Event: Wisconsin Operation Immersion 3.0

Where: Fort McCoy

(There is no cost to participate in WOI, other than travel to Fort McCoy.)

Wisconsin Operation Immersion 2.0 is a three day event designed to help reduce the stigma of mental health and substance abuse issues within Military populations. The goal is to immerse providers and those involved in community-based programs into a simulated Military culture in order to provide a better understanding of life lived in the Military and enable a more effective approach to treatment and resource management.
