Strategic Implementation:

The Milwaukee County Medical Examiner’s Office strives to meet and exceed the public’s expectations with respect to accurate, timely, comprehensive, and compassionate death investigations and ensure full and effective cooperation with law enforcement, District Attorney, and other interested parties while maintaining the role of impartial participant in the criminal justice process.

The 2016 Budget provides 29.5 FTE to continue providing services. 2.0 FTEs are added to better manage staff for overnight shifts and provide additional capacity for completing revenue-generating referral work. The additional positions do not have a tax levy impact since the related costs are offset by additional revenue.

In an effort to reduce the number of crosscharges, the 2016 Budget removes fringe benefit charges from departments that are primarily financed through the tax levy. The fringe benefit tax levy for these departments will remain in Org. Unit-1950-Fringe Benefits. It is the policy of Milwaukee County to reduce the number of crosscharges to: 1) simplify the budgeting process, 2) still retain outside revenues wherever possible, and 3) provide accurate information on the cost to provide programs and services.
