

ATTENTION DISC GOLFERS

Thank you for playing disc golf in your Milwaukee County Parks. Starting in the spring of 2015, the Milwaukee County Parks will introduce a new permit fee for all disc golf players.

MILWAUKEE COUNTY PARKS
DISC GOLF

Our disc golf courses have seen increased use over the years, and in order to maintain and improve the quality of the course amenities – such as tee boxes, baskets, and turf – a ‘pay to play’ permit fee will be collected. These permit fees will be used on disc golf course maintenance and improvements.

We greatly appreciate the support from organizations like the Great Lakes Disc Golf Association for their past, present and future support of these courses. We will continue to work with representatives of the disc golf community and look forward to improving the quality of play on the courses.

More information regarding fees will be coming in 2015.
Thanks for supporting your Milwaukee County Parks!
