## SCHEDULED FULL INTERSECTION CLOSURES REDUCED TO CLOSURE OF WEST LEG OF INTERSECTIONS ONLY

As a result of staging efforts, the previously planned full intersection closures, at WIS 100 and Bluemound Road, as well as WIS 100 and Watertown Plank Road, have been modified such that only the west leg of each intersection will require closure. The west leg of the WIS 100 and Bluemound Road intersection will be closed from July 20 to July 31. The west leg of the WIS 100 and Watertown Plank Road intersection will be closed from August 1 to August 10. During each of the intersection closures, WIS 100 will be fully open to both northbound and southbound traffic and motorists will have access to and from the east leg of both Bluemound Road and Watertown Plank Road. Access to residents and businesses will be provided throughout the closures.

The map below depicts the modified work areas and timeframe for each closure.

### Upcoming Events and Reminders

1. Potter Road remains closed from WIS 100 to the UPRR until July 15.
2. Traffic on Bluemound Road will be switched to the eastbound lanes the weekend of June 27.
3. Traffic on Watertown Plank Road will be shifted to the westbound lanes in early July.
4. Traffic on Research Drive will be switched to the westbound lanes in early July.
5. Overnight July 15-16 there will be a full closure of the north leg of the intersection of WIS100 and Watertown Plank Road.
6. In mid-July, traffic will be switched to the northbound lanes of WIS100.

### Don't Forget!

You can still visit all your favorite local businesses throughout construction. Watch for signs and directions to driveways.
