

UPDATED PASSHOLDER INFORMATION

Thank you for your patience and patronage to Pulaski Pool.

Milwaukee County Parks wanted to take this time to clarify the procedure with 6 Month and Annual passes and pass extensions that was put into place in June of 2015 for the HVAC replacement project at Pulaski Pool. After reviewing this information if you still have questions or concerns please feel free to contact us.

We would like to clarify and stress that **Annual Passes** (12 months) are issued for 13 months when purchased to accommodate a 1 month, annual shut down which has not occurred since August of 2013 at Pulaski Pool.

Options Offered For Pass Holders:

1. Turn in passes by June 14, 2015 for:
 - a. A complete extension for time closed for **6 Month Passes**
 - b. An extension of time closed with the exception of one month (which is already added to the annual pass to accommodate annual monthly shut down) for **Annual Passes** .
2. Continue to use your passes at alternative sites- Cool Waters/Holler/Wilson/Schulz AQ Center- which offered lap swimming and Water Exercise opportunities through September 11, 2015.
 - a. **Annual Passes**, as stated above, are issued for 13 month at the time of purchase, which covers the September 12- October 5, 2015 timeframe that Milwaukee County Parks was unable to offer any alternatives.
 - b. **6 Month Passes** do not incorporate any additional time at the time of purchase and, for that reason, will be extended from September 12- October 4, 2015 when Milwaukee County Parks did not offer any alternatives.
 - Please see desk attendant by **Wednesday, November 25, 2015** to get new pass issued with extension
