

Milwaukee County

2013 CAPER

2013 Program Year CAPER

The CPMP Consolidated Annual Performance and Evaluation Report includes Narrative Responses to CAPER questions that CDBG, HOME, HOPWA, and ESG grantees must respond to each year in order to be compliant with the Consolidated Planning Regulations. The Executive Summary narratives are optional.

The grantee must submit an updated Financial Summary Report (PR26).

GENERAL

Executive Summary

This module is optional but encouraged. If you choose to complete it, provide a brief overview that includes major initiatives and highlights that were proposed and executed throughout the Program Year.

Program Year 4 CAPER Executive Summary response:

In 2013, Milwaukee County worked diligently to fix issues from the past and implemented policies and procedures to ensure compliance with HUD regulations. Due to sequestration and delays in funding, Milwaukee County got a late start on 2013 sub-recipient agreements and projects. This report will reflect clean-up from previous years funding and not much 2013 funding year activity. Staff is committed to analyzing internal systems and improving policy to achieve greater efficiency and compliance.

General Questions

- 1. Assessment of the one-year goals and objectives:**
 - a. Describe the accomplishments in attaining the goals and objectives for the reporting period.**

Program Year 4 CAPER General Question 1a response:

Milwaukee County expended and drew for \$1,255,103.90 in 2013, reflecting activity from mostly 2012 serving 66,351 persons directly and 438,026 persons in low-to-moderate income areas, 355 housing units, and 26 businesses.

- b. Provide a breakdown of the CPD formula grant funds spent on grant activities for each goal and objective.**

Program Year 4 CAPER General Question 1b response:

See attached PR 26 and PR 23.

- c. If applicable, explain why progress was not made towards meeting the goals and objectives.**

Program Year 4 CAPER General Question 1c response:

With not receiving funding until September, sub-recipient contracts were delayed and many of the 2013 funding year accomplishments will be reflected in early 2014.

2. Describe the manner in which the recipient would change its program as a result of its experiences.

Program Year 4 CAPER General Question 2 response:

Milwaukee County staff continues to work with HUD, local communities, and sub-recipients to make program process improvements.

3. Affirmatively Furthering Fair Housing:

a. Provide a summary of impediments to fair housing choice.

Program Year 4 CAPER General Question 3a response:

In 2008, Milwaukee County contracted with the Metropolitan Milwaukee Fair Housing Council (MMFHC) to update the *Analysis of Fair Housing in Milwaukee County* in accordance with Sections 104(b)(2) and 106(d)(5) as amended by the Housing and Community Development Act of 1974. The report indicated the following impediments to fair housing exist:

No.	IMPEDIMENTS TO HOUSING
1	Inadequate Fair Housing Ordinances
2	Absence of a Commitment to Enforce the Requirement to Affirmatively Further Fair Housing by Milwaukee County's Community Development Block Grant Program
3	Lack of Housing Units Accessible to Persons with Disabilities
4	Inadequate Affordable Housing Supply
5	Inadequacies within the Milwaukee County Rent Assistance Programs
6	Milwaukee County Lacks Monitoring of Mortgage Lenders and the Community Reinvestment Act (CRA)
7	Zoning as an Impediment: Group Homes, Community Based Residential Facilities, and Community Living Arrangements
8	Illegal Actions of Milwaukee County Municipalities: Fair Housing Litigation
9	Inadequacies of the Milwaukee County Transit System
10	Lack of Section 8 Housing Choice Voucher Availability
11	No Regional Strategic Plan for Housing
12	Constant Attack on the Community Reinvestment Act (CRA) by Banking Regulators
13	Wisconsin's Smart Growth/Comprehensive Planning Law: No Enforcement Mechanism

14	Lack of Resources/Incentives for Developers to Build for the Lowest Income Households
15	Wisconsin Housing and Economic Development Authority (WHEDA): LIHTC Allocation Scoring and Qualified Census Tract Limit Housing Opportunities
16	Suburban Policies
17	Housing Incentives – Lack of incentives for developers
18	Mortgage Lending – Discrimination in the Lending Market
19	Homeowners Insurance – Discrimination in the Homeowners Insurance Market
20	Discrimination in the Housing Sales and Rental Markets -

**Analysis of Impediments to Fair Housing in Milwaukee County full report is available upon request.*

b. Identify actions taken to overcome effects of impediments identified.

Program Year 4 CAPER General Question 3b response:

Impediment 1. Inadequate Fair Housing Ordinances.

- Several suburban communities updated their fair housing ordinances.

Impediment 2. Absence of a Commitment to Affirmatively Further Fair Housing.

- At a mandatory application training Affirmatively furthering fair housing was discussed.
- During monitoring visits the discussion continued

Impediment 3. Lack of Housing Units Accessible to Person with Disabilities.

- Milwaukee County Home Repair provided construction management services to families with children with disabilities for removal of architectural barriers using Medicaid funding.
- Milwaukee County continues to offer grants to persons with disabilities for the removal of architectural barriers using CDBG. In 2013 six households were served and one project is in progress.

Impediment 4. Inadequate Affordable Housing Supply

- In 2013, 170 low-income housing tax credit (LIHTC) units were completed that had HOME assistance in 22 of those units (Berkshire & Cedar Glen), increasing the supply of affordable housing. There were 164 LIHTC units under construction with 114 being HOME assisted (Beloit Road & Bradley Crossing).
- The Section 8 rent assistance program brought on 102 additional project-based voucher units to serve persons with disabilities and special needs.
- The Milwaukee County board approved numerous other projects for HOME assistance in Brown Deer and St. Francis in hopes of attracting more LIHTC units.

Impediment 5. Inadequacies within the Milwaukee County Rent Assistance Programs.

- In July of 2012, the Milwaukee County Board adopted a new Administrative Plan to replace the antiquated 1999 plan. The new Administrative Plan has allowed for a revamping of the program making it compliant with regulations, reducing the per unit subsidy to serve more households.
- HOME was used to provide security deposit grants to allow tenants to move to the suburbs.

Impediment 11. No Regional Strategic Plan for Housing

- Southeast Wisconsin Regional Planning Commission released and adopted a regional strategic plan.

