POLICY: The Milwaukee County EMS Education Center staff will host a National Registry EMT-Paramedic exam at the conclusion of each paramedic course. The staff will assist the students in completing the necessary paperwork to gain NREMT certification and State of Wisconsin licensure.

- The Education Manager or designee completes the education portion of the students' applications.
- Students complete the personal and demographic portions of the applications.
- The Medical Director completes his portion of the application.
- When appropriate, Fire Department administration completes their portion of the application.
- MC EMS will pay the initial application fees for the affiliated department students; non-affiliated students will pay their own application fees.
- The Education Department mails in the applications for initial testing.
