BASE BID DESCRIPTION:

This project involves the replacement of airfield cabling in existing conduit, lights, and transformers on existing light bases for multiple taxiways at GMIA. Two electrical circuits will be replaced including the circuit for taxiways C, D & F, and taxiways H & K. This project also includes a few light can replacements, as well as some short stretches of trenching and associated turf repair.

CBDP concurs with the DBE participation for the above recommended Bid. Please refer to the approved Form DBD-014C attached to the bid recommendation.
