HAPPY 30TH ANNIVERSARY DECA Program

On June 19, 1984 Milwaukee County revised its Civil Service rules such that it could take advantage of Section 63.085 of Wisconsin State Statutes and create the Milwaukee County Disabled Expanded Certification Appointment (DECA) Program. Over those 30 years the DECA Program has been under the direction of Jon Van Dyke (1984-1990), Tim Ochnikowski (1990-1999), and Sue Chase (1999 to present).

Since 1984, the DECA Program has assisted hundreds of individuals with disabilities in gaining full-time employment with Milwaukee County, saving taxpayers millions of dollars over the years in taxpayer funded disability benefits not being paid out and increased payroll taxes being paid. Individuals with disabilities hired through the DECA Program have been in jobs from Accountant to Zoo Worker and everywhere in between.

If you are interested in finding out more about the DECA Program, please feel free to check out the web page here: <http://county.milwaukee.gov/DECA>.

SOCIAL SECURITY UPDATES

By Karyl Richson
Social Security Public Affairs Specialist in Milw

FATHERS, MEN'S HEALTH, AND SOCIAL SECURITY

This year, we observe National Men's Health Week from June 9 to 15. Each year we observe Men's Health Week the week prior to Father's Day, focusing on awareness, prevention, education and family.

And, June 8 is Best Friends Day, so if your dad happens to be your best friend too, all the more reason to celebrate.

Social Security encourages you to support fathers and friends everywhere in their efforts to stay healthy. The right balance of diet, exercise, regular visits to doctors and health care providers, and overall healthy living can go a long way to help everyone remain a part of your daily life for years to come.

Avoiding stress helps folks stay healthy. That's why we'd like to suggest that you advise the men in your life (and everyone for that matter) to avoid scams and phishers. Fathers and best friends may like to go fishing, but make sure they aren't the catch of the day when a criminal offers alluring bait.

For example, Social Security will *not* call or email you for your personal information such as your Social Security number or banking information. If someone claiming to be from Social Security contacts you and asks for this information, do not give out your personal information without calling us to verify the validity of the request. The caller may be an identity thief phishing for your personal information. Just call the local Social Security office or Social Security's toll-free number at 1-800-772-1213 (TTY 1-800-325-0778).

If you receive a suspicious call, please report it to our Fraud Hotline. You also can report such calls online at <http://oig.ssa.gov/report> or by telephone at 1-800-269-0271 from 10:00 a.m. to 4:00 p.m. Eastern Standard Time. If possible, please include the following details: The alleged suspect(s) and victim(s) names, addresses, phone numbers, dates of birth, and Social Security numbers, if known; Description of the fraud and the location where the fraud took place; When and how the fraud was committed; Why the person committed the fraud (if known); and Who else has knowledge of the potential violation.

Identity theft is one of the fastest-growing crimes in America. If you or anyone you know has been the victim of an identity thief, the place to contact is the Federal Trade Commission (FTC) at www.idtheft.gov. Or, call 1-877-IDTHEFT (1-877-438-4338); TTY 1-866-653-4261.

Whether you go fishing, play some ball, or take a hike, we encourage you to enjoy some healthy time with your father and with your best friend. But make sure no one falls victim to the wrong kind of phishing. Learn more by reading our publication, *Identity Theft And Your Social Security Number* available at www.socialsecurity.gov/pubs.

HELEN KELLER WOULD HAVE APPRECIATED SOCIAL SECURITY'S EFFORTS

June 27 is Helen Keller Day, a commemorative holiday established by President Jimmy Carter in 1980 on her 100th birthday. The first deaf and blind person to earn a Bachelor of Arts degree, Helen Keller was a world-famous speaker, author, and advocate for people with disabilities. She undoubtedly would have appreciated all that Social Security does for the disabled community and their families.

Not only does Social Security provide disability benefits for people who qualify, but we make great efforts to communicate with people in alternative formats to make our resources and services accessible to everybody. We are committed to providing world-class customer service to everyone we serve. One of our long-standing commitments is to ensure that people with disabilities have meaningful access to our programs and services. All of the pages on our website, www.socialsecurity.gov, are easy to access for people with disabilities.

