Cudahy Sportsman (Gun) Club

The Committee on Parks, Recreation and Culture held a public hearing on the Cudahy Gun Club on January 27. The main discussion revolved around the Department of Natural Resources (DNR) letter to the Milwaukee County Parks Dept. as the lessor and the club as the lessee with regard to the requirements for assessing the gun club property. The DNR is concerned with the lead shot, the plastic wadding and the clay pigeons which are bound with an oil based coating. The first step in the DNR process requires a site assessment. The Parks Dept. will conduct this assessment by hiring an appropriate professional to test the site to determine whether clean-up is required and the extent of the requirement. The next step in this process will be to create a plan if clean-up is required. This review process will take about 90 days to complete.

The Gun Club expressed a cooperative posture in wanting to work with the Parks Dept. in responding to the DNR letter. In addition, the Gun Club is exploring alternate sites so that it will no longer be trap shooting over open water. This exploration will take into consideration several possible alternative sites. Meanwhile, the club has a one-year extension on their lease for 2015 to complete these studies. I am pleased that the club has taken a cooperative approach in working with the Parks Dept. to address the concerns of the DNR letter.

Southridge Update (Press Release)

**NEW SOUTHRIDGE BUS SERVICE IS NOW IN PLACE, INCLUDING A NEW STOP
ON THE SOUTH OUTSIDE MACY'S DEPARTMENT STORE SERVING
ROUTES 64 AND 76**

Milwaukee County Transit Service has begun to provide service to new bus stops at Southridge Mall, Supervisor Patricia Jursik said today.

The newly placed stops include one that will eliminate the walk through the parking lot and across the busy service road outside the Sears store. The north stop for Routes 55 and 14 will provide a straight pedestrian walk from the drop off point just north of the Sears store with a direct walk to Sears which is approximately 250 feet closer than the prior location, eliminating the need to cross busy traffic lanes and walk through the parking lot. The second new stop is outside the Macy's store.

The maps on the public timetables for bus routes 64 and 76 that now serve the new south bus stop near Macy's have been updated and can be viewed at <http://www.ridemcts.com/routes-schedules>

The newly printed versions are available to the public and the revised timetables with maps are also on-line. The large shelter on the north side of Southridge will be removed from the old bus stop and moved to the new bus stop location as of today. In addition, a new shelter will be installed at the new bus stop location on the south side near Macy's and is also scheduled for today.

Southridge management, Simon Property Group, of Indianapolis, moved regular bus stops at the mall entrance on Nov. 1, 2013, requiring people to walk 1,000 ft. from the replacement bus stop to the mall entrance. The new stops will be closer to the mall but will not replace the former stop at the mall entrance.

Jursik said the new stops were part of a compromise with Southridge management. "While this is a compromise that addresses many of the safety concerns regarding pedestrians walking through traffic lanes, it is still a longer walk from the prior direct service to the doors at Sears for the routes 55 and 14 users," Jursik said. "The new south stop near Macy's for routes 64 and 76 are a welcome addition. I call on Southridge management to ensure good snow and ice removal for these walkways to make sure that this is indeed a safe stop for our bus passengers."

Sheridan Lagoon is now open for ice skating

Attention*

Ice must be 6 inches thick to open for public skating.

Pay attention to "Thin Ice" signs. No ice fishing in skating areas.

Enjoy your winter sports!

A new airport director (Mr. Terry Slaybaugh) has been hired.

Mr. Slaybaugh hails from Dayton, Ohio.

I have already requested a meeting with Director Slaybaugh informing him that I represent four cities that surround this airport. I want to hear how Mitchell will be a good neighbor to the citizens that bear the brunt of noise and pollution. While the airport is a good generator of economic activity, it still has responsibilities. I'd also like to know if Director Slaybaugh foresees continuing the efforts of prior administrations on selling this publicly owned airport to private parties. As always, stay tuned.

NOTICE OF PUBLIC HEARING

Official Notice No. 6983