4. Describe Other Actions in Strategic Plan or Action Plan taken to address obstacles to meeting underserved needs.

Program Year 4 CAPER General Question 4 response:

During the 2013 CDBG Program year, Milwaukee County has taken the following actions to address obstacles to meeting underserved needs in addition to those stated above:

- Funded Legal Aid Society to work on the foreclosed and abandoned housing issues to help strengthen neighborhood vitality for LMI persons living Milwaukee County.
- Funded the Milwaukee County Housing Division to help with Emergency Home repairs and make sure low-income owners have working basic systems such as plumbing and heating.
- Funded the Wisconsin Women's Business Initiative Corporation to assist business development and job creation for LMI persons living in the County.
- Funded Rebuilding Together of Greater Milwaukee to assist the elderly and disabled with small housing repairs.

5. Leveraging Resources

a. Identify progress in obtaining "other" public and private resources to address needs.

Program Year 4 CAPER General Question 5a response:

Milwaukee County Housing Division administers the following programs/services:

- Section 8 Housing Voucher Choice Program that provides eligible families and individuals the opportunity to rent housing of their choice on the private market. The demand for the program continues to outstrip the resources resulting in the Housing Division closing the waitlist for this program.
- The Home Repair program offers low or zero interest loans to income qualified homeowners to make repairs, correct code violations, make modifications for accessibility, and eliminate lead paint hazards using a revolving loan fund of local funds.
- Construction management for architectural barrier removal using Medicaid funding for families with children with disabilities.

- Local communities have contributed Tax Incremental Financing funds (local) to rental development projects receiving LIHTC financing and HOME funds.

b. How Federal resources from HUD leveraged other public and private resources.

Program Year 4 CAPER General Question 5b response:

HOME-assisted development activities have received local assistance from TIF funds and have also received LIHTC financing, private grants, and other private financing. The majority of municipal CDBG sub-recipients also expend local dollars on public service and other projects.

c. How matching requirements were satisfied.

Program Year 4 CAPER General Question 5c response:

See attached match report. Local communities were active in providing TIF funds for HOME match, far exceeding the 25% requirement over the past years. JFS Housing has also been successful in obtaining private grants to assist in housing developments focused on special needs populations.

Managing the Process

1. Describe actions taken during the last year to ensure compliance with program and comprehensive planning requirements.

Program Year 4 CAPER Managing the Process Question 1 response:

Milwaukee County is committed to ensuring that sub-recipients comply with all regulations governing their administrative, financial and programmatic operations, as well as achieve their performance objectives on schedule and within budget. All 2012 CDBG sub-recipients were monitored in 2013.

Staff has and continues to establish better working relationships with our 18 municipal partners. Better communication will lead to be better project applications, better compliance, and timeliness in expenditures.

Citizen Participation

1. Provide a summary of citizen comments.

Program Year 4 CAPER Citizen Participation Question 1 response:

No comments have been provided.

2. In addition, the performance report provided to citizens must identify the Federal funds made available for furthering the objectives of the Consolidated Plan. For each formula grant program, the grantee shall identify the total amount of funds available (including estimated

program income), the total amount of funds committed during the reporting period, the total amount expended during the reporting period, and the geographic distribution and location of expenditures. Jurisdictions are encouraged to include maps in describing the geographic distribution and location of investment (including areas of minority concentration). The geographic distribution and expenditure requirement may also be satisfied by specifying the census tracts where expenditures were concentrated.

*Please note that Citizen Comments and Responses may be included as additional files within the CPMP Tool.

Program Year 4 CAPER Citizen Participation Question 2 response:

Institutional Structure

1. Describe actions taken during the last year to overcome gaps in institutional structures and enhance coordination.

Program Year 4 CAPER Institutional Structure Question 1 Response:

In 2013, Milwaukee County took significant steps to develop institutional structure including the following:

- HOME rental development projects approved by the Milwaukee County board received a third-party subsidy layering analysis to comply with the new HOME rule.
- The HOME and CDBG program manager position have been combined into one manager position held by a staff person with experience in both programs. This will enhance efficiency and coordination of the two programs.
- Milwaukee County Corporation Counsel updated sub-recipient agreements and has taken a more active role in the HOME and CDBG program.

Monitoring

1. Describe how and the frequency with which you monitored your activities.

Program Year 4 CAPER Monitoring Question 1 response:

Milwaukee County has monitored all sub-recipients. Staff utilized HUD published checklists to conduct monitoring. The results of this effort will be utilized to formulate a risk analysis and long-term monitoring plan.

2. Describe the results of your monitoring including any improvements.

Program Year 4 CAPER Monitoring Question 2 response:

Two sub-recipients had significant findings and staff is working with those agencies. The majority of sub-recipients did a great job and took the regulations seriously. Staff will continue to require training for applicants.

3. Self Evaluation

- a. Describe the effect programs have in solving neighborhood and community problems.
- b. Describe progress in meeting priority needs and specific objectives and help make community's vision of the future a reality.
- c. Describe how you provided decent housing and a suitable living environment and expanded economic opportunity principally for low and moderate-income persons.
- d. Indicate any activities falling behind schedule.
- e. Describe how activities and strategies made an impact on identified needs.
- f. Identify indicators that would best describe the results.
- g. Identify barriers that had a negative impact on fulfilling the strategies and overall vision.
- h. Identify whether major goals are on target and discuss reasons for those that are not on target.
- i. Identify any adjustments or improvements to strategies and activities that might meet your needs more effectively.

Program Year 4 CAPER Monitoring Question 3a responses:

Several programs address neighborhood and community issues. Foreclosures have had a great impact on neighborhoods and communities. Funding Legal Aid Society foreclosure mediation assists communities hit hard by the foreclosure crisis. Mediation avoids the neighborhood decay vacant properties cause. On the flip side, the foreclosure crisis has allowed low-income household to purchase homes inexpensively from banks. Once in the home, Milwaukee County Home Repair can assist in bring the home up to code through HOME or assisting with other needs through CDBG.

