

CONSIDERING YOUR OPTIONS FOR LONG TERM CARE

As a Medicaid-eligible resident of Milwaukee County, you may be able to choose among the following options to meet your health and long-term care needs:

Family Care: covers your long-term care services. But your ordinary and acute care* and pharmacy will be covered separately by Medicare and/or Medicaid.

Partnership: uses Medicare and Medicaid to coordinate and cover your long-term care, primary and acute care* and pharmacy services.

PACE, Program for All inclusive Care for the Elderly is available for persons aged 55 and older. It uses Medicare and Medicaid to coordinate and cover your long-term care, primary and acute care* and pharmacy services. Some of the services may be provided at the PACE day center if you choose to attend the center.

IRIS: (Include, Respect, I Self Direct) The self directed supports program covers the long term care needs that you decide are most important for you. Some long term care needs, along with your acute and primary care needs will be covered by Medicare and/or Medicaid.

*Primary care refers to doctor visits and checkups. Acute care means emergency care and hospitalization

Or, you can:

Use your Medicaid (Title 19) Forward Card for doctor visits and other health services.
