BASE BID DESCRIPTION:

The work under this contract includes the modification of the electrical infrastructure in the parking structure. The project scope will involve complete removal and replacement of existing parking structure lighting including conduits in original and west quadrants, fixture replacement on helix and structure north quadrant. Electrical closet construction including reconfiguring lighting circuits and panel removal/replacement. Ancillary items include recircuiting exit signs, stairwells, exterior lights and reconfiguration of switchgear. Multiple project phasing will be required.

CBDP concurs with the DBE participation for the above recommended Bid. Please refer to the approved Form DBD-014C attached to the bid recommendation.