Program Year 4 CAPER Monitoring Question 3b responses:

Milwaukee County had several projects that continue support community recreational, senior, and disabled needs. It is a priority of Milwaukee County to integrate seniors and persons with disabilities allowing them to live with dignity in

home and community settings rather than in institutional settings. Expenditures in 2013 included numerous and ADA enhancements to public space.

Program Year 4 CAPER Monitoring Question 3c responses:

Milwaukee County Housing Division is dedicated to expanding the stock of decent, safe rental units for low-income household and assisting low-income owners in making home repairs.

Program Year 4 CAPER Monitoring Question 3d responses:

Due to getting the FY 2013 late, all projects are behind. Sub-recipients have been very responsive in getting caught up and many reimbursements were made in the first quarter of 2014 for FY 2013.

Program Year 4 CAPER Monitoring Question 3e responses:

With the completion and construction/rehabilitation of so many rental units in 2013 in using HOME, Section 8 Project-based Vouchers, LIHTC, and CDBG support, Milwaukee County has made a positive leap in addressing housing needs.

Program Year 4 CAPER Monitoring Question 3f responses:

A great indicator that resources put into addressing rental housing needs is appropriate is the fast rate at which units were filled and waiting lists these projects now have. Bradley Crossing has announced a waiting list of 112 households and Deerwood already has a waiting list of 140 households.

Program Year 4 CAPER Monitoring Question 3g responses:

One of the major barriers that had a negative impact on fulfilling the strategic and overall vision has been that a great deal of County staff time and sub-recipient staff time has been spent correcting mistakes of the past, taking away from moving forward in a compliant and positive direction.

Program Year 4 CAPER Monitoring Question 3h responses:

Despite delays in FY 2013, Milwaukee County has made strides in meeting major goals. In FY 2014, Milwaukee County is optimistic that greater stride will be made.

Lead-based Paint

- 1. Describe actions taken during the last year to evaluate and reduce lead-based paint hazards.**

Program Year 4 CAPER Lead-Based Paint Question 1 response:

Milwaukee County works to reduce lead-based paint hazards through making sure housing is lead-safe. Milwaukee County requires, via agreements with sub-recipients, compliance with the Lead-Based Paint requirements set forth in 24 CFR Part 35. This includes meeting the requirements for notification, identification and

stabilization of deteriorated paint, identification and control of lead-based paint hazards, and identification and abatement of lead-based paint hazards.

Given the urgency to address the lead-abatement issue and the dire consequence for not doing so in an aggressive and timely manner to low/moderate income population in its jurisdiction, Milwaukee County is committed to the following actions and activities to address the need to reduce lead-based paint hazards in its rehabilitation and homeownership programs.

Rehabilitation Programs:

Milwaukee County continues to ensure that:

- Applicants for rehabilitation funding received the required lead-based paint information and understand their responsibilities.
- The level of Federal rehabilitation assistance is properly calculated and the applicable lead-based paint requirements are determined.
- Properly qualified personnel perform lead risk assessments and clearance services when required.
- Required lead hazard reduction work and protective measures are incorporated into project rehabilitation specifications. Work is performed by contractors licensed in Lead-Safe Renovation and Lead Abatement.
- Program documents establish the rental property owner's responsibility to perform and document ongoing lead-based paint maintenance activities, when applicable.
- Milwaukee County also complies with Wisconsin Administrative Code HFS 163 and works with the State of Wisconsin to ensure contractor compliance.

HOUSING

Housing Needs

*Please also refer to the Housing Needs Table in the Needs.xls workbook.

1. Describe Actions taken during the last year to foster and maintain affordable housing.

Program Year 4 CAPER Housing Needs Question 1 response:

In 2013, 164 low-income housing tax credit (LIHTC) units were completed that had HOME assistance in 22 of those units (Beloit Road to Bradley Crossing), increasing the supply of affordable housing.

Additionally, the Section 8 rent assistance program brought on 30 additional project-based voucher units to serve persons with disabilities and special needs.

Specific Housing Objectives

1. Evaluate progress in meeting specific objective of providing affordable housing, including the number of extremely low-income, low-income,

and moderate-income renter and owner households comparing actual accomplishments with proposed goals during the reporting period.

Program Year 4 CAPER Specific Housing Objectives Question 1 response:

In looking at the IDIS PR 23 for HOME found in the appendix, Milwaukee County has stayed on track in meeting affordable housing goals. There were 37 rental units completed, 15 homeowners assisted, and 6 first time buyers assisted. A total of 51 of the 58 household assisted were below 60% of county median income.

2. Evaluate progress in providing affordable housing that meets the Section 215 definition of affordable housing for rental and owner households comparing actual accomplishments with proposed goals during the reporting period.

Program Year 4 CAPER Specific Housing Objectives Question 2 response:

In addition to above, Milwaukee County has several rental projects in the works to increase the supply of affordable rental housing. Milwaukee County Home Repair continues to market the Home Repair program to increase production on the owner side as well.

3. Describe efforts to address "worst-case" housing needs and housing needs of persons with disabilities.

Program Year 4 CAPER Specific Housing Objectives Question 3 response:

- Milwaukee County through the use of 30 Section 8 project-based vouchers, HOME funding of rental units, and \$30,000 in CDBG public services assisted in the development of 60 rental units in Brown Deer for persons with disabilities. Partners including a CHDO, Movin' Out, Inc., Jewish Family Services, Village of Brown Deer, General Capital Group, and many others.
- Milwaukee County Home Repair provided construction management services to families with children with disabilities for removal of architectural barriers using Medicaid funding.
- Milwaukee County continues to offer grants to persons with disabilities for the removal of architectural barriers using CDBG. In 2013 six households were served and one project is in progress.

Public Housing Strategy

1. Describe actions taken during the last year to improve public housing and resident initiatives.

Program Year 4 CAPER Public Housing Strategy Question 1 response:

Milwaukee County does not own or manage Public Housing units.

Barriers to Affordable Housing

1. Describe actions taken during the last year to eliminate barriers to affordable housing.

Program Year 4 CAPER Barriers to Affordable Housing Question 1 response:

The 2010-2014 Consolidated Plan identified barriers to affordable housing as: housing costs rising at a rate disproportionate to family incomes, lack of affordable rental housing units, cost of infill development, and the zoning and permitting process.

