Project : War Memorial Art Museum HVAC Improvements

Project No.: O517-13607

Subject : REQUEST FOR PROPOSAL, (R.F.P.)

Milwaukee County Department of Administrative Services is requesting proposals for professional consulting services to complete the planning and design for the replacement of the Art Museum Kahler Addition HVAC System, which is located at 750 North Lincoln Memorial Drive in the City of Milwaukee (see attachment 1 for project location map).

BACKGROUND

The Kahler building HVAC system has exceeded its useful life by professional industry standards since the system was not replaced with the Saarinen building system replacement several years ago. It is now over 45 years old. Most importantly the HGA study reported the aging system has created humidification and water saturation problems resulting in serious indoor air quality (IAQ) issues that must be addressed. The risk to building occupants and art work will only increase over time if the system is not replaced in it's entirety.

A planned future in-fill project to enclose the Courtyard area on the second level of the Kahler building should eliminate the seasonal condensation issues related to the existing exterior wall including the glass/frame which is causing moisture damage to the wood floors and possibly creating IAQ issues. The HVAC system improvements need to be modified to support the planned reuse of the enclosed space.

A planned future East Expansion to create a buffer space between the full-height glass walls on the east side of the Kahler building will control direct sunlight into the galleries. It will also eliminate the seasonal condensation issues related to the existing exterior wall including the glass/frame which is causing moisture damage to the wood floors and possibly creating IAQ issues. The planned new space would be served by a dedicated HVAC system, specifically designed to serve the planned space functional requirements.

Review existing HVAC system for Saarinen building, rezone AHU-1 & AHU-2 and add a new AHU. Replace existing pneumatic controls with DDC and provide Building Automation upgrade for total facility.

General Project Description

An appropriation is budgeted in 2013 to begin planning and design for replacement of HVAC system at Kahler building, design of HVAC for Kahler addition and review for updating of HVAC of Saarinen building. This design will also include provision for temporary conditioning of assigned art areas thru existing HVAC system during construction. The construction is scheduled for 2014 thru October, 2015. The current approved funding is for planning and design of HVAC improvements and bidding only. Funding for construction is subject to approval of future budgets.

The consultant scope of work will be segmented into the following phases :

- Phase I – Programming, schematic design and review of HVAC design options.
- Phase II – Design development and contract document preparation.
- Phase III – Bidding services and construction oversight.

A consultant will be hired initially to complete only the programming and schematic design, along with design of temporary conditioning of assigned areas of art storage and feasibility study. Upon acceptance of the schematic plan, it is the County's intention to retain the same consultant to complete design development and construction document preparation. The County may extend the consultant agreement but the County will not be obligated to so. The County reserves the right to pursue the process of hiring a different consultant for the next phase at its discretion.

The consultant shall structure their proposal on the basis of the schedule outlined in this request for proposal. Fees and hourly rates indicated in the proposal shall be expressed in current year 2013 rates. It is recognized that the actual scope and timing may vary from the currently proposed schedule. The scopes and fees for the design development and contract document preparation phase will be reviewed and re-negotiated if necessary at the time consideration is given to adding that phase of work to the consultant's contract.

Scope of Consultant Services

The successful consultant shall provide all services as specified per the standard terms and conditions of the Milwaukee County Department of Administrative Services Consultant Agreement for Professional Services (Type A), (see Attachment 5).

The selected consultant shall have overall coordination and scheduling responsibilities for all aspects of the project development and will provide complete and comprehensive engineering/ HVAC design services, which will include verifying existing site conditions, code review for plan compliance with local, state and federal rules and regulation, adherence to sustainable design practices and identifying necessary and /or incidental issues that will mitigate problems and /or risks throughout the course of the project. Milwaukee County expects to participate in all Focus On Energy incentive programs that may apply to designs resulting from this project. The selected consultant shall be expected to advise Milwaukee County of any programs that presently apply and support the County in exploring and qualifying for these programs.

