Greater Milwaukee
& Waukesha County

**Wisconsin
Partnership Program**

UNIVERSITY OF WISCONSIN
SCHOOL OF MEDICINE AND PUBLIC HEALTH

Milwaukee LIHF Collaborative

Milwaukee Lifecourse Initiative for Healthy Families (MKE LIHF) Collaborative is working to improve community conditions that contribute to healthy birth outcomes.

MKE LIHF Collaborative is a sustainable collaborative that contributes to the **elimination of racial disparities in birth outcomes**.

- The collaborative will focus on three main objectives:
 - *Expanding health care access over the lifecourse*
 - *Strengthening Fatherhood Involvement*
 - *Reducing Poverty (Addressing Social Determinants of Health)*
- *Alcohol and other drug Abuse (AODA), Mental Health and Interpersonal Violence increase the risk of miscarriage, stillbirth, low birth weight and negatively impact fetal and infant development. (2013 City of Milwaukee FIMR Report, 2013)*

Milwaukee LHF Collaborative

Partnering for Solutions

Policy Makers

How should federal, state and local governments, and corporate entities help public health, providers and agencies to reduce disparity and increase infant survival?

Community Agencies

How can social service providers and other community agencies address the social determinants of healthy birth outcomes?

Health Plans Clinics/Provider Groups Private Practices

How can healthcare providers and health insurers apply Standards of Care and the concepts of Social Justice to reduce disparity and increase infant survival?

Individuals

What actions can individuals and families take to reduce disparity and increase infant survival?

Partnering for Solutions

Milwaukee Businesses and Community Groups

How can the community be informed? How can the community act to reduce disparity and increase infant survival?
