

The Milwaukee County Department of Administrative Services (DAS) is requesting proposals for professional services necessary to perform work required to produce a digital database containing County-wide Planimetric polygon feature data. Polygons will be produced from previously classified linework representing specific Planimetric features of which these include paved/unpaved airfield, paved sidewalk, paved/unpaved driveway, paved/unpaved parking and paved/unpaved road shoulder. The product(s) of this effort are expected to conform to National Map Accuracy Standards (NMAS) at a scale of one-inch equals one hundred feet (1" = 100') and must be directly compatible with existing ESRI GIS software at the county. The entire RFP document can be viewed at the Milwaukee County Business Portal

(<http://county.milwaukee.gov/ConstructionBidsandR23075.htm>).

Proposals are due May 16, 2014. For further information call William Shaw at 414-278-2176.