LEED Standards Analysis

Review LEED Standards with respect to all prerequisites and credits that could apply to this proposed project. Provide a description of the prerequisites and credits and indicate points that would be attainable following the LEED Green Building Rating System. This analysis shall provide:

1. Identify which rating system applies to the proposed project.
2. Identification of all prerequisites and credits that are applicable.
3. Summary of the intent of these prerequisites and credits.
4. Summary of the requirements, strategies and process necessary to comply with the prerequisites or credits.
5. Potential credit points attainable.
6. Summary of the impact this prerequisite or credit would have on the proposed project.

DISADVANTAGED BUSINESS ENTERPRISE (“DBE”) REQUIREMENTS

- 18.1 All bidders/proposers shall comply with CFR 49, Parts 23 and 26, and Chapter 42 of the Milwaukee County Code of General Ordinances, which require all bidders/proposers to show Good Faith Efforts (“GFE”) toward achieving the assigned DBE* goal on all County contracts with a DBE goal. In accordance with County policies and USDOT requirements, the contractor/consultant shall ensure that DBEs have an opportunity to participate on this contract.
- 18.2 **DBE Contract Goal:** Contractor/consultant shall utilize DBE firms to a minimum of _____% of the total contract amount, or document the good faith efforts made to meet that goal, on this contract. The DBE participation goal relative to contract award shall be based upon the approved **Commitment to Contract with DBE (DBE-14)** form. Contractors/consultants receiving additional work on the contract, e.g. change orders, addendums, etc., shall be expected to increase DBE participation proportionally.

DURING SOLICITATION PROCESS

- 18.3 The Milwaukee County Department of Community Business Development Partners (“CBDP”) will make the determination as to whether a contractor/consultant has made a good faith effort to achieve the assigned DBE participation goal by doing either of the following:
- a. Evidencing that it has met the DBE participation goal by submitting with its bid/proposal a signed and notarized **Commitment to Contract with DBE (DBE-14)** form documenting sufficient DBE participation; or
 - b. Documenting the GFE made to meet the DBE participation goal, even though it did not succeed in achieving the goal. In this case, the contractor/consultant shall submit the **Certificate of Good Faith Efforts (DBE-01)** and all relevant documentation, which will include a signed and notarized **Commitment to Contract with DBE (DBE-14)** form documenting the DBE participation achieved toward satisfying the goal, with its bid/proposal. CBBDP is prohibited, under 49 CFR, Part 26, from ignoring *bona fide* good faith efforts when making determinations on requests for waiver of the DBE goal requirement, in whole or part. Good faith effort determinations shall be made by CBBDP based upon contractor/consultant showing of good faith efforts on a contract-by-contract basis.
- 18.4 Contractor/consultant shall submit with its bid/proposal, the completed **subcontractor / subconsultant / supplier information sheet (DBE-02)** and signed and notarized **Commitment to Contract with DBE (DBE-14)** forms. In the event the contractor/consultant is not successful in meeting the DBE goal, a complete **Certificate of Good Faith Efforts (DBE-01)** and all relevant documentation shall be submitted with the bid/proposal in addition to the aforementioned forms.
- 18.5 The efforts employed by the contractor/consultant should be those that one could reasonably expect to be taken if the contractor/consultant were actively and aggressively trying to obtain DBE participation sufficient to meet the DBE contract goal. Mere pro forma efforts are not GFE to meet the DBE participation contract goal. (49 CFR, §26.53, and Appendix A to 49 CFR, Part 26, provide guidance regarding GFE).
- 18.6 In the event CBBDP determines that the contractor/consultant has failed to meet the GFE requirements, the contractor/consultant is entitled to appeal this determination. The provisions of 49 CFR, §26.53(d), apply to such an appeal. A request for administrative reconsideration must be sent within three (3) days of receiving written notice of the failure to meet the GFE requirement. The request should be sent to:

* The term “DBE” means small business concerns known as Disadvantaged Business Enterprise (DBE) firms owned at least 51% by socially and economically disadvantaged individuals, and certified by the State of Wisconsin UCP under CFR, 49 Part 26.

