**Milwaukee, WI** – Milwaukee County Supervisors Marina Dimitrijevic and Chris Larson will speak at the “Driving Towards 2020 Green Vehicles Workshop” at the Milwaukee Area Technical College Friday, April 24th. The workshop will showcase energy-efficient and diminished-emission vehicles for the present and near future.

Both Supervisors will discuss the “Green Print” legislation, authored by Supervisor Dimitrijevic and adopted in 2007, which is already meeting the goals set to raise environmental and conservation standards and preserve resources for future generations. The Green Print includes the purchase of hybrid vehicles for Milwaukee County, which was approved at the County Board this month.
