### Upload Resume

If you have a resume already saved in *Microsoft Word* or other word-processing program, you can easily upload the resume. Uploading a resume usually produces better results than copying and pasting resume text.

#### Upload a Resume

Click the **Browse** button and find your saved resume. Double-click the saved resume. The path to the saved resume should now be displayed in the **Locate Resume** box. Click the **Continue** button.

#### Copy and Paste a Resume

Hold down the **Ctrl** key and then hit the **A** key to select all of the text in your resume. Hold down the **Ctrl** key and then hit the **C** key to copy all of the selected text. Click inside the **Paste Text** box. Hold down the **Ctrl** key and then hit the **V** key to paste your resume into the box. Click the **Continue** button.

Please Note: HTML code or other characters may be displayed in the resume text box. These characters are not visible to the recruiter once the resume is submitted into the system.

9. Include your resume with your profile by doing **one** of the following:

- Click **Browse** to find and attach your resume to your profile.

OR

- In Paste Text Area, enter your resume.
- **Note:** it is not necessary to attach a resume, however it will give the hiring manager a better idea of you talents.

10. Click **Continue**.

11. The next screen to appear is the Resume Form. All of the fields with a red asterisk (\*) need to be filled in. Note that your email address and password are already filled in, however you need to confirm the fields.