Actions to eliminate barriers to affordable housing in 2013 included the following:

- In 2013, 114 low-income housing tax credit (LIHTC) units were completed that had HOME assistance in 22 of those units (Beloit Road and Bradley Crossing), increasing the supply of affordable housing.
- Continuation of the foreclosure mediation program as a means to promote affordable home ownership.
- Continuation of the Home Repair programs.

HOME/ American Dream Down Payment Initiative (ADDI)

1. Assessment of Relationship of HOME Funds to Goals and Objectives

a. Evaluate progress made toward meeting goals for providing affordable housing using HOME funds, including the number and types of households served.

Program Year 4 CAPER HOME/ADDI Question 1a response:

HOME housing activities undertaken by the County addressed the Consolidated Plan priorities of:

- Rehabilitation of existing owner-occupied housing
- Homeownership
- Proving for acquisition, construction, and renovation of affordable rental housing.

2. HOME Match Report

a. Use HOME Match Report HUD-40107-A to report on match contributions for the period covered by the Consolidated Plan program year.

Program Year 4 CAPER HOME/ADDI Question 2a response:

See attached Match Report.

3. HOME MBE and WBE Report

a. Use Part III of HUD Form 40107 to report contracts and subcontracts with Minority Business Enterprises (MBEs) and Women's Business Enterprises (WBEs).

Program Year 4 CAPER HOME/ADDI Question 3a response:

See attached HUD Form 40107.

4. Assessments

a. Detail results of on-site inspections of rental housing.

Program Year 4 CAPER HOME/ADDI Question 4a response:

The HOME requirements at 24 CFR 92.504 (d) specify a minimum requirement that rental housing units assisted with HOME funds be inspected on the following basis based upon the number of total units in the project:

- | | |
|------------------|---------------------------------------|
| 1 to 4 units | inspected at least once every 3 years |
| 5 to 25 units | inspected at least once every 2 years |
| 26 or more units | inspected at least once every 1 year |

All units inspected in 2013 passed HQS inspections.

b. Describe the HOME jurisdiction's affirmative marketing actions.

Program Year 4 CAPER HOME/ADDI Question 4b response:

Milwaukee County has adopted an Affirmative Marketing Plan for rental and homebuyer projects containing 5 or more HOME assisted housing units. Milwaukee County's Affirmative Marketing plan requires that all sub-recipients of HOME funding submit an affirmative marketing plan that includes the following:

- Methods for informing the public, owners, and potential tenants about Federal fair housing laws and their fair housing policy (e.g. use of commercial media, use of community contacts, use of the Equal Housing Opportunity logo or slogan in press releases, solicitations to owners, and written communication.)
- Requirements and practices each owner must adhere to in order to carry out affirmative marketing procedures and requirements.
- Procedures to be used by owners to inform and solicit applications from persons in the housing market area who are not likely to apply for the housing without special outreach (e.g. use of community organizations, places of worship, employment centers, fair housing groups, or housing counseling agencies.)
- Addresses the items in CFR 92.351.

c. Describe outreach to minority and women owned businesses.

Program Year 4 CAPER HOME/ADDI Question 4c response:

OPTION: CFR 92.351 (b) requires each participating jurisdiction to prescribe procedures acceptable to HUD to establish and oversee a minority outreach education program within its jurisdiction to ensure inclusion. Inclusion possibilities are:

- Utilizing entities owned by minorities and women when applicable.
- Presenting entities owned by minorities and women with options for participating in County programs.
- Entering into contracts with entities owned by minorities and women.

The Milwaukee County Office of Community Development Business Partnership (CDBP) continues to serve all County Departments with meeting goals related to Minority-, Women-, and Disadvantaged Business Enterprises. CDBP now has a web-based data base of contractors being utilized by sub-recipient, <http://county.milwaukee.gov/cbdp/CertifiedVendorList.htm> .

HOMELESS

Homeless Needs

*Please also refer to the Homeless Needs Table in the Needs.xls workbook.

1. Identify actions taken to address needs of homeless persons.

Program Year 4 CAPER Homeless Needs Question 1 response:

The Milwaukee Continuum of Care proposed a three prong strategy to address chronic homelessness:

- Milwaukee County operates Safe Haven and Shelter Plus Care programs to address homelessness. These programs are part of the County's Housing Continuum to ensure proper transitions into permanent housing. The Milwaukee County Safe Haven program is a 'soft-entry' housing program that works with homeless individuals using a housing first strategy. The goal of this program is to not only provide housing but to link individuals with proper services ensuring the transition into permanent housing. Many homeless individuals who participate in the Milwaukee County Safe Haven program end up in permanent housing through Shelter Plus Care.
- The Milwaukee County Shelter Plus Care tenant-based program has approximately 500 participants. Through the permanent housing program, individuals receive rental assistance as well as permanent case management services. Milwaukee County also operates two Project Based Shelter Plus Care grants that house chronically homeless individuals
- Milwaukee County, through local tax levy, directly funds several non-profit agencies that assist with transitioning individuals into permanent housing. Many of these agencies are represented through the Milwaukee Continuum of Care.

The Housing Division has made tremendous strides in increasing the number of permanent supportive housing units in Milwaukee County. Since 2008, approximately 450 new housing units have been created for homeless and disabled individuals. The Housing Division also provides funding for on-site services at these locations to ensure that individuals are able to maintain their permanent housing placements once they are housed.

2. Identify actions to help homeless persons make the transition to permanent housing and independent living.

Program Year 4 CAPER Homeless Needs Question 2 response:

Individuals leaving the Milwaukee County Safe Haven Program and those enrolled in Shelter Plus Care have access to case management. These services are either provided directly by Milwaukee County or by a contracted agency. Case

management provides the necessary supports for individuals transitioning into permanent housing.