Milwaukee County – City Campus
CDBP, Room 830
2711 West Wells Street
Milwaukee, WI 53208

- 18.7 Listing a DBE on the **Commitment to Contract with DBE (DBE-14)** form shall constitute a written representation and commitment that the contractor/consultant has communicated and negotiated directly with the DBE firm(s) listed, and that it will use the listed firm(s). If awarded the contract, the contractor/consultant will enter into a contract agreement with the DBE firm(s) listed on the **Commitment to Contract with DBE (DBE-14)** form for the work and price set forth thereon. This agreement must be submitted to CDBP within seven (7) days from receipt of the **Notice to Proceed**.
- 18.8 Contractors/consultants should note that for the purpose of determining compliance with the DBE requirements of this contract, only DBEs certified by the State of Wisconsin Unified Certification Program (UCP) prior to the bid/proposal submission deadline will be counted towards the satisfaction of the assigned DBE goal. If a bidder/proposer wishes to utilize a DBE firm certified in another state for credit on this contract, the bidder/proposer shall include a copy of DBE certification from the home state along with its good faith efforts documentation upon submission of bid/proposal as a matter of responsiveness. If you need clarification or assistance related to certified DBE firms, contact CDBP at (414) 278-4747.
- 18.9 When evaluating a contractor/consultant's proposed DBE commitment, Milwaukee County reserves the right to request any documentation from both the contractor/consultant and any listed DBE firms. If the information requested is not submitted by the contractor/consultant within the time specified for such submission, Milwaukee County may determine the contractor/consultant to be non-responsive and thereby remove them from further consideration for contract award.

FOLLOWING CONTRACT AWARD

- 18.10 The contractor/consultant shall prepare and submit accurate and timely forms and reports on DBE utilization after contract award. These shall include, but not be limited to **DBE Utilization Report (DBE-16)** forms, and other forms as directed. Failure to submit forms and reports with requests for payment will result in denial of payment, or other sanctions deemed appropriate by the County, including those listed under Section 18.11, below.
- 18.11 When evaluating the performance of this contract after execution, Milwaukee County reserves the right to conduct compliance reviews and request, both from the contractor/consultant and the DBE firm(s), documentation necessary to verify actual level of DBE participation. If the contractor/consultant is not in compliance with these specifications, CDBP will notify the contractor/consultant in writing of the corrective action that will bring the contractor/consultant into compliance. If the contractor/consultant fails or refuses to take corrective action as directed, Milwaukee County may take one or more of the actions listed below:
- a. Terminate or cancel the contract, in whole or in part;
 - b. Remove the contractor/consultant from the list of qualified contractors/consultants and refuse to accept future bids/proposals for a period not to exceed three (3) years;
 - c. Impose other appropriate sanctions, including withholding any retainage or other contract payments due which are sufficient to cover the unmet portion of the DBE contract commitment, where the failure to meet the DBE contract commitment is the result of a finding by CDBP of less than adequate good faith efforts on the part of the contractor/consultant; and/or
 - d. If the contractor/consultant has completed its contract, and the DBE contract commitment was not met due to an absence of good faith on the part of the contractor/consultant as determined under 49 CFR, Part 26, the parties agree that the proper measure of damages for such non-compliance shall be the dollar amount of the unmet portion of the DBE contract commitment. The County may in such case retain any unpaid contract amounts and retainage otherwise due the contractor/consultant, up to the amount of the unmet DBE contract commitment. If insufficient funds remain in the contract account to compensate the County up to that amount,

Milwaukee County may bring suit to recover damages up to the amount of the unmet commitment, including interest at the rate of 12% annually, plus the County's costs, expenses and actual attorney's fees incurred in the collection action.