We are pleased to build on this commitment with the introduction of our new Center for Section 504 Compliance. Section 504 of the Rehabilitation Act prohibits federal agencies and programs that receive federal funding from discriminating against individuals with disabilities. The 504 Center provides guidance to Social Security offices nationwide to ensure that our customers with disabilities have meaningful access when conducting business with us.

The 504 Center's toll-free number is 1-844-881-9061 and its business hours are 8:00 a.m. to 4:00 p.m. Eastern Time, Monday through Friday (except federal holidays).

In addition, we offer our publications and notices in alternative formats for those who request them. The most popular ways for the public to read our publications are by PDF and streaming audio file at www.socialsecurity.gov/pubs. However, the public also can request our publications in Braille, audio cassette tape, audio CD, or enlarged print at www.socialsecurity.gov/pubs/alt-pubs.html.

Learn about our special notice options at www.socialsecurity.gov/notices.

Find out more by visiting www.socialsecurity.gov/accessibility/504_overview.html. And, by the way, you'll find that all of our web pages are easily accessible for people with disabilities.

BUS STOP BARRIER BUSTER 2014

With the weather finally getting better and construction season getting into gear, Milwaukee County Transit System (MCTS) and the Transit Plus's New Freedom Staff are pleased to let you know that the 2014 barrier removal program is already underway. Currently the crews from the Milwaukee County Highway Department are installing new ADA-compliant bus pads at various locations in Downtown Milwaukee and in Bay View.

The first locations that will be tackled are in Wauwatosa, including the intersection of 76th Street and North Avenue, as well as in the Village of Whitefish Bay, along Hampton Avenue, Marlborough Drive and Wilson Drive. The completion of the pads in Whitefish Bay will eliminate all of the non-compliant ADA stops that were identified in the village. Also, by mid-June, the Route 55 (Layton Avenue) extension on Layton Avenue from 76th Street to the Hales Corners Park and Ride will be complete. The installation of 12 new compliant bus stops will increase accessibility to many popular destinations in Greenfield.

In 2014, our goal is to surpass the 45 bus pads installed in 2013, improving accessibility to MCTS riders. As always, the New Freedom team highly encourages riders to let us know of any non-accessible stops on any routes; we appreciate comments from riders. Please call Chris Fox at 414-344-4550 ext. 3500 or email cfox@mcts.org.

MOBILITY & ADAPTIVE EQUIPMENT FOR KIDS

Summer is just around the corner. Do you know a child who needs adaptive equipment at home?

Variety - The Children's Charity of Wisconsin can provide funding for mobility and adaptive equipment for children (up through age 21) who have any type of physical disability and live in Wisconsin.

From standers and gait trainers for therapy to lifts and ramps for transferring, Variety can fund all sorts of equipment for children with physical disabilities. We can even fund communication devices for home use for children who have successfully used a device in therapy this year. We also fund wheelchairs, positioning chairs, adaptive bicycles*, sports chairs, strollers and much more!

Talk to the parents of children you work with before school is out about applying to Variety! As part of the application process, the child's therapist or doctor is asked to write a referral letter, explaining how the child will benefit from the equipment.

Download a [Freedom Program Grant Application](#) or [visit our website](#) for more information.

Questions? Contact Jessi Bauer-Phipps, Program & Event Specialist, at [262-777-2090](tel:262-777-2090) or jessica@varietywi.org.

Variety Future Kids Program

Know a child with a physical disability but he or she is not in need of equipment at this time? You can still refer them to Variety for our Future Kids program! Variety takes children with physical disabilities and their immediate family member on fun, free outings to museums, movies, sporting events and more. Just have the family contact Variety to sign up.

*Please note, Variety is no longer reviewing adaptive bicycle applications for summer 2014 due to the length of time required to properly assess the child for the correct bike, get the bike from the manufacturer and make necessary modifications. We will begin reviewing adaptive bike applications again in the fall. All bikes requests approved in the fall/winter will be ready for the summer riding season

NOT EVERYTHING YOU BELIEVE ABOUT HOSPICE IS TRUE

“Hospice” can be a scary word, but it doesn’t have to be. There are many myths about hospice that scare people away from what is actually an amazing benefit offering a dignified, peaceful transition for those we love.