Supportive housing programs that are operated through the Milwaukee County Housing Division strive to house individuals in the least restrictive setting possible. This is accomplished through giving individuals access to community based residential facilities, supported apartments, permanent supportive housing, and case management supports to assist clients with living independently in housing of their choice. In addition to providing case management supports, the Housing Division also directly funds peer support services at many of Milwaukee County's permanent supportive housing locations. This best practice model helps to ensure that individuals can be successful in maintaining their housing so they do not transition back into homelessness.

Milwaukee County Behavioral Health Division provides a model of proactive discharge planning and service coordination. The Milwaukee Continuum of Care *10 Year Plan to End Homelessness* includes a specific goal and objective relating to the development of a discharge coordination policy that will prevent homelessness resulting from discharge from foster care, health care facilities, mental health facilities and corrections. Milwaukee County continues to plan a critical role in the implementation of this plan.

The Milwaukee County Housing Division works seamlessly with the Behavioral Health Division to ensure that individuals transitioning into permanent housing have the services in place to assist them in being successful. The best example of this has been the recent growth in permanent supportive housing units. Many of these units have been subsidized through Shelter Plus Care and Project Based Section 8 subsidies that are administered by the Housing Division. Two projects for 2013 were completed using these subsidies. Referrals for these developments are accepted from the Behavioral Health Division and case management activities are coordinated between the two divisions.

3. Identify new Federal resources obtained from Homeless SuperNOFA.

Program Year 4 CAPER Homeless Needs Question 3 response:

The Milwaukee County Housing Division responded to the SuperNOFA with an application for a permanent housing bonus project. The Housing Division is requesting funds for an additional 35 Shelter Plus Care slots to assist those who are chronically homeless. Milwaukee County will provide the case management through one of its contracted agencies.

Specific Homeless Prevention Elements

1. Identify actions taken to prevent homelessness.

Program Year 4 CAPER Specific Housing Prevention Elements Question 1 response:

In 2013, Milwaukee County undertook the following actions to prevent homelessness:

- Landlord/tenant mediation including dispute resolution, case management, and the provision of short-term rental assistance to individuals and families who are at imminent risk of eviction and homelessness.
- Legal services including eviction prevention assistance to low-income renters who are at risk of homelessness due to nonpayment of rent, foreclosure, or other circumstances.
- Prevention of homelessness related to foreclosure of rental units by providing assistance to Section 8 households which are subject to 5-day eviction orders as a result of foreclosure on the unit in which they are residing.
- Development of a discharge coordination policy
- Redesign and implementation of an effective central intake/referral/diversion system that will effectively and appropriately redirect individuals and families to utilization of family and community supports to prevent homelessness and a resulting shelter stay when those resources are available.
- Operating the Homeless Prevention Program to provide security deposits and short-term rent assistance to low-income disabled individuals who are at risk of becoming homeless.
- The Housing Division assisted with discharge planning activities for individuals who have been admitted to psychiatric units. This included short-term rent assistance from local tax levy as well as necessary referrals for services.
- Milwaukee continued Project Basing more rental assistance for those that need permanent support housing.

Emergency Shelter Grants (ESG)

1. Identify actions to address emergency shelter and transitional housing needs of homeless individuals and families (including significant subpopulations such as those living on the streets).

Program Year 4 CAPER ESG Question 1 response:

Not applicable.

2. Assessment of Relationship of ESG Funds to Goals and Objectives

a. Evaluate progress made in using ESG funds to address homeless and homeless prevention needs, goals, and specific objectives established in the Consolidated Plan.

Program Year 4 CAPER ESG Question 2a response:

Milwaukee County assisted households in 2013 through the Homeless Prevention Program funded through the Emergency Shelter Grant system. This was done through a partnership with Community Advocates. All of the individuals served were very low-income and had a diagnosable mental illness.

b. Detail how ESG projects are related to implementation of comprehensive homeless planning strategy, including the number and types of individuals and persons in households served with ESG funds.

Program Year 4 CAPER ESG Question 2b response:

Milwaukee County assisted households in 2013 through the Homeless Prevention Program funded through the Emergency Shelter Grant system. This was done through a partnership with Community Advocates. All of the individuals served were very low-income and had a diagnosable mental illness.

3. Matching Resources

- a. Provide specific sources and amounts of new funding used to meet match as required by 42 USC 11375(a)(1), including cash resources, grants, and staff salaries, as well as in-kind contributions such as the value of a building or lease, donated materials, or volunteer time.**

Program Year 4 CAPER ESG Question 3 response:

Milwaukee County uses staff salaries and case management support as a match for all ESG funds totaling \$85,000.

4. State Method of Distribution

- a. States must describe their method of distribution and how it rated and selected its local government agencies and private nonprofit organizations acting as sub-recipients.**

Program Year 4 CAPER ESG Question 4 response:

Not applicable.

5. Activity and Beneficiary Data

- a. Completion of attached Emergency Shelter Grant Program Performance Chart or other reports showing ESGP expenditures by type of activity. Also describe any problems in collecting, reporting, and evaluating the reliability of this information.**

Program Year 4 CAPER ESG Question 5a response:

The total allocation amount for the Homeless Prevention Program as a sub-grantee was \$75,998.

b. Homeless Discharge Coordination

- i. As part of the government developing and implementing a homeless discharge coordination policy, ESG homeless prevention funds may be used to assist very-low income individuals and families at risk of becoming homeless after being released from publicly funded institutions such as health care facilities, foster care or other youth facilities, or corrections institutions or programs.**

- c. Explain how your government is instituting a homeless discharge coordination policy, and how ESG homeless prevention funds are being used in this effort.**

Program Year 4 CAPER ESG Questions 5b and 5c response:

By Wisconsin statute, individuals cannot be discharged from a County Facility into homelessness if the population of the County is over 500,000. Milwaukee County is covered under this statute.

COMMUNITY DEVELOPMENT

Community Development

*Please also refer to the Community Development Table in the Needs.xls workbook.