- 18.12 Contractor/consultant shall be credited for expenditures to DBE firms toward the requirements, if the entire identified scope of work has a commercially useful function in the actual work of the contract and is performed directly by the listed DBE firm. CBDP, through the application of 49 CFR, §26.55(c), will be responsible for the determination and evaluation of whether or not the firm is performing a commercially useful function on this project.
- 18.13 Contractor/consultant is required to notify CBDP if its DBE contractor(s) will further subcontract out work on this project. Work will be credited based on actual participation by DBE firms.
- 18.14 Contractor/consultant must maintain DBE participation and performance logs. If the DBE firm(s) cannot perform, or if the contractor/consultant has a problem in meeting the DBE goal, or any other problem relative to the DBE goal requirement, the contractor/consultant shall immediately contact CBDP at (414) 278-5248. If needed, contractor/consultant must submit a written request for substitution, including the reason for the request and the log, to its DBE contractor and forward a copy to CBDP. Approval must be obtained from CBDP prior to making substitutions. Any difference in the cost occasioned by such substitution shall be borne by the contractor/consultant.
- 18.15 **Requests for Payment:** A *DBE Utilization Report (DBE-16)* form shall be submitted with each payment request by the contractor/consultant after contract award. This report must cover the period covered by the request for payment being submitted. This report must be submitted even if no DBE activity took place during the period being reported. The County Project Manager/Administrator will reject requests for payment that are not in compliance with this section.
- 18.16 **Final Payment Verification:** The contractor/consultant shall submit the *Contract Close-Out DBE Payment Certification (DBE-18)* and the final *DBE Utilization Report (DBE-16)* along with its final request for payment. The County Project Manager/Administrator will not process the final request for payment if these required reports are not included.
- 18.17 Milwaukee County reserves the right to waive any of these specifications when it is in the best interest of the County and with the concurrence of CBDP.

GUIDELINES FOR REIMBURSABLE EXPENSES

GENERAL.

Milwaukee County reimburses consultants under contract for expenses in connection with authorized out-of-town travel; long distance communications; fees paid to approving authorities; reproductions which are products of service; requested renderings, presentation models and mockups; and the expenses of requested additional insurance coverage. There may be other qualifying reimbursable expense items if the project or circumstances are unique and terms concerning them are contained in an approved and signed contract. These guidelines are intended to clarify the County's general policies concerning payments for reimbursable items.

DEFINITION.

Reimbursable expenses are out-of-pocket expenses incurred by the consultant and consultant's employees in direct support of the project. Over and above compensation for Basic and Additional Services, they are unique and non-recurring costs. By their nature, the cost is not predictable in advance of occurrence. Approved reimbursable expenses are billed at the same cost paid by the consultant and are not subject to retainage provisions found in Milwaukee County service agreements.

DOCUMENTATION.

Most reimbursables can be documented by presenting a copy of the original sales slip or invoice clearly highlighted, dated, and labeled with the appropriate job number/name and person incurring the expense. When the original charge has been recorded on an employee expense log, an in-house printing or copy log, or on a phone bill printout, for examples, a copy of the appropriate log or journal can be submitted as long as the costs are clearly highlighted, dated and labeled. All documentation must be attached to a cover sheet which itemizes and sub-totals the charges, by type. The documentation and cover sheet is attached to the consultant's monthly invoice.

REIMBURSABLES BUDGET ALLOWANCE.

All agreements shall establish a pre-approved budget allowance for the total out-of-pocket reimbursable expenses of consultant's. Changes to the approved allowance total require a written amendment to the consultant's contract. As part of final contract negotiations, the consultant shall prepare an itemized budget estimate for reimbursables for review and approval by the County. Special care should be taken to differentiate those out-of-pocket expenses that will be initially borne by the consultant and those that will be paid directly by the County (under a separate County Services line item in the project budget).

AUTHORIZED OUT-OF-TOWN TRAVEL.

Reimbursable travel expenses can accrue for both travel to and from Milwaukee for work in connection with a project if that travel involves a distance greater than a 100 mile radius from Milwaukee **or if the consultant's working office is more than 100 miles from Milwaukee.** Milwaukee County will reimburse consultant's for reasonable expenses incurred for such transportation, subsistence and lodging. Mutual agreement about what constitutes an authorized travel expense begins at the time of contract negotiations when the budget for these items is established and continues as the project proceeds. Milwaukee County policy is to pay for essential, not luxury, services.

Whenever possible, air travel dates should be planned in advance to take advantage of the lowest coach fares available on connecting airlines; Milwaukee County does not pay for first-class or business-class travel.

Daily rental car rates are rarely competitive with airport van or taxi fares to and from the airport, hotel and project meeting sites. Consultants should confer with Milwaukee County's project manager regarding the most reasonable and cost-effective means for transportation while in Milwaukee.

If traveling by personal car, the total mileage may be charged at the prevailing cost per mile rate allowed by the Internal Revenue Service. Highway tolls and parking fees for out-of town consultants are also reimbursable, if properly documented and if the consultant's office is more than 100 miles from Milwaukee.

