**INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY  
SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS**

To the Board of Supervisors of the  
County of Milwaukee, Wisconsin:

We have audited the accompanying Schedules of Expenditures of Federal and State awards of the County of Milwaukee, Wisconsin for the year ended December 31, 2007. These Schedules of Expenditures of Federal and State awards are the responsibility of the County of Milwaukee, Wisconsin's management. Our responsibility is to express an opinion on these Schedules of Expenditures of Federal and State awards based on our audit.

The financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Milwaukee, Wisconsin, as of and for the year ended December 31, 2007, which collectively comprise the County of Milwaukee's basic financial statements have been audited and a report dated July 28, 2008 has been issued. The basic financial statements are the responsibility of the County of Milwaukee's management. We did not audit the basic financial statements of the County; they were audited by other auditors and separately issued.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America and the provisions of the State Single Audit Guidelines issued by the Wisconsin Department of Administration. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedules of Expenditures of Federal and State awards are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Schedules of Expenditures of Federal and State awards. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the Schedules of Expenditures of Federal and State Awards referred to above present fairly, in all material respects, the results of the County of Milwaukee, Wisconsin's operations of Federal and State awards for the year ended December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH  
REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND  
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB  
CIRCULAR A-133 AND THE STATE SINGLE AUDIT GUIDELINES**

To the Board of Supervisors  
of the County of Milwaukee, Wisconsin

Compliance

We have audited the compliance of the County of Milwaukee, Wisconsin with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the State Single Audit Guidelines that are applicable to each of its major federal and major state programs for the year ended December 31, 2007. The County of Milwaukee, Wisconsin's major federal and major state programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and major state programs is the responsibility of the County of Milwaukee, Wisconsin's management. Our responsibility is to express an opinion on the County of Milwaukee, Wisconsin's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and the State Single Audit Guidelines issued by the Wisconsin Department of Administration. Those standards, OMB Circular A-133 and the State Single Audit Guidelines require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or major state program occurred. An audit includes examining, on a test basis, evidence about the County of Milwaukee, Wisconsin's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County of Milwaukee, Wisconsin's compliance with those requirements.

In our opinion, the County of Milwaukee, Wisconsin complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and major state programs for the year ended December 31, 2007. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with OMB Circular A-133 and the State Single Audit Guidelines, and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2007-1 through 2007-8.

#### Internal Control Over Compliance

The management of the County of Milwaukee, Wisconsin is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the County of Milwaukee, Wisconsin's internal control over compliance with requirements that could have a direct and material effect on a major federal or major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County of Milwaukee, Wisconsin's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis.

A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any

deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The County of Milwaukee, Wisconsin's response to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit the County of Milwaukee, Wisconsin's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Supervisors, management, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors  
of the County of Milwaukee, Wisconsin

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Milwaukee, Wisconsin as of and for the year ended December 31, 2007, which collectively comprise the County of Milwaukee's basic financial statements and have issued our report thereon dated July 28, 2008. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Milwaukee County War Memorial Center, Inc., the Marcus Center for the Performing Arts, and the Milwaukee County Research Park Corporation, as described in our report on the County of Milwaukee's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the Milwaukee Public Museum, Inc., the Milwaukee County War Memorial Center, Inc., the Marcus Center for the Performing Arts, and the Milwaukee County Research Park Corporation were not audited in accordance with *Government Auditing Standards*.

***Internal Control Over Financial Reporting***

In planning and performing our audit, we considered the County of Milwaukee's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County of Milwaukee's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County of Milwaukee's internal control over financial reporting.

To the Board of Supervisors  
of the County of Milwaukee, Wisconsin

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County of Milwaukee's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County of Milwaukee's financial statements that is more than inconsequential will not be prevented or detected by the County of Milwaukee's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County of Milwaukee's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in the County of Milwaukee's internal control over financial reporting that we consider to be material weaknesses, as defined above.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the County of Milwaukee's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to management of the County of Milwaukee in a separate letter dated July 28, 2008.

