a premier system of mental health and alcohol and other drug abuse disorders in the State of Wisconsin. It will ensure that individuals and families who have behavioral health needs strive to function at optimal levels of physical and mental health and that they are full and equal members of the community. As such, the Division shall provide individuals who have behavioral health needs the support and means to pursue success in the ways they choose to live, learn, love, work and play because:

Our vision is for a behavioral health system that recognizes the partnership with clients, providers and the community and the accountability to its stakeholders for the effective development and efficient use of resources.

Our vision is for a recovery oriented behavioral health system that focuses on the rebuilding of full productive lives for children, adults and their families, and supports a full spectrum of services including primary prevention and early intervention.

Our vision is for a behavioral health system that attracts, retains, and supports employees/other service providers who are competent and provide excellent quality, culturally and linguistically relevant behavioral health treatment and support services.

Our vision is for a behavioral health system that acknowledges the abundance and limitations of our human and financial resources and commits to responsible stewardship of its resources.

Our vision is for clients and families to be equal stakeholders in service system governance, planning and delivery.

Our vision is for a behavioral health system where every client has access to strengths-based, individualized and integrated services that promote health and recovery.

Our vision is for a behavioral health system where cultural, ethnic and socioeconomic diversity is valued by providers and clients.

Our vision is for a behavioral health system where strategies to eradicate stigma, including education of clients, family members, providers and the Milwaukee County community, are implemented and effective.

Our vision is for behavioral health services and supports to be community based and not institution based; when residential treatment or hospitalization is accessed, those services will be used as resources and not as placements.

Our vision is for a behavioral health system that can measure its success in the care of children and adults by establishing and producing clear, quantifiable outcomes

Milwaukee Levels Of Care Descriptions

- Outpatient** Outpatient is a non-residential treatment service totaling less than 12 hours of counseling per patient per week, which provides a variety of evaluation, diagnostic, crisis and treatment services relating to substance abuse to ameliorate negative symptoms and restore effective functioning. Services include individual counseling and intervention and may include group and family therapy and referral to non-substance abuse services that may occur over an extended period. Must be certified as a HFS 75.13 outpatient provider.
- Intensive Outpatient** An intensive outpatient program is a planned and organized service in which addiction professionals and clinicians provide several AODA treatment service components to clients. Treatment consists of regularly scheduled sessions within a structured program, with a minimum of 9 treatment hours per week. Examples include day or evening programs in which patients attend a full spectrum of treatment programming but live at home or in special residences. Must be certified as a HFS 75.13 outpatient provider.
- Day Treatment** Day treatment is a medically monitored, and non-residential substance abuse treatment service which consists of regularly scheduled sessions of various modalities, such as individual and group counseling and case management, provided under the supervision of a physician. Services are provided in a scheduled number of sessions per day and week, with each patient receiving a minimum of 12 hours of counseling per week. Must be certified as a HFS 75.12 day treatment service provider.
ORGANIZATIONAL REQUIREMENTS. A day treatment service may be a stand-alone service or may be co-located in a facility that includes other services.
- Transitional Residential** A transitional residential treatment is a clinically supervised, peer-supported therapeutic environment with clinical involvement. The service provides substance abuse treatment in the form of counseling for 3 to 11 hours per patient per week, immediate access to peer support through the environment and intensive case management which may include direct education and monitoring in the areas of personal health and hygiene, community socialization, job readiness, problem resolution counseling, housekeeping and financial planning. Must be certified as a HFS 75.14 transitional residential treatment service provider.
ORGANIZATIONAL REQUIREMENTS. Before operating or expanding a transitional residential treatment service, a facility shall be approved under ch. HFS 124 as a hospital, licensed under ch. HFS 83 as a community-based residential facility, certified under ch. HFS 82 or licensed under ch. HFS 88 as an adult family home.
- Medically Monitored Residential** Medically monitored residential treatment operates as a 24-hour, community-based service providing observation, monitoring and treatment by a multidisciplinary team under supervision of a physician, with a minimum of 12 hours of counseling provided per week for each patient. Must be certified as a HFS 75.11 medically monitored residential treatment service provider.
- Co-Occurring Biomedically Monitored Residential** Co-Occurring biomedically enhanced monitored residential treatment operates as a 24-hour, community-based service providing observation, monitoring and treatment by a multidisciplinary team under supervision of a physician, and staffed 24 hours a day by nursing personnel. Must be certified as a HFS 75.11 medically monitored residential treatment service provider.
- Methadone** A narcotic treatment service for opiate addiction provides for the management and rehabilitation of selected narcotic addicts through the use of methadone and a broad range of medical and psychological services, substance abuse counseling and social services. Methadone, an FDA-approved narcotic, is used to prevent the onset of withdrawal symptoms for 24 hours or more, reduce or eliminate drug hunger or craving and block the euphoric effects of any illicitly self-administered narcotics while the patient is undergoing rehabilitation.

