Safety Building Affected by Flooding Caused by Faulty Pipe

Milwaukee, WI – A county employee discovered flooding near Room 117 in the Safety Building today at about 7:00 a.m. and notified MCSO dispatch. Deputies reported heavy damage to carpeting, ceiling and computers in the roll call room. Sheriff's Administration, Traffic, Court staff and Communications areas were not affected.

A plumber determined that a pipe in a bathroom malfunctioned, causing the flooding. Deputies are assigned to provide security during the cleanup and repair process due to access to files with sensitive court information. The cleanup process is expected to continue through Tuesday.
