BASE BID DESCRIPTION:

Project Identification: Project consists of heating system modifications, air handling unit and condensing unit replacement, DDC Controls upgrade and associated demolition work necessary to perform the new work. 1. Project Location: Milwaukee County Transit System – Kinnickinnic Transit Station: Operator's Building, Milwaukee, WI 2. Owner: Milwaukee County Department of Administrative Services Architecture, Engineering and Environmental Services (AE & ES) City Campus Complex 2711 W. Wells Street Milwaukee, WI 53208 The Work consists of modifications to the building heating system including demolition of the existing gas fired boiler and revision of the piping cross-connection to the Maintenance Building heating system, replacement of the existing air handling unit, duct system and condensing unit, and the installation of a new DDC Controls System. Also included is the electrical power support for planned new mechanical equipment. Work shall be performed while the building is occupied by the owner and the Contractor shall provide the necessary temporary HVAC System provisions to maintain occupant comfort and code required building ventilation and exhaust during construction, minimizing HVAC system shut-downs/disruptions. Owner will award single Prime Contract as follows: Contract 1 - HVAC Replacement

The DBD Department concurs with the DBE participation for the above recommended Bid. Please refer to the approved Form DBD-014C attached to the bid recommendation.
