UnitedHealthcare® Group Medicare Advantage (PPO)

Let's start with a quick look at how your plan works. Milwaukee County has chosen a UnitedHealthcare® Group Medicare Advantage plan. What is a Group Medicare Advantage plan? The word "Group" means that this is a plan designed just for a plan sponsor, like yours. Only Medicare eligible retirees and their Medicare eligible dependents can enroll in this plan. You can't get it anywhere else.

"Medicare Advantage" is also known as Medicare Part C. Medicare Advantage plans are a part of Medicare that combine all the benefits of Medicare Part A (hospital coverage) and Medicare Part B (doctor and outpatient care) into one convenient plan. Plus, your plan includes programs that go beyond Original Medicare Part A and Part B.

Make sure you are signed up for Medicare.

You must be entitled to Medicare Part A and enrolled in Medicare Part B to enroll in this plan.

- If you're not sure if you are enrolled in Medicare Part B, check with your local Social Security office
- You must continue paying your Medicare Part B premium to keep your coverage under this group-sponsored plan
 - If Milwaukee County currently reimburses you for your Part B premium, they will continue to do so
- If you stop your payments, you may be disenrolled from this plan

One drug plan at a time.

This plan includes prescription drug coverage. You can only have prescription drug coverage under one plan. If you enroll in another stand-alone Medicare Part D plan or a medical plan that includes prescription drug coverage, you may be disenrolled from this plan.

Remember: If you drop your group-sponsored retiree health coverage, you may not be able to re-enroll. Limitations and restrictions vary by plan sponsor.

Plan basics

How your medical coverage works.

Your plan is a Preferred Provider Organization (PPO) plan. With this plan, you have access to our national network of health care providers. You can see providers out-of-network at the same co-pay or co-insurance as in-network providers, as long as they participate in Medicare and accept the plan.

	In-Network	Out-of-Network
Will the doctor or hospital accept my plan?	Yes	Has the choice to accept plan (except for emergencies).
What is my co-pay or co-insurance?	Co-pays and co-insurance vary by service. ¹	
Do I need to choose a primary care provider (PCP)?	No	No
Do I need a referral to see a specialist?	No	No
Are emergency and urgently needed services covered?	Yes	Yes
Do I have to pay the full cost for all doctor or hospital services?	You will pay your standard co-pay or co-insurance for the service you receive. ¹	
Is there a limit on my total out-of-pocket spending for the year?	Yes	Yes

¹Refer to the Summary of Benefits or Benefit Highlights for more information.

Manage your account details online.

Keeping track of bills and payments can be overwhelming. Once your plan is effective, create your secure online account at UHCRetiree.com. After you've registered, you can track your bills and payments, view your account history and plan details and so much more in one easy location online.

Plan basics

How your prescription drug coverage works.

Your Medicare Part D prescription drug coverage includes thousands of brand name and generic prescription drugs. To check if your drugs are covered, please review your plan's drug list.

	How it works
What pharmacies can I use?	You can choose from over 65,000 pharmacies across the United States including national chain, regional and independent local retail pharmacies.
What will I pay for my prescription drugs?	What you pay will depend on the coverage your plan sponsor has arranged. Your exact cost may depend on what drug cost tier your prescription belongs to. Your cost may also change during the year based on the total cost of the drugs you have taken. To learn more about your coverage, please refer to your Benefit Highlights or your Summary of Benefits.
What is a tier?	Drugs are divided into different cost levels or tiers. In general, the higher the tier, the higher the cost of the drug.
Do I need to keep paying my Part B monthly premium?	Yes. Medicare requires that you continue to pay your Part B monthly premium (to Social Security). If you stop paying your monthly Part B premium, you may be disenrolled from your plan.
Can I have more than one prescription drug plan?	No. Medicare only allows you to have one Medicare prescription drug plan at a time. If you enroll in another Medicare prescription drug plan OR a Medicare Advantage plan that includes prescription drug coverage, you may be disenrolled from this plan.

