Amendment to Program DCSD 012, Detention Psychiatric Nursing Services

DHHS and the Community Business Development Partners (CBDP) have established the following goal for the DCSD 012 Detention Psychiatric Nursing Services contract: 0% Disadvantaged Business Enterprise (DBE), 17% Small Business Enterprise (SBE).

Agencies wishing to sub-contract with an SBE shall follow the instructions and complete the forms as specified for agencies wishing to sub-contract with a DBE. In this case, agencies shall specify on the forms that the sub-contractor is an SBE rather than a DBE. Certified SBE firms that wish to submit a proposal to be the prime DCSD 012 Detention Psychiatric Nursing Services contractor do not need to complete the DBE forms, rather they must submit a copy of their SBE certification with the proposal.
