WALKER TO HOST BUDGET WORKSHOPS

MILWAUKEE – County Executive Scott Walker will host a series of interactive workshops for community input on the 2008 budget. Each session will begin with an overview of the budget process and the requests of county departments. Attendees will then break into small groups to discuss ideas, areas of concern, and experience the tough choices that need to be made. Copies of requested budget items will be provided and facilitators are available to help assist with questions.

The sessions will conclude with summaries from the groups reporting priorities and recommendations. “This format has worked successfully for the last three years and I look forward to the public’s input in the budget process,” said Walker.