This report is intended solely for the information and use of the Board of Supervisors, management, federal and state awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

\*\*\*Discussions with Department of the Treasury and Department of Justice staff indicates that currently no CFDA number has been assigned to Asset Forfeiture items. Both agencies indicated they would notify Asset Forfeiture recipients as information becomes available. Only current year Asset Forfeiture actual receipts and disbursements are shown due to uncertainty of revenue flows and amounts to be received. Expenditures are predicated only on prior receipts and specific identifications of grant periods are indeterminable.

COUNTY OF MILWAUKEE

**NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS**

YEAR ENDED DECEMBER 31, 2007

1. **SCOPE OF AUDIT**

The County of Milwaukee (County) is a governmental entity established by laws of the State of Wisconsin and has the powers of a body corporate, as defined in the Statutes. All significant operations of the County are included in the scope of the Single Audit in accordance with the provisions of the OMB Circular A-133 and the State Single Audit Guidelines issued by the State of Wisconsin, Department of Administration. The U.S. Department of Transportation has been designated as the County's cognizant agency for the Single Audit.

(a) **Programs Subject to Single Audit**

All Federal awards received by the County directly from the Federal government or passed through the State of Wisconsin have been included in the Schedules of Expenditures of Federal Awards. All State Awards received by the County have been included in the Schedules of Expenditures of State Awards.

(b) **Fiscal Period Audited**

Single Audit testing procedures were performed for program transactions occurring during the calendar year ended December 31, 2007.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

(a) **Accrued and Deferred Balances**

Revenues (which include grantor reimbursement and local funding) are reported on the cash basis of accounting, whereas expenditures are reported on the accrual basis. The difference between the reported revenues and expenditures can result in accrued or deferred balances at the end of the year. These balances are reversed in subsequent periods.

(b) **Subgrantees**

Certain program funds are passed through the County to subgrantee organizations. The Schedules of Expenditures of Awards do not contain separate schedules disclosing how the subgrantees outside of the County's control utilized the funds. The County requires subgrantees receiving funding to submit separate audit reports disclosing the use of program funds.

(c) **Cost Allocation**

The County has a plan for allocation of central service costs related to grant programs. The amounts allocated to grant programs during a fiscal year are based on this cost allocation plan. Variances between actual costs and budgeted amounts are corrected on a prospective basis. As a result, the 2007 Cost Allocation Plan was based on the 2005 actual amounts and includes adjustments for variances between the 2005 Plan and the 2005 actual amounts.

In addition to the cost allocation plan, the County has various departments, which provide services to other County departments. Charges between departments are based upon direct rates. The methodology or basis for these direct rates has been reviewed and approved by representatives of the U.S. Department of Health and Human Services.

3. **FINDINGS OF NONCOMPLIANCE**

The findings of noncompliance identified in connection with the 2007 Single Audit are disclosed in the section entitled, "Findings of Noncompliance." In determining compliance with the requirements of awards received by the County, samples were selected for testing from the awards shown in the Schedules of Expenditures of Awards. No potential over or under reimbursement effect is shown for internal control findings.

4. **SUPPLEMENTARY INFORMATION**

- (a) Title XIX Medical Assistance payments to the Behavioral Health Division for 2007 and 2006 amounted to \$31,418,969 and \$28,300,547 respectively. These amounts consisted of the following items:

	<u>2007</u>	<u>2006</u>
Patient Billing Cash Receipts:	\$14,049,417	\$12,246,643
Wraparound Capitation Payments:	11,052,440	10,833,837
Crisis and case management billings:	<u>6,317,112</u>	<u>5,220,067</u>
Total	<u>\$31,418,969</u>	<u>\$28,300,547</u>

These amounts are unaudited and are presented to satisfy the disclosure requirement by the State of Wisconsin, Department of Health and Family Services, Division of Health.

