

Milwaukee County, Wisconsin is requesting proposals from experienced GIS consulting firms to conduct a 'location- based data and technologies' (LBDT) Business Needs Assessment leading to the development of a (Five Year Work Program) LBDT Implementation Plan. The Consultant developed Business Needs Assessment and Implementation Plan will capitalize on Milwaukee County Automated Mapping and Land Information System (MCAMLIS) ongoing GIS investments and resources. The entire RFP document can be viewed at the Milwaukee County Business Portal (<http://county.milwaukee.gov/ConstructionBidsandR23075.htm>). Proposals are due September 21, 2012. For further information call William Shaw at 414-278-4847.