- 1. Assessment of Relationship of CDBG Funds to Goals and Objectives**
 - a. Assess use of CDBG funds in relation to the priorities, needs, goals, and specific objectives in the Consolidated Plan, particularly the highest priority activities.**

Program Year 4 CAPER Community Development Question 1a response:

2013 Community Development Block Grant (CDBG) activities were conducted in accordance with the priority goals and objectives identified in the Consolidated Plan. Funds were distributed among affordable housing services, public facilities/improvements, public services, economic development, and administrative costs. As stated in the statutory requirements, a jurisdiction cannot spend more than 15% of its allocation on public services and no more than 20% on administrative costs, irrespective of actual expenditures during the program year.

Actual expenditures totaled \$1,255,103.90 on IDISPR26. The actual expenditures of funds by category based on IDISPR26 were:

Activity Group	Amount
Economic Development	\$70,540.42
Housing	\$94,566.15
Public Facilities	\$492,401.36
Public Services	\$303,299.55
Administration	\$294,296.42
Total	\$1,255,103.90

- b. Evaluate progress made toward meeting goals for providing affordable housing using CDBG funds, including the number and types of households served.**

Program Year 4 CAPER Community Development Question 1b response:
Eleven households were assisted, all owner-occupants. Two households were extremely low-income, 6 were low-income, and 3 were moderate income

- c. Indicate the extent to which CDBG funds were used for activities that benefited extremely low-income, low-income, and moderate-income persons.**

Program Year 4 CAPER Community Development Question 1c response:

According to the Integrated Disbursement and Information System PR26 Financial Summary Report, 97.6% of funds expended by Milwaukee County in 2013 benefited persons who were low and moderate income.

2. Changes in Program Objectives

- a. Identify the nature of and the reasons for any changes in program objectives and how the jurisdiction would change its program as a result of its experiences.**

Program Year 4 CAPER Community Development Question 2 response:

2013 is the fourth year of the 2010-2014 Consolidated Plan. There were no major changes in program objectives.

3. Assessment of Efforts in Carrying Out Planned Actions

- a. Indicate how grantee pursued all resources indicated in the Consolidated Plan.**
- b. Indicate how grantee provided certifications of consistency in a fair and impartial manner.**
- c. Indicate how grantee did not hinder Consolidated Plan implementation by action or willful inaction.**

Program Year 4 CAPER Community Development Question 3 response:

Milwaukee County pursued all resources that were indicated in the Consolidated Plan. When requested, Milwaukee County provided certificates of consistency by applicants for HUD programs in a fair and impartial manner. The County has not hindered the implementation of the Consolidated Plan by action or willful inaction.

4. For Funds Not Used for National Objectives

- a. Indicate how use of CDBG funds did not meet national objectives.**
- b. Indicate how did not comply with overall benefit certification.**

Program Year 4 CAPER Community Development Question 4 response:

- a. Identify the type of program and number of projects/units completed for each program.**
 - b. Provide the total CDBG funds involved in the program.**
-

c. Detail other public and private funds involved in the project.

Program Year 4 CAPER Community Development Question 12 response:

Of the 11 units completed using CDBG, only CDBG was used for the projects. Two of the projects were architectural barrier removal grants in the amount of \$54,655, serving 5 households. Three emergency loans were made totaling \$12,552. Suburban home repair served 3 households utilizing \$13,810 in funds. Rebuilding Together utilized \$40,000 serving 10 households

13. Neighborhood Revitalization Strategies – for grantees that have HUD-approved neighborhood revitalization strategies

- a. Describe progress against benchmarks for the program year. For grantees with Federally-designated EZs or ECs that received HUD approval for a neighborhood revitalization strategy, reports that are required as part of the EZ/EC process shall suffice for purposes of reporting progress.**

Program Year 4 CAPER Community Development Question 13 response:

Not applicable.

Antipoverty Strategy

- 1. Describe actions taken during the last year to reduce the number of persons living below the poverty level.**

Program Year 4 CAPER Antipoverty Strategy Question 1 response:

In 2013 funds were expended to create jobs, for medical services, and legal services to assist persons in improving their income.

NON-HOMELESS SPECIAL NEEDS

Non-homeless Special Needs

*Please also refer to the Non-homeless Special Needs Table in the Needs.xls workbook.

- 1. Identify actions taken to address special needs of persons that are not homeless but require supportive housing, (including persons with HIV/AIDS and their families).**

Program Year 4 CAPER Non-homeless Special Needs Question 1 response:

In 2013, the Milwaukee County Housing Division began the Pathways To Permanent Housing program. This program provides transitional housing units to individuals who are at risk of becoming homeless and are receiving mental health services. The goal is to ensure consumers are receiving recovery based services in order to move into permanent housing. The Housing division also began the Keys to Independence Program. This program is a 40 unit scattered-site program that provides peer support, case management, and rental assistance for disabled individuals. Both of these programs are funded entirely from local tax levy.

Milwaukee County has strategically focused on the production of permanent supportive housing units for those who are receiving Milwaukee County mental health services. Milwaukee County has partnered with developers and social service agencies to create 450 new supportive housing units since 2008. A majority of these units are set aside for individuals who do not meet the definition of homelessness but are very low income and need additional mental health support services to maintain their housing.

The County has used tax levy funds for the on-site service and has also created the Special Needs Housing Trust Fund which has contributed to over \$3 million towards construction costs for these developments. The Milwaukee County contribution has led to approximately \$64 million in leveraged funds for this population.

Specific HOPWA Objectives

*Please also refer to the HOPWA Table in the Needs.xls workbook.