Meals reimbursement qualifies if the consultant's employees are required to eat in restaurants in connection with an out-of-town (100 mile radius) visit/trip directly in service of the project. The consultant's choice of restaurants should be modest in every circumstance. Milwaukee County does not pay for meals taken in first-class restaurants, for cocktails, or for entertaining guests or in-town project team members. Milwaukee County discourages the scheduling of a business meeting over a meal period, thus avoiding the question of which meals might be authorized for reimbursement. Check with Milwaukee County's project manager if you are uncertain about which kind of meal expenditure might be disallowed.

Lodging costs at medium-priced accommodations will be approved. Deluxe accommodations and charges involving personal services of any kind will be disallowed.

LONG DISTANCE COMMUNICATIONS.

Milwaukee County will reimburse the consultant for properly documented long distance telephone tolls made for project business.

FEEES PAID TO APPROVING AUTHORITIES.

Milwaukee County will reimburse the cost of fees paid for securing the approval of authorities having jurisdiction over the project. Consultants should plan for this expense in advance, because cutting County checks to coincide with dates of submittal cannot usually be done. The County will accept, however, an out-of-sequence invoice covering an unusually high plan exam fee in order to minimize the inconvenience to the consultant.

REPRODUCTIONS AND REPROGRAPHICS.

The cost of drawings, specifications, reports, exhibits and other documents which are products of service are reimbursed with proper documentation. Charges for postage, handling and shipping of reproductions are considered overhead expenses and are not reimbursed. Bid sets, which are often the most expensive segment of the out-of-pocket expense paid by the consultant, are sometimes contracted for by the County on larger jobs that could benefit from competitive bidding for that service. Consult with the County project manager if the furnishing of bid sets is not specifically excluded from consultant's reimbursable allowance budget.

ADDITIONAL INSURANCE.

When additional insurance coverage or limits, over and above that normally carried by a consultant is specifically requested by the County, the County will reimburse that additional premium cost. Specific documentation will be requested by the County project manager if this expense qualifies as reimbursable.

COMMUNITY BUSINESS DEVELOPMENT PARTNERS (CBDP) OFFICE
COMMITMENT TO SUBCONTRACT TO *DBE* FIRMS FORM
ADDITIONAL INSTRUCTIONS/REQUIREMENTS

INSTRUCTIONS:

1. In accordance with the new DBE Regulations, 49 CFR 26, Milwaukee County is tracking Assigned (Race Conscious) Goals for DBEs and Voluntary Utilization (Race Neutral) of DBE firms. Information reported on this form will be used to periodically adjust Race Conscious and Race Neutral components of Milwaukee County's overall DBE goal.
2. For each DBE firm listed on this form, place an "X" in the appropriate column to indicate whether it will be used to meet Assigned [(A) Race Conscious Goal] and/or Voluntary [(V) Race Neutral Goal]. Any achievement above assigned goals should be reported as voluntary goal achievement. If you indicate that a DBE firm will be used to meet both Assigned (Race Conscious) and Voluntary (Race Neutral) goals, indicate the dollar amount attributable to assigned goals. DBE use to meet assigned goals is enforceable. It is important to report the use of DBEs on a voluntary basis since they count toward meeting the overall annual DBE goal. Failure to meet voluntary goals could result in an increase of assigned (Race Conscious) goals for future bids. Our objective is to capture all DBE achievement you generate.
3. If you have questions about filling out this form, please contact the CBDP Office at (414) 278-5210

ADDITIONAL INFORMATION/REQUIREMENTS:

1. ALLOWANCES (Construction Related). During the course of this project you will be using portions of the Allowance, which was initially deducted from your contract when you figured out your DBE requirement. As the allowance is used on the project, it is to be added back into the total contract price. An exception would be if the allowance being used is such that the DBE(s) cannot handle any portion of the work, the total contract amount will remain the same. In this case, it is necessary for the prime contractor to contact CBDP office immediately by phone and provide the dollar amount involved and the reasoning for DBEs not being utilized. In addition, a follow-up letter documenting the information is required.
2. CHANGE ORDERS. Any prime contractor receiving additional work on the contract in the form of change orders, etc., will be expected and required to increase the amount of DBE participation proportionally. Any time you receive additional work of any type, the prime contractor is required to contact the CBDP office immediately.
3. WRITTEN CONTRACTS WITH DBEs. In order to avoid problems at a later date, CBDP Office requires that prime contractors enter into a contract (please send a copy to CBDP) with the DBE subcontractor(s), spelling out specifically the work to be accomplished and for the dollar amount specified in this form. Also included in the contract will be the method of retainage, which is to be based on the same percentage that will be retained by the County from the prime contractor's contract. When the County reduces the amount of retainage, a like reduction should be retained from the payment to the DBE. *By executing the above affidavit, your company is certifying, under oath, that you have had contact with the named DBE firm(s), that the DBE firm(s) will be hired, and that the DBE firm(s) will participate to the extent indicated in performance of the contract.* **Violation of the terms of the Affidavit will be grounds for termination of your contract.**
4. DBE UTILIZATION REPORTS. A DBE Utilization Report must be submitted with each payment application for the previous period's activity, even if no activity took place during the period being reported. CBDP may request that payments be withheld to the prime contractor who is not in compliance.
5. SUBSTITUTIONS, DBEs SUBCONTRACTING THE WORK, TRUCKING FIRMS. The prime contractor must submit a written request for substitution, specifying the reason for the request. Approval must be obtained prior to making substitutions. Requirement to notify and obtain approval from the CBDP Division if DBE subcontractors will further subcontract out work on this project. In the case of DBE trucking firms, credit will be given for trucks leased from other DBE firms; however, if the DBE leases trucks from non-DBE firms, only the fee or commission will be counted for DBE crediting.
6. PAYMENT APPLICATIONS. DBE Utilization Reports (DBD-016PS form) must be submitted with each and every Payment Application including invoices. These reports must cover the period from the start of the project to the end of each period covered by payment applications being submitted, until the end of the contract when the last payment application is submitted. The department contract administrator will reject payment applications that are not in compliance with this section.

Requirements According To Agreement Size

Schedule and control services using Sure Trak or Microsoft Project software are required for this project to the degree listed below:

- A. For consultant services agreements with fees up to \$50,000, FACILITIES MANAGEMENT DIVISION staff will enter schedule and control information on FACILITIES MANAGEMENT DIVISION's contract management information system. Prime Consultant shall provide scheduling information requested by FACILITIES MANAGEMENT DIVISION according to the needs of the project.
- B. For consultant agreements with a fee range from \$50,000 to \$500,000, Prime Consultant shall use Microsoft Project and provide scheduling information determined necessary by FACILITIES MANAGEMENT DIVISION according to the needs of the project. Milwaukee County will use Primavera Contract Manager for contract cost control.

Milwaukee County will furnish an activity coding format to facilitate reports and graphics used in project management activities. The Prime Consultant shall submit the completed schedule for review and approval (cd disc format or electronic mail) by FACILITIES MANAGEMENT DIVISION's project manager. The review will confirm the following: that the schedule is complete and reflects a realistic work plan; that the total schedule costs equal the contract values; that there is a defined, justifiable critical path with design activity durations subdivided into periods less than 20 working days or \$10,000 value; that responsible parties are assigned; and that all the key project milestone dates are recorded. Milwaukee County approval of the Baseline Schedule is required before any pay request from the Prime Consultant can be processed.

The consultant is responsible for information required to develop the schedule. Content includes work operations, sequencing, activity breakdown and time estimates. Milwaukee County may require additional schedules or reports to verify timely completion of scheduled activities and project milestones.

On a monthly basis, the consultant shall review the schedule and report on actual performance, i.e., the actual start and finish dates and durations, work performed since the last update, description of problem areas, delaying factors and their impacts, and corrective actions taken. The Prime Consultant shall also update the current schedule, identifying changes in network logic, work sequences and durations needed to meet contract requirements, and contract time adjustments, when authorized by Milwaukee County. Each schedule update will be submitted to the County project manager for approval on 3.5" discs or through electronic mail, concurrent with submittal of consultant's monthly invoice for professional services. Pay applications will not be processed if updated schedule with all information required is not submitted. Copies of approved schedule updates shall be distributed to other members of project teams with instructions to recipients to promptly report discrepancies and problems anticipated by projections shown in the schedule.
