COUNTY MOVES FORWARD ON BAY VIEW BUS SHELTER

Business Improvement District #44 to handle maintenance, snow removal

Milwaukee, WI – The Milwaukee County Board today approved an amended to move forward on construction of an artistic bus shelter in Milwaukee’s Bay View neighborhood.

Milwaukee County is providing \$50,000 of Public Art Program funds for the initial construction of an artistic bus shelter at the intersection of Kinnickinnic, Howell, and Lincoln Avenues with long term maintenance and up-keep to be provided by Bay View BID #44.

“BID #44 has done a wonderful job in securing this site and providing funding for this project,” Chairwoman Dimitrijevic said. “I have no doubt they will continue to keep it well maintained for many years, further adding to the value, beauty and functionality of the Bay View neighborhood.”

The agreement with the Bay View Business Improvement District (BID) #44 was amended to state that Milwaukee County shall not be responsible for snow and ice removal at the shelter locations.

“As a representative of the Bay View neighborhood, I am grateful that the BID is participating in the process of creating this shelter,” Supervisor Haas said. “Their attention to its care and maintenance will be appreciated by all, not just Bay View residents, and I look forward to future collaboration with the BID.”
