The goal is to reignite the campaign as interest in employment with BHD has waned since the campaign's end.</p> <p>Questions and comments ensued.</p>

12.	<p>Procurement, Methodology, and Spending Approvals Policy.</p> <p>Dennis Buesing, Department of Health and Human Services</p> <p>Background information was provided on the development of this Procurement Policy. It was originally brought before the Finance Committee and the full Board at the October 2016 meeting cycle. Clarification was provided related to the differences between sole and single source contracting and the differences between the bidding and Request-for-Proposals process. General and financial considerations were explained, as well as how oversight would be conducted, which included who has what spending authority and the County's approval requirements. At the October 2016 meetings, the policy was approved in report format with the contingency it be brought back before the Board in the form of a policy.</p> <p>The policy was brought back before the Finance Committee and the full Board at the February 2017 meeting cycle. There were numerous discussions and concerns raised regarding the Competitive Sourcing section of the policy as it related to what will be reviewed by the Board. Recommendations were made for the inclusion of additional requirements under this section to align the policy with Act 203, in addition to capturing fee-for-service agreement language for fluidity purposes. Both the Finance Committee and the full Board agreed to lay the policy over pending revisions.</p> <p>A workgroup, made up of staff from the Comptroller's Office, Contract Administration, and the Department of Administration's Procurement Division, was established and worked in a collaborative effort to review and revise the policy as previously directed by the Board. Additional funding was added to the 2017 Budget to support this function seven nights a week at both the North and South side CRCs.</p> <p>Once implemented, it was found utilization was low. Expanding clinical coverage to seven days a week at just the CRC North was sufficient to cover and complete admissions at both CRCs. This coverage plan meets the needs for support and access to services on third shift at both locations. As a result, BHD will be reallocating these funds to slightly change the service array at CRC South.</p> <p>Questions and comments ensued.</p>
