BUS STOP BARRIER BUSTERS ADVANCE EFFORTS IN 2016

With fall in full bloom, temperatures and leaves are falling and soon enough, snow flurries will pile up! Do slushy barriers cause you havoc, essentially icing any attempt at traversing to your Thanksgiving feast? Have no fear, the barrier buster is here! Milwaukee County Transit System (MCTS) and the Transit Plus's New Freedom staff are pleased to let you know that the 2016 barrier removal program has had a very successful year, with **48** new ADA-compliant bus pads already in place, and a few more expected to be installed before the freeze.

In October, the expert crews from the Milwaukee County Highway Department completed 10 new bus stop pads in the Village of Greendale on Route 64 (S. 60th Street). The newly upgraded stops will make the area around the Goodwill Training facility and Historic Downtown Greendale more accessible.

Earlier in 2016, 38 bus stops were made ADA compliant in the City of Milwaukee, specifically on Routes 67 (N. 76th – S. 84th Street) and 76 (N. 60th – S. 70th), in the southwest corner of the city limits.

This month, the barrier buster will follow up its work by heading to the City of Oak Creek to improve 18 bus pads along Centennial Drive and the rest of the recently extended Route 80 (6th Street). The new pads will improve access to Oak Creek High School, several popular shopping centers including Target, and hundreds of residential complexes.

With the impending snow season rapidly approaching, MCTS gives a friendly reminder and encourages all riders and residents to spread the word on the importance of snow removal at bus stops, as well as sidewalks and curb ramps. Keeping the ice and snow clear is crucial to people who have difficulty with mobility, as well as strollers and carts. The lack of a cleared path can prevent someone from even leaving their home, so remember to shovel and salt!!

In 2016, our goal is to continue to improve accessibility to all MCTS passengers. As always, the New Freedom team highly encourages riders to let us know of any non-

accessible stops on any routes; we appreciate your comments. Please call Chris Fox at 414-937-3256 or email cfox@mcts.org.
