SUP. DIMITRIJEVIC TO SHARE SUCCESS OF MILWAUKEE COUNTY'S GREEN PRINT AT SUSTAINABILITY ACADEMY

Event in Chicago to highlight benefits of sustainability

Milwaukee, WI – Milwaukee County Supervisor Marina Dimitrijevic is among the featured guest speakers at next week's Urban Sustainability Leadership Academy in Chicago. On Monday, Supervisor Dimitrijevic will be a panelist providing her perspective on selling sustainability as an elected official.

"Thanks to the Green Print, Milwaukee County has made great strides in becoming more sustainable, and I am proud to share our experiences with other government officials from around the country," Supervisor Dimitrijevic said. "One of the biggest reasons the Green Print has been successful is that it was embraced by policymakers and staff in Milwaukee County. I am thankful for that support, and I look forward to telling our story to a larger network."

The Academy is organized by the Institute for Sustainable Communities. The theme for next week's Academy is Creating, Leading & Managing Change, 2.0.
