

MILWAUKEE REGIONAL MEDICAL CENTER

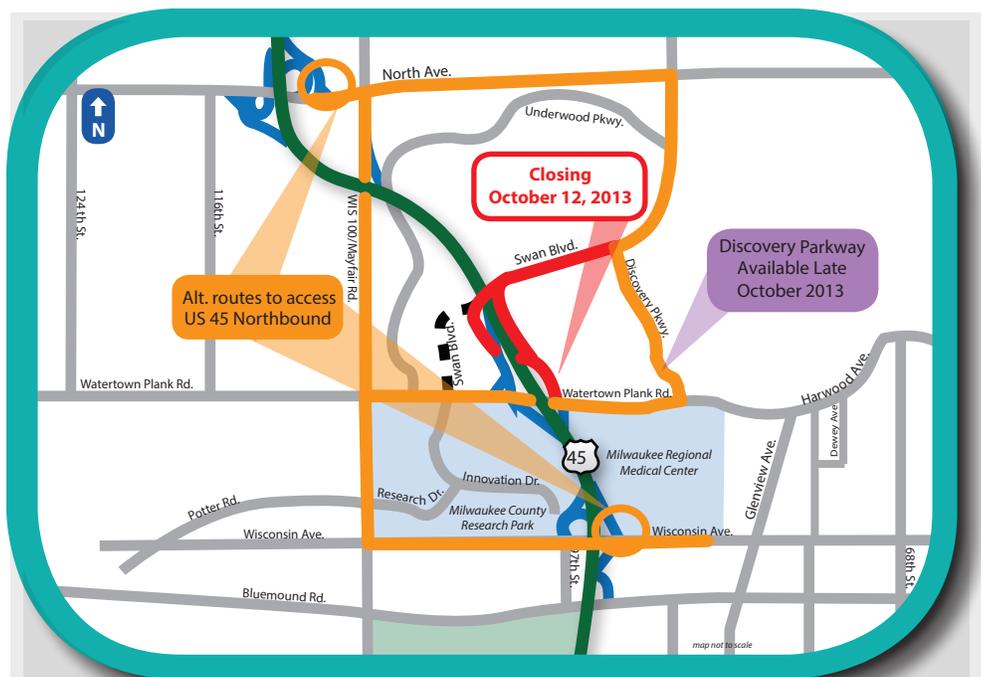

US-45 NORTHBOUND ENTRANCE RAMP CLOSING OCTOBER 12, 2013

As part of the Zoo Interchange Project, Swan Boulevard, over US 45, is being reconstructed. Construction began in early July and will continue through late December 2013.

Watertown Plank Road northbound entrance ramp to US 45, as well as, Swan Boulevard, northbound, from Watertown Plank Road to Discovery Parkway will be closing Saturday, October 12.

The northbound entrance ramp to US 45 will remain closed until Fall 2014, as part of the Watertown Plank Road Interchange project. See detours on the map below. Access to northbound and southbound Swan Boulevard will re-open late 2013 on the newly configured roadway, west of US 45, adjacent to Innovation Drive.

The Watertown Plank Road Interchange will be reconstructed from October 2013 to late Fall 2014. Work will include the full closure of Watertown Plank Road, under US 45, and the remaining entrance and exit ramps. Use US 45, Wisconsin Avenue, North Avenue, and WIS 100 to get around the closure. Local traffic on Watertown Plank Road should use the new Discovery Parkway and Swan Boulevard once it opens to access Watertown Plank Road, east and west of US 45. **Stay tuned for more traffic impacts at Watertown Plank Road later this year.**