- (b) Program income was received mainly in the form of principal and interest payments from home rehabilitation loans to lower - income occupants. The original home repair loans were funded by the Community Development Block Grants, which originated from the U.S. Department of Housing and Urban Development. Program income of \$238,150 was earned from Community Development Block Grants.
- (c) According to the State of Wisconsin, Department of Health and Family Services, 2007 Youth Aids - State payments for correctional facility charges were \$24,244,233. This amount is unaudited and is presented as additional information to satisfy disclosure requirements established by the State of Wisconsin, Department of Health and Family Services.
- (d) The Department on Aging – Care Management Organization (CMO) receives funding from Medicaid through the State of Wisconsin Department of Health and Family Services (DHFS). The funding is through a capitated rate payment for both Medical Assistance (MA) eligible members and for non-MA eligible members. Per the State of Wisconsin, the capitated rate funding for MA eligible members is approximately 57.47% from Federal sources and a 42.53% match from the State of Wisconsin. There were approximately 6,455 MA members at the end of 2007. For non-MA eligible members the capitated rate funding is 100% from the State. There were approximately 64 non-MA members at the end of 2007. Funding is also provided through member cost-sharing and room and board reimbursement for members who are in residential treatment facilities.

As of December 31, 2007 the Department on Aging Care Management Organization (CMO) has met the reserve requirements as identified in its contract with the State of Wisconsin Department of Health and Family Services (DHFS). Per the Health and Community Supports Contract (HCSC) with DHFS, the CMO shall demonstrate its capacity for financial solvency and stability and its ability to assume the level of financial risk by maintaining certain reserves. The CMO shall maintain a working capital reserve, restricted reserve, and solvency reserve.

The working capital reserve is required to be funded at 2% of the net capitated revenue budget of the CMO. The 2007 budget for net capitated revenue was \$147,429,200, which would require a minimum reserve of \$2,948,584 for 2007. As of December 31, 2006, the working capital reserve was funded at \$3,044,576. During 2006 and 2007 investment income of \$133,933 and \$149,724 was earned on the reserve, respectively, bringing the total working capital reserve to \$3,194,300 as of December 31, 2007. The 2008 budget for net capitated revenue is \$176,442,787 for a working capital reserve requirement of \$3,548,856.

The two remaining reserves are the restricted reserve and solvency reserve. As of December 31, 2007, the restricted reserve is required to have a balance of \$2,000,000 the maximum balance based on the current formula and the solvency reserve requirement for the County is \$250,000. These reserves of \$2,250,000 do not require a cash contribution from the County to the CMO but require the County to restrict certain cash assets as a guarantee to meet the HCSC contract requirements. To meet the restricted reserve and solvency reserve requirement, the County restricted certain cash assets of the County in late 2005 and continued to restrict these cash assets throughout 2007.

Milwaukee County and the Department of Aging CMO entered into an agreement during 2005 to replenish the CMO's reserves and to return prior year contributions made by Milwaukee County on behalf of the CMO to Milwaukee County. The agreement called for an equal sharing of any surplus or deficit between the CMO and the County. Continued success of the program resulted in the CMO providing an accelerated payment of \$2,664,568 to Milwaukee County and its General Fund.

**Funding Source**

All Federal funding sources

**Award Program**

All Federal award programs with equipment purchases

**County Administering Department**

Department of Administrative Services

**FINDING 00-1**

**Condition**

The Department of Administrative Services has a control system to safeguard equipment. However, the Department is not receiving information to identify all fixed assets that have been acquired with Federal funds.

**Recommendation**

We recommend that the Department of Administrative Services stress to individual departments the importance of providing complete data for fixed asset purchases. Those with supervisory review responsibilities within the individual departments should be instructed on the importance of the inclusion of Federal funding data when the fixed asset acquisition forms are prepared. This is a recurring finding.

**Milwaukee County Management Response**

The Department is looking to decentralize the fixed asset record keeping within individual departments. This will provide an increased focus at the departmental level for this reporting.

**Current Status**

The Department of Administrative Services has not yet implemented the above recommendation.