Here are some myths – and the realities – about hospice. First, many believe that choosing hospice means giving up, which is completely untrue. When medical treatments cannot cure a disease, hospice can do a great deal to control pain, manage symptoms, and provide medical, spiritual and emotional comfort to patients AND their families. The goal of hospice is to improve the quality of life for patients and loved ones and to focus on comfort and dignity.

Hospice is not a place. It’s the aggressive treatment of physical and emotional pain and symptoms at the end of life, also known as “palliative care.” Most people want to spend their final months, weeks, and days at home, in familiar surroundings, accompanied by family and friends. Hospice respects that desire – whether “home” is a private residence, nursing home or assisted living community. Care can also be provided at a hospice inpatient unit.

Hospice is much more than hand-holding at the bedside. The hospice team is made up of a highly skilled team of experts in comfort care, including doctors, nurses, hospice aides, social workers, chaplains, volunteers, bereavement specialists, and more. We will work with your physician and caregivers to coordinate personalized care according to what you and your family need.

Many worry that hospice services are complicated and expensive. Hospice care is actually covered 100% by Medicare, Medicaid, Veterans benefits and most insurance plans. When a patient is receiving hospice, the cost of medications and medical equipment related to their terminal diagnosis are also covered 100%. Families don’t have to spend themselves into poverty to qualify for hospice coverage. In fact, choosing hospice relieves many of the financial burdens and uncertainties that can accompany incurable illness.

Hospice care is for patients with life-limiting illnesses, including but not limited to cancer, heart disease, stroke,

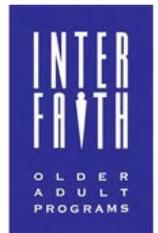

lung, liver or kidney disease, multiple sclerosis, ALS, Parkinson’s and AIDS. People of all ages face death, whether young or old. Hospice care is customized to meet the patient’s needs, focusing on comfort and dignity for the patient and providing support for loved ones.

All hospices are NOT alike. While Medicare-approved hospices must provide the same basics of care, hospices differ in the quality of their service and the choices they offer. Interview several hospices before making this important decision. Choose the hospice that best fits your needs.

MCW to host Adaptive Sports and Recreation Expo

The Medical College of Wisconsin's (MCW) physical medicine and rehabilitation department will host an Adaptive Sports and Recreation Expo **July 26** at Nathan Hale High School in West Allis, Wis.

The expo, which features more than 45 indoor and outdoor programs and activities, will kick off at 9:00 a.m. and run through 3:00 p.m. With the theme of "EveryBODY Plays," admission is free and the expo will offer activities for all ages.

Nearly 15 percent of Wisconsin residents have some type of disability, and physical activity through sports and recreation is known to have many positive benefits for individuals with disabilities. The goal of the Expo is to connect people and families impacted by disability with community organizations providing services and recreational opportunities in a single venue, allowing them to access opportunities with which they may not be familiar.

Some of the adaptive activities offered at the Expo will include hand cycling, t-ball, kayaking, wheelchair basketball, challenge course, and rugby (full contact wheelchair football), as well as non-athletic endeavors such as art and outdoor recreation.

"It is our hope that the Expo will create exposure, partnerships, collaborations, awareness and engagement. Exercise is medicine, and we are so excited to reach out to the community and showcase the resources and programs which make this type of event a reality," said Diane Braza, M.D., professor and chair of physical medicine and rehabilitation at MCW.

Curative Care Network, which is celebrating 95 years of service to individuals with disabilities, is a major sponsor of the event. Other sponsors include the Clement J. Zablocki VA Medical Center, Wheel & Sprocket, the West Allis West Milwaukee School District, Wisconsin Paralyzed Veterans of America, Adaptive Adventures, Sodexo, Great Lakes Adaptive Sports Association, and Froedtert & the Medical College of Wisconsin. The Milwaukee VA Spinal Cord Injury Center's Badgerland Adaptive Sports Club, Nathan Hale High School and Curative Care Network will also be helping run the event.

For more information about the Expo, call 414-805-9770 or email sabrahms@mcw.edu. Preregistration is available at everybodyplays.eventbrite.com.