Plan basics

	How it works
What is IRMAA?	<p>IRMAA stands for the Income-Related Monthly Adjustment Amount. If your modified adjusted gross income as reported on your IRS tax return from two years ago (the most recent tax return information provided to Social Security by the IRS) is above a certain limit, you may pay a Part D income-related monthly adjustment amount (Part D-IRMAA) in addition to your monthly plan premium. This extra amount is paid directly to Social Security, not to your plan. Social Security will contact you if you have to pay Part D-IRMAA, based on your income.</p>
What is a Medicare Part D Late Enrollment Penalty (LEP)?	<p>You may pay a late enrollment penalty if, at any time after you first become eligible for Part D, there's a period of at least 63 days in a row when you didn't have Part D or other creditable prescription drug coverage. Creditable coverage means that the prescription drug coverage you have had is at least as good as or better than what Medicare provides. The late enrollment penalty is an amount added to your monthly Medicare premium which you may have to pay. When you become a member, your plan sponsor will be asked to attest or validate that you have had continuous Part D plan coverage. If your plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid the risk of paying a penalty in error. Once you become a member, more information will be available in your Evidence of Coverage (EOC).</p>

How your prescription drug coverage works

Prescription Drug Coverage

Your drug list covers thousands of brand name and generic prescription drugs. Review the plan drug list to make sure your prescription drugs are covered.

The price you pay for a covered drug will depend on two factors:

1 The drug tier for your drug.

Each covered drug is assigned to a tier. Generally, the lower the tier, the less you pay.

Tier	Cost	Description
Tier 1	Low	Includes all generic prescription drugs.
Tier 2	↑ ↓	Includes many common brand name drugs.
Tier 3		Includes non-preferred brand name drugs.
Tier 4 (Specialty)	High	Includes unique or very high-cost drugs.

2 Your drug payment stage.

Your plan has different stages of drug coverage. When you fill a prescription, the amount you pay depends on the stage you're in.

Initial Coverage	Coverage Gap (Donut Hole)	Catastrophic Coverage
<p>In this drug payment stage:</p> <ul style="list-style-type: none"> You pay a co-pay or co-insurance (percentage of a drug's total cost), the plan pays the rest. You stay in this stage until your Total Drug Costs reach \$2,960. 	<p>Your plan sponsor is providing additional coverage through the gap.</p> <ul style="list-style-type: none"> You continue to pay the same co-pay or co-insurance as you did in the initial coverage stage until your total Out-of-Pocket Costs reach \$2,000. When your total Out-of-Pocket Costs reach \$2,000 you will not pay any co-pay or co-insurance. 	<p>You do not pay any co-pay or co-insurance.</p>

Annual deductible: If your plan has a deductible, you pay the total cost of your drugs until you reach the deductible amount set by your plan. Then you move to the initial coverage stage. If you don't have a deductible, your coverage begins in the initial coverage stage.

Total Drug Costs: The amount you pay (or others pay on your behalf) and the plan pays for prescription drugs. This does not include premiums.

Out-of-Pocket Costs: The amount you pay (or others pay on your behalf) for prescription drugs. This does not include premiums, or the amount the plan pays for prescription drugs.

Getting the health care coverage you may need

Your care begins with your doctor.

With this plan, you have the flexibility to see doctors that are both inside and outside the UnitedHealthcare network. Unlike most PPO plans, with this plan, you pay the same share of cost in and out-of-network. With your UnitedHealthcare Group Medicare Advantage plan, you're connected to programs, resources, tools and people that can help you live a healthier life.

Finding a doctor is easy.

If you need help finding a doctor or a specialist, just give us a call. We can help you find a doctor or a specialist, and we can even help schedule that first appointment.

Ways to help you save

One of the advantages of having your health care coverage through UnitedHealthcare is our size and experience. As one of the largest and oldest Medicare Advantage and Medicare prescription drug plans in the country, we bring you savings that are exclusive to UnitedHealthcare.

