## **County Parks, City of Milwaukee Seek Public Participation for Dineen Park Master Plan**

Milwaukee, WI - (March 19, 2015) Milwaukee County Parks, the City of Milwaukee, and Terra Engineering, Ltd. are seeking public input in a town-hall style meeting/workshop focused on the development of a master plan for Dineen Park, Wednesday, April 1, from 6-9 p.m., at the Milwaukee Environmental Sciences Charter School. The school is north of the park at 6600 W. Melvina St.

“We welcome community residents, business owners, sports groups, and any other parties interested in the park to share their ideas,” said Peter Nilles, PE with Terra Engineering. “We’d like to know what they like about the park, what changes they’d like to see, what amenities are important to them, and what other concerns we can address.”

Dineen Park, a 64-acre park in the Milwaukee County Park System, blends open space with opportunities for passive and active recreation. Park features include a lagoon, picnic area, pavilion, community room, splash pad, 18-hole disc golf course, daylight basketball court, lighted tennis courts, tot lot, restrooms, and parking lots.

The workshop will kick-off the planning process that will help guide master plan recommendations.

For more information, contact Peter Nilles at (414) 763-1231 or [pnilles@terraengineering.com](mailto:pnilles@terraengineering.com).
