“That Government is Best Which Governs Least”

-Thomas Jefferson

Based on this great quote, I can tell you that August was the “best” month of the year for Milwaukee County government. That is because the County Board was in recess during the month of August, and as a result I have no reports to give you regarding ongoing debates or passage of any new resolutions. We will resume normal business the first week of September and will kick into high gear when the County Executive presents his 2010 recommended budget to the County Board on September 24th.

YOUR OPPORTUNITY TO BE HEARD
Milwaukee County Budget Public Hearings Scheduled

The County Board's Finance & Audit Committee has scheduled four public meetings in various locations throughout the County giving citizens the opportunity to voice opinions and concerns related to the County Budget. I cannot stress enough how important it is for you to take the time to attend one of these meetings.

Because of steadily increasing labor and benefit costs and declining revenues from sales taxes and aid from the State, the pressure is going to be on now, more than ever, to increase property taxes in Milwaukee County. Judging by the phone calls and emails I receive, I do not believe that is what the citizens of the 17th District want. However, when you talk to me you are preaching to the choir. By coming to one of the public meetings, you can make your views known to many of my colleagues that will be in attendance.

I will attend the following meeting and hope to see you there:

Thursday, September 10, 2009
Franklin Law Enforcement Center
9455 W. Loomis Road