**FINDING 2005-2 & 2006-1**

**Condition**

The Family Care – Care Management Organization (CMO) did not receive 2004, 2005 and 2006 audited financial statements 180 days after the service providers' fiscal year end for fifteen of the twenty five service providers' files tested for 2004 and for four of twenty five service providers' files tested in 2005 and 2006.

**Recommendation**

Management should reinforce this requirement with service providers to ensure that all audited reports are received within 180 days after the provider fiscal year end. Management should also institute punitive action against delinquent service providers.

**Milwaukee County Management Corrective Action**

CMO management concurs with the recommendation and has implemented language within the 2007 contract (page 22) that imposes a financial penalty for untimely submission of an audit by a contracted provider. In addition, the language provides the CMO with the authority to contract with an outside audit firm at the providers cost when a provider fails to submit audit financial statements. This language is to be effective beginning with the 2006 audits.

**Current Status**

CMO implemented their corrective action. There were no findings for the year ended December 31, 2007. This finding has been satisfactorily cleared.

Department on Aging

**FINDING 2006-2**

**Condition**

Of 16 participant case files tested there were no signed consent forms for 8 participants.

**Recommendation**

The Family Care – Care Management Organization should conduct a review of all files to ensure completion and existence of required forms.

**Milwaukee County Management Corrective Action**

CMO management agrees with the audit findings. However, it should be pointed that the files referenced in the finding were all early Family Care members who transferred from waiver programs during the formative stages of Family Care in Milwaukee County. Most, if not all, of the cases in point joined Family Care in 2000-2001. Since the program's inception, much effort has gone into insuring that all appropriate documents are contained in the file, especially under the current administration, which took over in early 2006. The present CMO management has instituted revised processes at the point of enrollment and is confident that more recent cases have all necessary documentation. Nevertheless, it is imperative to have adequate checks in place. Although the audit recommendation to address the issue would prove too resource intensive for the CMO to undertake realistically, i.e., to review all case files of the thousands of current and past members to insure that all documents are in place, an alternative will be implemented. Lead Supervisors at the Care Management Units will be asked to review large samples, e.g., 10 cases per month, in the future to insure that all appropriate documents are present. This method would include a record review for about 20%-24% of the entire Family Care membership annually.

**Current Status**

CMO implemented their corrective action. There were no findings for the year ended December 31, 2007. This finding has been satisfactorily cleared.

**FINDING 2006-3**

**Condition**

The Family Care – Care Management Organization (CMO) does not submit the monthly financial performance information required in the Health and Community Supports Contract on a timely basis.

**Recommendation**

The CMO should prepare the monthly financial report regularly and submit the report to the State on a timely basis.

**Milwaukee County Management Corrective Action**

Management concurs with the audit finding. Continued staff turnover (including a key position) coupled with the Department of Health and Family Services (DHFS) change in reporting format contributed to the timeliness issue. The issue of timeliness has been resolved with DHFS by modifying the submission requirement from monthly to quarterly beginning in 2007. As of the first quarter of 2007 the quarterly financials were submitted to DHFS by the due date.

**Current Status**

CMO implemented their corrective action. There were no findings for the year ended December 31, 2007. This finding has been satisfactorily cleared.

**FINDING 2006-4**

**Condition**

Of the 78 case files tested 11 participants' individual service plan (ISP) did not include a subprogram code SPC code for which service were charged on the Human Services Reporting System (HSRS) report.

**Recommendation**

Ensure that all employees responsible for billing have access to ISPs. Also ensure proper training for employees responsible for updating and reviewing the ISP. Conduct an internal audit periodically to see if charges on HSRS match up with participants' ISPs.

