ATTRACTIONS NEAR O'DONNELL PARKING GARAGE REMAIN OPEN

Parking structure itself is only facility that remains closed

Milwaukee, WI – Milwaukee County Supervisors are reminding residents that key Milwaukee County attractions remain open, despite last month's tragedy at the O'Donnell Park parking structure.

Board Chairman Lee Holloway, along with Supervisors Elizabeth M. Coggs, Michael Mayo, Sr., and Gerry Broderick, are encouraging County residents to visit the Betty Brinn Children's Museum as well as Coast Restaurant. Both attractions are located adjacent to the parking structure. Although the parking garage itself remains closed, all surrounding businesses and attractions remain open for business. Residents and visitors are invited to bring their families and friends to enjoy all of the summer attractions Milwaukee County has to offer.
