SUPERVISORS BIDDLE, SCHMITT TOUR GOODWILL INDUSTRIES

Milwaukee, WI – Milwaukee County Supervisors Eyon Biddle, Sr. and Jim “Luigi” Schmitt toured a local Goodwill Industries International Inc. location in Milwaukee today. They are pleased with the progress Goodwill is making in the Milwaukee County community.

“I am particularly pleased with Goodwill’s commitment to individuals with special needs,” Supervisor Schmitt said. “I commend their work to provide meaningful jobs for the most vulnerable citizens in Milwaukee County.”

Goodwill services are designed to meet the diverse needs of youth, seniors, veterans, individuals with disabilities, those with criminal backgrounds and many other specialized needs.

“Due to the high unemployment rate among African American males in my district, I’m happy we have organizations such as Goodwill to help people find jobs and provide for their families,” said Supervisor Biddle. “It’s crucial to make sure that folks in the 10th District, and throughout Milwaukee County, have access to these services.”

The Goodwill Workforce Connection center offers comprehensive job search assistance for residents. On-site interview and computer access services are free and open to the public.
