Media Advisory

MCSO at scene of traffic fatality, I94 N/B at Puetz Road

Update

Milwaukee, WI: Shortly before midnight on Monday, June 6, members of the MCSO Patrol Division responded to a 4-vehicle traffic scene at I94 Northbound at Ryan Road.

This crash involved 3 semi tractor-trailers and a minivan.

The adult male driver of the min-van, registered out of Illinois, has died at the scene. 2 of the truck operators were taken to an area hospital with non life-threatening injuries.

While the MCSO is continuing its investigation, initial investigation indicates that this was an "accordion" type traffic crash. When the first tractor-trailer slowed, a chain reaction ensued and the mini-van was impacted between the 2nd and 3rd semis.

There is no final determination as to the cause of this crash, or arrests/citations. The MCSO will be interviewing the operators and witnesses into the morning.

The State Patrol is assisting at the scene. The Expressway is shutdown, and traffic is being routed off at Ryan Road, re-entering at Rawson.

*** No Further Information will be distributed until the Morning***