“A day treatment service is a medically monitored, and non-residential substance abuse treatment service which consists of regularly scheduled sessions of various modalities, such as individual and group counseling and case management, provided under the supervision of a physician. Services are provided in a scheduled number of sessions per day and week, with each patient receiving a minimum of 12 hours of counseling per week” DHS 75.12(1). Providers of this service must maintain clinic certification from the State of Wisconsin Department of Health Services, which is ‘active’ throughout the entire duration of the agreement with Milwaukee County Department of Health and Human Services. It is expected that all providers adhere to the requirements established in DHS 75.12, and other applicable requirements indicated throughout DHS 75. This would include, but is not limited to, maintaining appropriately credentialed and experienced personnel as indicated, ensuring that all required case record documentation is contained in every client file, and that all documentation contains appropriate signatures. It is important to note that there are documentation requirements indicated in the Fee for Service Agreement and BHD Community Services Branch Quality Assurance Policies and Procedures that exceed those indicated in DHS 75. Providers are expected to familiarize themselves with these requirements, and be in compliance with such.

Requirements of Individual Providers: A substance abuse counselor MUST have one of the following certifications from the State of Wisconsin Department of Regulation and Licensing: Substance Abuse Counselor In Training, Substance Abuse Counselor, Clinical Substance Abuse Counselor.

A Clinical Supervisor MUST meet one of the following criteria:

1. Certified as an AODA Clinical Supervisor by the State of Wisconsin Department of Regulation and Licensing (Clinical Supervisor in Training, Intermediate Clinical Supervisor, Independent Clinical Supervisor),
2. Licensed as a Physician AND Certified as an Addiction Specialist by the American Society of Addiction Medicine (ASAM),
3. Licensed as a Physician AND Certified in Addiction Psychiatry by the American Board of Psychiatry and Neurology,
4. Licensed as a Psychologist AND Certified in Addiction from the American Psychological Association (APA).

Certificates and licenses must be provided for ALL individual providers. All certifications and licenses must remain active and in good standing in order to provide services under this service description. Any of the certificate holders as identified above who provide AODA counseling services under this agreement, MUST receive Clinical Supervision in the amount specified in DHS 75.12(5); this includes Clinical Supervisors who provide AODA counseling services. The provision of clinical supervision shall be evidenced in that individual’s personnel file as specified in DHS 75.03(4)(g). All AODA Day Treatment Services paid for under this service description MUST be provided by appropriately credentialed staff.

Requirements of Individual Providers: A substance abuse counselor MUST have one of the following certifications from the State of Wisconsin Department of Regulation and Licensing: Substance Abuse Counselor In Training, Substance Abuse Counselor, Clinical Substance Abuse Counselor.

A Clinical Supervisor MUST meet one of the following criteria:

1. Certified as an AODA Clinical Supervisor by the State of Wisconsin Department of Regulation and Licensing (Clinical Supervisor in Training, Intermediate Clinical Supervisor, Independent Clinical Supervisor),
2. Licensed as a Physician AND Certified as an Addiction Specialist by the American Society of Addiction Medicine (ASAM),
3. Licensed as a Physician AND Certified in Addiction Psychiatry by the American Board of Psychiatry and Neurology,
4. Licensed as a Psychologist AND Certified in Addiction from the American Psychological Association (APA).

Certificates and licenses must be provided for ALL individual providers. All certifications and licenses must remain active and in good standing in order to provide services under this service description. Any of the certificate holders as identified above who provide AODA counseling services under this agreement, MUST receive Clinical Supervision in the amount specified in DHS 75.13(4); this includes Clinical Supervisors who provide AODA counseling services. The provision of clinical supervision shall be evidenced in that individual’s personnel file as specified in DHS 75.03(4)(g). All AODA Outpatient Treatment Services paid for under this service description MUST be provided by appropriately credentialed staff.

