## **Sold: County Exec. Chris Abele Makes Good on Pledge to Sell His County Vehicle**

**MILWAUKEE** - County Executive Chris Abele announced that the County Executive's car, placed in auction Saturday, has sold.

The car, a 2006 Chevrolet Impala used by the prior elected County Executive had approximately 24,000 miles and sold for the reserve price of \$11,500.

All together, the auction generated about \$336,000 in revenue for County operations.

"Selling the County Executive's car won't fix our budget problems by itself, but shows that I will hold myself to the same standard as other departments and ask us all to be part of the solution and suggest changes to tackle our budget challenges," said Abele.

Abele pledged during the campaign to cut the vehicle as a way to reduce perks and expenses.
