Deputies Arrest Man with Handguns at Hospital

Milwaukee, WI – Milwaukee County sheriff's deputies arrested a 31-year-old man at Froedtert Hospital yesterday shortly after 5:00 p.m. for having two handguns in a computer bag. The subject was visiting his wife in the hospital, where nurses found him unresponsive in the room. He was taken to the emergency room. Nurses called security when they discovered two handguns in the computer bag he had left in his wife's room.

Deputies recovered the weapons, and arrested the subject in the emergency room after he admitted that the guns were his. The subject did not have a concealed carry permit, and the hospital has posted signs that weapons are prohibited in the facility. He does not have a criminal history, and faces two misdemeanor charges of Carrying a Concealed Weapon. If convicted, he can be sentenced to serve up to nine months in jail on each count.