<u>Co-occurring Biomedically Enhanced</u>	2095	\$120.00	Day

“A medically monitored treatment service operates as a 24-hour, community-based service providing observation, monitoring and treatment by a multidisciplinary team under supervision of a physician, with a minimum of 12 hours of counseling provided per week for each patient” DHS 75.11(1). Providers of this service must maintain clinic certification from the State of Wisconsin Department of Health Services, which is ‘active’ throughout the entire duration of the agreement with Milwaukee County Department of Health and Human Services. It is expected that all providers adhere to the requirements established in DHS 75.11, and other applicable requirements indicated throughout DHS 75. This would include, but is not limited to, maintaining appropriately credentialed and experienced personnel as indicated, ensuring that all required case record documentation is contained in every client file, and that all documentation contains appropriate signatures. Providers are expected to familiarize themselves with these requirements, and be in compliance with such. Co-occurring Biomedically Enhanced Residential Treatment Service is equivalent to ASAM Level III.7 Dually Diagnosed Capable Medically Monitored Intensive Inpatient Treatment. It is a residential service that provides a planned regimen of 24-hour professionally directed evaluation, observation, medical monitoring and addiction/co-occurring treatment in an inpatient-type setting. It is appropriate for patients whose subacute biomedical and emotional, behavioral or cognitive problems are so severe that they require inpatient treatment, but who do not need the full resources of an acute care general hospital or a psychiatric hospital. The services of this program are designed to meet the needs of patients who have functional deficits in Dimensions 2 and 3 of the ASAM PPC-2R. For example, Dimension 2 problems could include such comorbid medical problems as poorly controlled hypertension or diabetes or a co-occurring chronic pain disorder that interferes with the patient’s ability to engage in a recovery program. Dimension 3 problems would include either a diagnosable comorbid DSM-IV Axis I disorder or symptoms of such a disorder that are subthreshold of diagnostic criteria, but interfere or distract from recovery efforts (for example, anxiety or hypomanic behavior), and thus require the availability of 24-hour nursing and medical interventions. The care is delivered by an interdisciplinary staff of appropriately credentialed treatment professionals, including a physician who is a board certified or eligible Addictionologist. Treatment is specific to substance-related disorders, but the skills of the interdisciplinary team and the availability of support services also can accommodate conjoint treatment of co-occurring subacute biomedical and/or emotional, behavioral or cognitive conditions. Individuals who have a greater severity of illness in Dimensions 2 and/or 3 require use of more intensive staffing patterns and support services.</p>		
<p>The service is required to be certified under DHS 75.11, and comply with the service description for an ASAM Level III.7 dually diagnosed capable program. This includes, but is not limited to, the following: A physician is available to assess the patient in person within 24 hours of admission and thereafter as medically necessary. Psychiatric services are available through consultation or referral. Such services are available within 8 hours by telephone or 24 hours in person. The facility is staffed 24 hours a day by nursing personnel. A registered nurse conducts an alcohol or other drug-focused nursing assessment at the time of admission. An appropriately credentialed and licensed nurse is responsible for monitoring the patient’s progress and for medication administration. Clinical staff is knowledgeable about the biological and psychosocial dimensions of substance dependence and mental disorders and have specialized training in behavior management techniques, and treatment includes clinical and didactic motivational enhancement strategies that are appropriate to the patient’s stage of readiness to change.</p>

<p><u>Recovery House</u></p> <p>Recovery Houses provide a safe, clean and sober environment for adults with substance abuse disorders or co-occurring substance abuse and mental health disorders. Individuals living in a Recovery House are required to be engaged in an outpatient or day treatment level of care. The anticipated length of stay in Recovery House is expected to be of relatively short duration as the individual reintegrates into the community, consistent with the goals identified in their Single Coordinated Care Plan (SCCP). Recovery House is staffed 24 hours a day by salaried paraprofessional staff (staff employees are paid by salaries and not by stipend and are not peer mentors). Recovery House is a structured recovery environment that provides sufficient stability to prevent or minimize relapse or continued use and continued problem potential. Recovery House is intended to assist the individual to integrate relapse prevention and recovery skills to achieve autonomy, including gainful employment and independent living in the community. Individuals are expected to participate in vocational/educational services as identified in their SCCP while living in a Recovery House. Services on-site emphasize individual and group living skills promoted through the use of community or house meetings of residents and staff, as well as services required by DHS 83, including room and board and medication monitoring. Mutual/self-help meetings may be available on-site. Recovery House plus an outpatient level of care approximate an ASAM Level III.1 residential service. Recovery House coupled with a day treatment level of care approximates an ASAM Level III.5 residential service. Recovery Houses are required to be licensed under DHS 83 as a community based residential facility (CBRF), and are expected to comply with local zoning</p>	2081	\$45.00	Day

AGENCY PROFILE: Benedict Center Women's Harm Reduction Program specifically works with women who are, or have been, in trouble with the law. We have over 31 years experience working with women and we recognize that women who are involved in the criminal justice system have unique needs that must be addressed so they can permanently move out of the correctional system. We provide a safe, supportive environment in which women can reflect on their past, replenish personal resources, reconnect with family, and rebuild their lives in order to establish themselves as valuable members of their community.