1. Overall Assessment of Relationship of HOPWA Funds to Goals and Objectives

Grantees should demonstrate through the CAPER and related IDIS reports the progress they are making at accomplishing identified goals and objectives with HOPWA funding. Grantees should demonstrate:

- a. That progress is being made toward meeting the HOPWA goal for providing affordable housing using HOPWA funds and other resources for persons with HIV/AIDS and their families through a comprehensive community plan;**
- b. That community-wide HIV/AIDS housing strategies are meeting HUD's national goal of increasing the availability of decent, safe, and affordable housing for low-income persons living with HIV/AIDS;**
- c. That community partnerships between State and local governments and community-based non-profits are creating models and innovative strategies to serve the housing and related supportive service needs of persons living with HIV/AIDS and their families;**
- d. That through community-wide strategies Federal, State, local, and other resources are matched with HOPWA funding to create comprehensive housing strategies;**
- e. That community strategies produce and support actual units of housing for persons living with HIV/AIDS; and finally,**
- f. That community strategies identify and supply related supportive services in conjunction with housing to ensure the needs of persons living with HIV/AIDS and their families are met.**

2. This should be accomplished by providing an executive summary (1-5 pages) that includes:

a. Grantee Narrative

i. Grantee and Community Overview

(1) A brief description of your organization, the area of service, the name of each project sponsor and a broad overview of the range/type of housing activities and related services

(2) How grant management oversight of project sponsor activities is conducted and how project sponsors are selected

- (3) A description of the local jurisdiction, its need, and the estimated number of persons living with HIV/AIDS
- (4) A brief description of the planning and public consultations involved in the use of HOPWA funds including reference to any appropriate planning document or advisory body
- (5) What other resources were used in conjunction with HOPWA funded activities, including cash resources and in-kind contributions, such as the value of services or materials provided by volunteers or by other individuals or organizations
- (6) Collaborative efforts with related programs including coordination and planning with clients, advocates, Ryan White CARE Act planning bodies, AIDS Drug Assistance Programs, homeless assistance programs, or other efforts that assist persons living with HIV/AIDS and their families.

ii. Project Accomplishment Overview

- (1) A brief summary of all housing activities broken down by three types: emergency or short-term rent, mortgage or utility payments to prevent homelessness; rental assistance; facility based housing, including development cost, operating cost for those facilities and community residences
- (2) The number of units of housing which have been created through acquisition, rehabilitation, or new construction since 1993 with any HOPWA funds
- (3) A brief description of any unique supportive service or other service delivery models or efforts
- (4) Any other accomplishments recognized in your community due to the use of HOPWA funds, including any projects in developmental stages that are not operational.

iii. Barriers or Trends Overview

- (1) Describe any barriers encountered, actions in response to barriers, and recommendations for program improvement
- (2) Trends you expect your community to face in meeting the needs of persons with HIV/AIDS, and
- (3) Any other information you feel may be important as you look at providing services to persons with HIV/AIDS in the next 5-10 years

b. Accomplishment Data

- i. Completion of CAPER Performance Chart 1 of Actual Performance in the provision of housing (Table II-1 to be submitted with CAPER).**
- ii. Completion of CAPER Performance Chart 2 of Comparison to Planned Housing Actions (Table II-2 to be submitted with CAPER).**

Program Year 4 CAPER Specific HOPWA Objectives Questions 1 and 2 responses:

Milwaukee County did not receive HOPWA Funds in 2013.

Public reporting burden for this collection of information is estimated to average 45 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track per formance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

Instructions for the HOME Match Report

Applicability:

The HOME Match Report is part of the HOME APR and must be filled out by every participating jurisdiction that incurred a match liability. Match liability occurs when FY 1993 funds (or subsequent year funds) are drawn down from the U.S. Treasury for HOME projects. A Participating Jurisdiction (PJ) may start counting match contributions as of the beginning of Federal Fiscal Year 1993 (October 1, 1992). A jurisdiction not required to submit this report, either because it did not incur any match or because it had a full match reduction, may submit a HOME Match Report if it wishes. The match would count as excess match that is carried over to subsequent years. The match reported on this form must have been contributed during the reporting period (between October 1 and September 30).

Timing:

This form is to be submitted as part of the HOME APR on or before December 31. The original is sent to the HUD Field Office. One copy is sent to the

Office of Affordable Housing Programs, CGHF
Room 7176, HUD, 451 7th Street, S.W.
Washington, D.C. 20410.

The participating jurisdiction also keeps a copy.

Instructions for Part II:

- Excess match from prior Federal fiscal year:** Excess match carried over from prior Federal fiscal year.
- Match contributed during current Federal fiscal year:** The total amount of match contributions for all projects listed under Part III in column 9 for the Federal fiscal year.

- Total match available for current Federal fiscal year:** The sum of excess match carried over from the prior Federal fiscal year (Part II, line 1) and the total match contribution for the current Federal fiscal year (Part II, line 2). This sum is the total match available for the Federal fiscal year.

- Match liability for current Federal fiscal year:** The amount of match liability is available from HUD and is provided periodically to PJs. The match must be provided in the current year. The amount of match that must be provided is based on the amount of HOME funds drawn from the U.S. Treasury for HOME projects. The amount of match required equals 25% of the amount drawn down for HOME projects during the Federal fiscal year. Excess match may be carried over and used to meet match liability for subsequent years (see Part II line 5). Funds drawn down for administrative costs, CHDO operating expenses, and CHDO capacity building do not have to be matched. Funds drawn down for CHDO seed money and/or technical assistance loans do not have to be matched if the project does not go forward. A jurisdiction is allowed to get a partial reduction (50%) of match if it meets one of two statutory distress criteria, indicating "fiscal distress," or else a full reduction (100%) of match if it meets both criteria, indicating "severe fiscal distress." The two criteria are poverty rate (must be equal to or greater than 125% of the average national family poverty rate to qualify for a reduction) and per capita income (must be less than 75% of the national average per capita income to qualify for a reduction). In addition, a jurisdiction can get a full reduction if it is declared a disaster area under the Robert T. Stafford Disaster Relief and Emergency Act.

- Excess match carried over to next Federal fiscal year:** The total match available for the current Federal fiscal year (Part II, line 3) minus the match liability for the current Federal fiscal year (Part II, line 4). Excess match may be carried over and applied to future HOME project match liability.

Instructions for Part III:

- Project No. or Other ID:** "Project number" is assigned by the C/MI System when the PJ makes a project setup call. These projects involve at least some Treasury funds. If the HOME project does not involve Treasury funds, it must be identified with "other ID" as follows: the fiscal year (last two digits only), followed by a number (starting from "01" for the first non-Treasury-funded project of the fiscal year), and then at least one of the following abbreviations: "SF" for project using shortfall funds, "PI" for projects using program income, and "NON" for non-HOME-assisted affordable housing. Example: 93-01-SF, 93-02-PI, 93-03-NON, etc.

