G4S Inmate Transport Bus Clips Semi on Freeway

Milwaukee, WI – Milwaukee County Sheriff's deputies responded to a call on I-43 northbound at Holt Avenue at 11:49 a.m. today regarding a G4S Secure Solutions inmate transport bus that had pulled over after clipping the right rear corner of a semi. The bus driver was attempting to change lanes to avoid a disabled vehicle. The semi continued traveling, apparently unaware the vehicles had made contact.

The G4S bus was transporting 22 inmates from the County Correctional Facility-South for court appearances downtown. The inmates complained of injuries, and the Milwaukee Fire Department determined that four inmates would be transported to Froedtert Hospital to be examined for back and neck pain. The remaining inmates were to be examined by jail nurses.
