SUPERVISOR BIDDLE MOTIVATES TEENS AT FELLOWSHIP OPEN

Milwaukee, WI – Continuing his efforts to motivate local teens, Milwaukee County Supervisor Eyon Biddle, Sr., spoke at the Fellowship Open at the Silver Spring Country Club on Friday.

“I appreciated the opportunity to attend the Fellowship Open and continue my dialogue with young people in our community,” Supervisor Biddle said. “Our children matter, and we must do everything we can to motivate them and help them succeed. Every little bit helps.”

For the past 11 years, the Fellowship Open has highlighted and contributed to organizations that have a real impact on kids in Milwaukee.

“Thanks to the Fellowship Open, thousands of youngsters have been positively impacted through arts, technology, and job readiness,” Supervisor Biddle added. “These programs have made a significant and meaningful difference in their lives.”

Supervisor Biddle is thanking John W. Daniels, Jr., for organizing the event, and Redonna Rogers for extending the invitation to participate.