Shortfall funds are non-HOME funds used to make up the difference between the participation threshold and the amount of HOME funds allocated to the PJ; the participation threshold requirement applies only in the PJ's first year of eligibility. [§92.102]

Program income (also called "repayment income") is any return on the investment of HOME funds. This income must be deposited in the jurisdiction's HOME account to be used for HOME projects. [§92.503(b)]

Non-HOME-assisted affordable housing is investment in housing not assisted by HOME funds that would qualify as "affordable housing" under the HOME Program definitions. "NON" funds must be contributed to a specific project; it is not sufficient to make a contribution to an entity engaged in developing affordable housing. [§92.219(b)]

2. **Date of Contribution:** Enter the date of contribution. Multiple entries may be made on a single line as long as the contributions were made during the current fiscal year. In such cases, if the contributions were made at different dates during the year, enter the date of the last contribution.

3. **Cash:** Cash contributions from non-Federal resources. This means the funds are contributed permanently to the HOME Program regardless of the form of investment the jurisdiction provides to a project. Therefore all repayment, interest, or other return on investment of the contribution must be deposited in the PJ's HOME account to be used for HOME projects. The PJ, non-Federal public entities (State/local governments), private entities, and individuals can make contributions. The grant equivalent of a below-market interest rate loan to the project is eligible when the loan is not repayable to the PJ's HOME account. [§92.220(a)(1)] In addition, a cash contribution can count as match if it is used for eligible costs defined under §92.206 (except administrative costs and CHDO operating expenses) or under §92.209, or for the following non-eligible costs: the value of non-Federal funds used to remove and relocate ECHO units to accommodate eligible tenants, a project reserve account for re-placements, a project reserve account for unanticipated increases in operating costs, operating subsidies, or costs relating to the portion of a mixed-income or mixed-use project not related to the affordable housing units. [§92.219(c)]

4. **Foregone Taxes, Fees, Charges:** Taxes, fees, and charges that are normally and customarily charged but have been waived, foregone, or deferred in a manner that achieves affordability of the HOME-assisted housing. This includes State tax credits for low-income housing development. The amount of real estate taxes may be based on the

post-improvement property value. For those taxes, fees, or charges given for future years, the value is the present discounted cash value. [§92.220(a)(2)]

5. **Appraised Land/Real Property:** The appraised value, before the HOME assistance is provided and minus any debt burden, lien, or other encumbrance, of land or other real property, not acquired with Federal resources. The appraisal must be made by an independent, certified appraiser. [§92.220(a)(3)]

6. **Required Infrastructure:** The cost of investment, not made with Federal resources, in on-site and off-site infrastructure directly required for HOME-assisted affordable housing. The infrastructure must have been completed no earlier than 12 months before HOME funds were committed. [§92.220(a)(4)]

7. **Site preparation, Construction materials, Donated labor:** The reasonable value of any site-preparation and construction materials, not acquired with Federal resources, and any donated or voluntary labor (see §92.354(b)) in connection with the site-preparation for, or construction or rehabilitation of, affordable housing. The value of site-preparation and construction materials is determined in accordance with the PJ's cost estimate procedures. The value of donated or voluntary labor is determined by a single rate ("labor rate") to be published annually in the Notice Of Funding Availability (NOFA) for the HOME Program. [§92.220(6)]

8. **Bond Financing:** Multifamily and single-family project bond financing must be validly issued by a State or local government (or an agency, instrumentality, or political subdivision thereof). 50% of a loan from bond proceeds made to a multifamily affordable housing project owner can count as match. 25% of a loan from bond proceeds made to a single-family affordable housing project owner can count as match. Loans from all bond proceeds, including excess bond match from prior years, may not exceed 25% of a PJ's total annual match contribution. [§92.220(a)(5)] The amount in excess of the 25% cap for bonds may carry over, and the excess will count as part of the statutory limit of up to 25% per year. Requirements regarding

bond financing as an eligible source of match will be available upon publication of the implementing regulation early in FY 1994.

9. **Total Match:** Total of items 3 through 8. This is the total match contribution for each project identified in item 1.

Ineligible forms of match include:

1. Contributions made with or derived from Federal resources e.g. CDBG funds [§92.220(b)(1)]
2. Interest rate subsidy attributable to the Federal tax exemption on financing or the value attributable to Federal tax credits [§92.220(b)(2)]
3. Contributions from builders, contractors or investors, including owner equity, involved with HOME-assisted projects. [§92.220(b)(3)]
4. Sweat equity [§92.220(b)(4)]
5. Contributions from applicants/recipients of HOME assistance [§92.220(b)(5)]
6. Fees/charges that are associated with the HOME Program only, rather than normally and customarily charged on all transactions or projects [§92.220(a)(2)]
7. Administrative costs

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/MI) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

Completing Part 1: Homeless Population. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The counts must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Completing Part 2: Homeless Subpopulations. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The numbers must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Sheltered Homeless. Count adults, children and youth residing in shelters for the homeless. "Shelters" include all emergency shelters and transitional shelters for the homeless, including domestic violence shelters, residential programs for runaway/homeless youth, and any hotel/motel/apartment voucher arrangements paid by a public/private agency because the person or family is homeless. Do not count: (1) persons who are living doubled up in conventional housing; (2) formerly homeless persons who are residing in Section 8 SRO, Shelter Plus Care, SHP permanent housing or other permanent housing units; (3) children or youth, who because of their own or a parent's homelessness or abandonment, now reside temporarily and for a short anticipated duration in hospitals, residential treatment facilities, emergency foster care, detention facilities and the like; and (4) adults living in mental health facilities, chemical dependency facilities, or criminal justice facilities.

Unsheltered Homeless. Count adults, children and youth sleeping in places not meant for human habitation. Places not meant for human habitation include streets, parks, alleys, parking ramps, parts of the highway system, transportation depots and other parts of transportation systems (e.g. subway tunnels, railroad car), all-night commercial establishments (e.g. movie theaters, laundromats, restaurants), abandoned buildings, building roofs or stairwells, chicken coops and other farm outbuildings, caves, campgrounds, vehicles, and other similar places.
