

MILWAUKEE REGIONAL MEDICAL CENTER

84TH STREET/HONEY CREEK DRAINAGE WORK TO BEGIN

As part of the Zoo Interchange project, a large storm-water drainage structure will be constructed under I-94 East/West, crossing under 84th Street, and continuing underneath Kearney Street. On October 12, 2013 Kearney Street will be closing until July 27, 2014. Motorists are advised to use 84th Street, Greenfield Avenue and 70th Street to get around the closure.

The I-94 Eastbound and Westbound entrance ramps at 84th Street will also be closing October 12, 2013 until late Summer 2014. To travel east on I-94, motorists are advised to use the 68th Street I-94 Eastbound entrance ramp. To travel west on I-94, motorists are advised to take Wisconsin Avenue to the US 45 South entrance ramp or continue west to 97th Street south to Bluemound Road west to WIS 100 South to the I-94 West entrance ramp.

STAY INFORMED

- Visit us on the web at www.zoointerchange.wi.gov to view the latest project information, sign up for periodic mail and email updates, or leave a comment for the project team.
- Call the project team members listed in this update and we will be happy to address your questions.