Pharmacy Saver.™ Save on the cost of generic prescription drugs. Many, but not all, of the pharmacies in UnitedHealthcare’s national pharmacy network participate in a special program that could help you save more on your prescriptions drugs. This program is called the Pharmacy Saver™ program.¹ With the Pharmacy Saver program, you can fill your prescriptions for as low as \$1.50 at participating pharmacies located in grocery, discount and drug stores where you already shop.

Best of all, Pharmacy Saver is easy. No additional enrollment is necessary. Simply take your qualifying prescription to a participating pharmacy, show your UnitedHealthcare member ID card, and they can help you switch.

Here are just some of the national and local retailers with pharmacies that participate in the Pharmacy Saver program:

Note: Other pharmacies are available in our network. Members may use any pharmacy in the network, but may not receive Pharmacy Saver pricing. Pharmacies participating in the Pharmacy Saver program may not be available in all areas.

¹Drugs and prices may vary between pharmacies and are subject to change during the plan year. Prices are based on quantity filled at the pharmacy. Quantities may be limited by pharmacy based on their dispensing policy or by the plan based on Quantity Limit requirements; if prescription is in excess of a limit, co-pay amounts may be higher.

To see a listing of drugs available through Pharmacy Saver or to find a participating pharmacy, visit UnitedPharmacySaver.com.

More ways you could save on your prescription drugs

You could save money on prescription drugs with exclusive member pricing at pharmacies in your local grocery, drug and discount stores.

Save on the medications you take regularly.

If you prefer the convenience of mail order, you could save time and money on your maintenance medications with our mail service pharmacy. You will have access to licensed pharmacists and, in addition, you can receive automatic refill reminders with OptumRx Mail Service Pharmacy.

Get a 90-day¹ supply at retail pharmacies.

In addition to your Mail Service Pharmacy, most retail pharmacies offer 90-day supplies for some prescription drugs.

To find out if a retail pharmacy offers 90-day supplies, you can check your UnitedHealthcare pharmacy directory and look for the  symbol.

Ask your doctor about trial supplies.

Before you get a prescription for a one-month supply, ask your doctor about a trial supply. A trial supply allows you to fill a prescription for less than 30 days. This way you can pay a reduced co-pay or co-insurance and make sure the medication works for you before getting a full month supply.

Explore lower cost options.

Each covered drug in your drug list is assigned to a tier. Generally, the lower the tier, the less you pay. If you're taking a higher-tier drug, you may want to talk to your doctor to see if there's a lower-tier drug you could take instead.

Have an annual medication review.

Take some time during your Annual Wellness Visit to make sure you are only taking the drugs you need.

¹Your plan sponsor may provide coverage beyond 90 days. Please refer to the Benefit Highlights or Summary of Benefits for more information.

The UnitedHealthcare Savings Promise

UnitedHealthcare is committed to keeping your costs down for prescription drugs. As a member of our Medicare Advantage Prescription Drug plans, you have our Savings Promise that you'll get the lowest price available. That low price may be your plan co-pay, the pharmacy's retail price or our contracted price with the pharmacy.

Call Medicare to see if you qualify for Extra Help.

If you have a limited income, you may be able to get Extra Help from Medicare. If you qualify, Medicare could pay up to 75% or more of your drug costs. Many people qualify and don't know it. There's no penalty for applying, and you can re-apply every year.

Additional DRUG COVERAGE

Bonus Drug List

Your plan sponsor (employer, union or trust) offers a bonus drug list. The prescription drugs in this list are covered in addition to the drugs in the plan’s formulary (drug list).

The cost tier for each prescription drug is shown in the list.

Although you pay the same co-pay or co-insurance for these drugs as shown in your Summary of Benefits and Evidence of Coverage, the amounts you pay for these additional prescription drugs **do not apply to your Medicare Part D out-of-pocket costs**. However, these costs will apply to your annual drug out-of-pocket maximum.

Coverage for the prescription drugs in the bonus drug list is in addition to your Part D drug coverage. Unlike your Part D drug coverage, you are unable to file an appeal or grievance for drugs in the bonus drug list. If you have questions, please contact Customer Service using the information on the cover of this book.
