Chairman Shrout opened the meeting by greeting Task Force Members and the audience. He announced that he recently appointed Board Member Mike Davis to the Mental Health Board Finance Committee.

2. Due Diligence Process Update.

A conference call was held to discuss due diligence materials received from vendors. In review of the materials, numerous documents were identified as requiring examination by Milwaukee County subject matter experts, in addition to the analysis by Reinhart. Key areas of focus were identified as financial, quality, legal, and human resources. The subject matter experts were assigned accordingly to assist Reinhart. Reinhart recommended the firm be responsible for all aspects of the review. The next step would be to reach out to entities and advocacy groups who have relationships with the vendors. For clarification purposes, a comparison between the Request for Proposals and due diligence processes was provided.

Concerns were raised regarding accomplishing the Joint Task Force's goal, which lead to discussions surrounding alternative plans.