AGENCY PROFILE: The Centro de la Comunidad Unida-United Community Center Human Services Department AODA Treatment Clinic (UCC) is dedicated to serving the Hispanic population of Milwaukee's near south side. The center's holistic approach utilizing strength based and values common in Latino families focusing on a treatment specific to the following core values. "Familisimo", "Respeto", and "Confianza". This philosophy of treatment is based on providing Culturally Competent services to the Hispanic population. Our program has a unique ability to offer trained and experienced Latino staff to provide bilingual and bi-cultural services to the Latinos with AODA and emotional issues. In understanding the diversity of Latino population or "sub cultural" and familial roots, UCC effectively acknowledges varying "Costumbres" of client's and their families. This is demonstrated in development and implementation of therapeutic groups such as "Cocinando con Novelas" and "Cuenta Cuentos". All of the programming offered is designe

AGENCY PROFILE: Milwaukee Health Service Systems is one of 5 MHSS clinics in the State, specializing in medication assisted treatment of narcotic addictions. There are two clinics in Milwaukee, one in Madison, one in Appleton, and another in Wausau. Since the 1960's, methadone has been used in the successful treatment of narcotic addictions. When used as prescribed, it can halt cravings for street opioids without producing a "high". Proper dosage will prevent withdrawal and can be adjusted throughout the program to maintain patient's ability to function normally while optimally weaning them from the methadone over time. Our goal is to offer a wide range of quality substance abuse treatment.. We believe you can attain an independent constructive lifestyle. Our priority is to stabilize each individual by providing medically monitored treatment, combined with psychosocial rehabilitation services. AGENCY PROFILE: Our Space was founded in 1988 by people living with a mental illness, their family members, members of the clergy and mental health professionals. Our Space was built on the belief that people who had been sidelined by their mental illness could get their lives back on track by joining an organization whose members (clients) had all "been there." It would be a place that helped people get back on their feet by giving them somewhere they could re-build the basic skills they needed in order to move forward. Every year the members of Our Space elect a Member Management Team. This is a group of eight people who work with the staff to develop the many programs that Our Space provides. The programs at Our Space are designed to help people improve their lives using the tools that have been proven to help them succeed. Our Space employs many of its members to do everything from working at the Blue Dove Gift Shop or the Price is Right Shoppe to assisting in peer mentoring, outreach and janitorial programs. Vol

AGENCY PROFILE: Cedar Creek Family Counseling offers a primary treatment program for alcohol and substance abuse consisting of both individual and group therapy sessions. Most clients in the primary program attend one individual and two group sessions per week. After an assessment by an AODA counselor, a plan is developed with specific and measurable goals. The length of the program, depending on the individual's clinical needs, is usually eight to twelve weeks followed by an aftercare program. Cedar Creek Family Counseling offers an intensive treatment program for clients whose needs are greatest. The intensive treatment program requires a more structured treatment program and, after a comprehensive assessment, is designed for individuals who have failed in prior treatments, need close supervision, and/or are experiencing a dual problem. Most clients in our intensive program would attend group therapy sessions three times a week and individual sessions three to four times per week. Both primary and intensive treatme

The House of Unity's goal is to present a diverse, safe, clean, and sober environment to men who are in transition from substance use and who need a structured setting until they are ready for independent housing. We adhere to zero tolerance for any resident that chooses to use alcohol or drugs will be immediately terminated. House of Unity offers six single room occupancies that allow the resident privacy. In addition, residents will be allowed to have a television in their own room. House of Unity is located at 3246 N. Achilles which is five minutes from downtown, and close to the various bus lines. The journey to self-discovery and continued sobriety takes commitment and courage. If you are a male adult dedicated to continued recovery and committed to developing the skills and habits necessary to accomplish personal success, the

AGENCY PROFILE: The primary purpose of the clinic is to provide counseling and life improvement services to individuals, families, youth, couples and groups using principles from the Quran. In particular, special emphasis is placed on minorities and persons with disabilities, as these are the most disenfranchised groups. The client will first receive a comprehensive assessment by a Counselor. In addition, a client may also receive an evaluation conducted by our medical director. A treatment plan is then developed with specific and measurable goals. The client's family members are encouraged to participate in the client's treatment, as family involvement is one of Islam's fundamental principles. The educational components consist of lectures, seminars, and a variety of subjects related to substance abuse and the recovery process, including: Relapse prevention skills Signs and symptoms of alcohol and other drug abuse Stress Management skills How to deal with feelings in the recovery process Rational Emotive Behavior

AGENCY PROFILE: Isaiah's Coalition for Women and Children is a community outreach ministry of CWP Ministries, Inc., a church addressing the spiritual needs of its congregation. In so doing, we saw other needs within its congregation and community. As a result, CWP Ministries, Inc. by its founder formulated ISAIAH'S COALITION FOR WOMEN AND CHILDREN to assist in filling the need for pastoral care, social advocacy, educational support, or referral resources for issues of family violence, child abuse, breast cancer and HIV awareness and prevention. We holistically address the need of persons individually and/or in groups. Pastoral care (Spiritual Support-Ancillary): Spiritual direction is given in individual and (non-mandatory) weekly cell-group congregational settings or Bible study as provided by a licensed Pastor and Evangelist. Social advocacy for women and children who have experienced violence and abuse; and to provide a support to them in holistic healing in overcoming such victimization. Educational support f