**Milwaukee County Management Corrective Action**

DSD will develop and implement a new form Service/Payment Change Form. The form will reflect updates/changes to the ISP where payment or data is impacted. The form will identify the service code on County system Scripts and SPC code rate that will be accompanied with a revised ISP and routed to payment and data staff. Program staff will develop procedures for the new process for all involved parties: program, data and fiscal/payment staff. DSD will schedule a meeting with Fiscal/Payment supervisor and LTS supervisory and QA staff to alert them to the problem and dialogue on monitoring the use of the form and process to diminish errors. All in-service session will be held with case managers, data and payment personnel to introduce the form and discuss periodical monitoring by the DHHS QA staff as well as internal audits completed at least twice a year to check compliance.

Department of Health and Human Services

**FINDING 2006-6**

**Condition**

Of 45 participant case files tested, 1 case file did not have a social security number on the application or the electronic data collection system. Further review of the data collection system indicated that 1,432 out of 25,190 did not have social security numbers. Applicants who are receiving benefits in the program and do not have a social security number are not documented as being eligible to receive benefits.

**Recommendation**

It was verified that as of May 31, 2006, Department of Health and Human Services upgraded their data collection system to correct this deficiency. Since the deficiency has already been corrected we do not have any additional recommendations.

**Milwaukee County Management Corrective Action**

General Assistance Medical Program (GAMP) implemented a new online verification/documentation system on May 5, 2006. Findings outlined in this single audit, have already been addressed through implementation of the online verification system, case file recording was the single method for eligibility requirements. This was a complex process that required manual processing by GAMP eligibility workers. There was no straight forward method of monitoring or managing worker completion. GAMP lacked the resources to provide management staff to perform audits and to ensure that all supporting documentation has been filed according to document an applicant's eligibility. This method of ongoing monitoring is electronic and requires minimal management resources to support the function.

**Current Status**

GAMP implemented their corrective action. There were no findings for the year ended December 31, 2007. This finding has been satisfactorily cleared.

**FINDING 2007-1**

**Condition**

For 12 out of 109 case files tested (CIP 1A: 3 occurrences, CIP 1B: 9 occurrences), the individual service plan (ISP) did not include a subprogram code (SPC) for which services were charged on the Human Services Reporting System (HSRS) report.

**Criteria**

In each participant file, there should be a current individual service plan that was reviewed at least six months and that is signed by the participant or their guardian, if any. Only services authorized on individual service plans can be paid with program funds.

**Cause**

Employees that enter payment for services do not receive the same training as the social workers that help the participants. There is not an employee responsible for ensuring that individual service plans reconcile with the charges on HSRS.

**Effect**

The County may request from the State reimbursement for services not authorized on participants' ISP.

**Recommendation**

Ensure that employees properly update individual service plans, and place it in the case files. Also ensure proper training for employees responsible for updating and reviewing the individual service plans. Conduct an internal audit periodically to see if individual service plans have been properly updated and placed in the case files.

**Management Corrective Action**

The Division very recently collapsed several SPC codes together in order to eliminate and reduce several of the codes that have the same meaning. The Division will assure that staff are aware of the changes in the SPC codes from our local scripts system to the State HSRS system.

**FINDING 2007-2**

**Condition**

7 out of 48 case files tested had missing or not updated individual service plans (ISP).

**Criteria**

In each participant file, there should be a current individual service plan that was reviewed in at least six months and that is signed by the participant or their guardian, if any.

**Cause**

ISP may be lost, misplaced or not updated on a timely basis.

**Effect**

Services that have not been approved may be provided.

**Recommendation**

Ensure that employees update individual service plans electronically, and place it in the case files. Also ensure proper training for employees responsible for updating and reviewing the individual service plans. Conduct an internal audit periodically to see if individual service plans have been updated electronically and placed in the case files.

**Management Corrective Action**

Management will communicate to all staff through a policy directive to check their individuals service plans to assure they are updated and accurate. Also, management will provide training to staff who are not comfortable with completing the ISP in electronic format to assure all ISP's are updated in the same way.

**FINDING 2007-3**

**Condition**

1 out of 48 participants tested had missing Functional Screen or Long Term Care Functional Screen.

**Criteria**

For clients enrolled in the COP program, the county should have documentation verifying that the client was programmatically eligible prior to receipt of COP funded services by meeting one of the following criteria:

1. The person is eligible according to the COP Functional Screen or found functionally eligible through the Automated Long Term Care Functional Screen.
2. The person is referred to the county for community placement under Interdivisional Agreement 1.67, or
3. The person is referred for COP funded services after discontinuation from a waiver program due to a level of care change which precludes further waiver funding.

**Cause**

This may be caused by misplaced or lost documents.

**Effect**

Persons that are ineligible may receive services.

**Recommendation**

Ensure that employees properly file all documents related to eligibility. A documentation checklist should be updated regularly. Conduct an internal audit periodically to see if documentation checklists have been updated and placed in the case files.

**Management Corrective Action**

Management will follow the recommendations as specified by the audit. Our Contract Administration staff will conduct periodic reviews of the case files to ensure compliance.

**FINDING 2007-4**

**Condition**

1 out of 48 participants tested had received payments for services on the COP Human Services Reporting System (HSRS) 016 report, even though the case had been closed.

**Criteria**

The total service costs claimed on the final COP HSRS 016 report for each program participant in the sample for a calendar year should agree with the client service costs documentation.

**Cause**

This may be caused by improper reporting of closed cases.

**Effect**

Unallowed payments may have been made.

**Recommendation**

Ensure that all closed cases get reported on HSRS. Conduct an internal audit periodically to see if all closed cases have been reported.

**Management Corrective Action**

We will follow the audit recommendation, however, the Division has very few completely COP funded cases because we utilize COP as matching funds for the waiver program. It is claimed as one dollar amount and may not actually be identified client by client on HSRS.

**Criteria**

Each client case file should have documentation that the case manager conducted collateral contacts at least once each calendar month, at least one face to face contact every three months (for CLTS every 6 months) and one home visit during the year.

**Cause**

Collateral contacts, face-to-face contacts and home visits were not properly documented.

**Effect**

Clients' well-being or needs may not be properly monitored.

**Recommendation**

Ensure that the required contacts take place. Prepare a yearly schedule for each client for when the contacts are due. Document every instance when a case manager could not get in touch with the client, and list the reason for no contact.

**Management Corrective Action**

The Division continues to emphasize the importance of Case Management contacts by furnishing monthly Case Management report to supervisors providing, on-going training and through case file reviews. However, during periods of staff vacations and illness it is very possible that a few contracts are missed. It is a priority of the Division to continue to provide on-going training and monitoring of Case Management activity.

**Criteria**

1. For Group A clients, the case file should include at least a Form DDE0919.
2. For Group B and Group C clients, the case file should include a Form DDE-0919 or a CARES screen.
3. For all clients, the DDE-0919 form and the CARES screen should be updated at least annually.
4. For all clients, eligibility documents should be completed by the appropriate person.

**Cause**

This may be caused by misplaced or lost documents.

**Effect**

It should be reviewed at least every six months, and should be signed by the participant or their guardian, if any, and the state should have approved the initial plan as evidenced by a letter in the file approving the plan.

**Cause**

Case workers and supervisors have regular staffing meetings during which they discuss the needs of clients for specific services. Sometimes, individual service plans get updated by handwriting on the old individual service plan, but do not get updated electronically. Sometimes, the billing department has an updated individual service plan, but the case file does not

**Effect**

Services that have not been approved may be provided.

**Recommendation**

Ensure that employees update individual service plans electronically, and place it in the case files. Also ensure proper training for employees responsible for updating and reviewing the individual service plans. Conduct an internal audit periodically to see if individual service plans have been updated electronically and placed in the case files.

**Management Corrective Action**

Staff will be reminded to file the most updated and current ISP. Also, sometimes changes occur on the ISP vice telephone with guardians/clients. Staff do not always follow-up with obtaining a new ISP if the change was made verbally. This procedure will be reinforced with staff through a written memo to follow-up with the client/guardian in writing when a change is made on the ISP.
