Dear Neighbor,

I hope this newsletter finds you and your family in good health and high spirits.

It is an honor and a privilege to serve as your representative on the Milwaukee County Board of Supervisors. Thank you for providing me with this opportunity.

As a new member of the Board, I am optimistic about my ability to form partnerships with you as a community and with my colleagues here on the Board to solve problems and create new solutions by working together.

Although new to the Board, I've already begun working on many policy issues for the best interests of the residents of the 4th District. Just recently, I've introduced legislation about our lakefront. This legislation ensures that a cohesive plan is developed that includes all parts of Milwaukee County's lakeshore. This has provided me with a wonderful opportunity to work hands-on in the process with my colleagues on the Board along with various community advocates to ensure that the future policy decisions we make are inclusive and reflect the collective wishes of the entire Milwaukee County community.

This is just the beginning of what I want to cooperatively accomplish as your legislative voice on the Board. If you have any ideas, questions, or concerns, please do not hesitate to call or send me a note. Your input is very valuable in assisting me in making sure that Milwaukee County continues to be a community where people choose to live, work, and raise families.

I hope you will find this issue of the 4th District newsletter helpful and informative. Best wishes to you and your family for a wonderful summer!

Sincerely,

Marina Dimitrijevic

Our Lakefront: Protecting Milwaukee County's Treasure

South Shore Breakwater / Shoreline Protection / Bike Trail

Phase I of the capital improvement plan to address the South Shore shoreline project is scheduled to break ground in the Spring of 2005. Milwaukee County has shown its commitment to the project by allocating \$820,000 in the 2004 capital budget and planning an additional \$1,980,000 expenditure for 2005.

After input from community residents, Milwaukee County will begin the project with the installation of a concrete seat wall, reconstruction of the bike trail along the bluff west of the failing breakwater near South Shore Park, and construction of a shoreline protection system.

The existing bike trail (which is in poor condition and is somewhat impassible in areas) was frequently damaged during the last period of high lake levels in 1985-87. Phase I restores the area from the existing stone jetty on the north end of the project to the point where the path exits the lakefront and returns to the top of the bluff in Bay View Park. Restoring the bike trail also includes the construction of the seat wall. In addition to separating stone on the lakeside from the fill on the embankment, the concrete seat wall will provide a wonderful resting spot for bikers and a comfortable vantage point for passersby to enjoy the view.

Although the primary purpose of constructing the new South Shore shoreline protection system is to protect, stabilize, and shelter the shoreline while preventing future erosion, it also provides enhanced benefits. It ultimately has the ability to protect the environmental corridor. This can occur through the anticipated development of a rain garden in some areas, enhancing the vegetation between the bluff and the bike trail and encouraging the inhabitation of native wildlife.

Phase II of the project is scheduled for 2006 and 2007. Phase II will deal primarily with the breakwater reconstruction and will require a minimum of \$4.5 million.

Supervisor Dimitrijevic participated in the 2004 Keep Greater Milwaukee Beautiful's Sack It To Me Saturday held at South Shore Park on April 24. Supervisor Dimitrijevic, along with nearly 100 area residents, collected a whole truck full of trash as part of the clean-up activities.

**** New Legislation ****

Supervisor Dimitrijevic expands the Lakefront Development Advisory Commission's Vision

Supervisor Marina Dimitrijevic introduced legislation at the May 27, 2004 County Board Meeting that expands the scope of the Lakefront Development Advisory Commission (LDAC).

The LDAC was developed from the Lakefront Task Force. The Task Force had as its mission to study the portion of the lakefront and all contiguous parklands bounded on the north by the Linnwood Water Purification Plant and on the south by Bruce Street, extending east to Lake Michigan.

Supervisor Dimitrijevic introduced legislation that requires the commission to include the entire lakefront of Milwaukee County as part of its project scope. "This simply is the right thing to do," said Supervisor Dimitrijevic. "The entire lakefront is a Milwaukee County treasure. This legislation ensures that Milwaukee County continues its commitment to maintaining it."

South Shore Protection Timeline

Spring 2005	Phase I Shoreline Protection Bike Trail Replacement Concrete Seat Wall
2006/2007	Phase II Breakwater Rebuild

Milwaukee County Senior Citizen Hall of Fame

4th District Resident **George Robles** recognized as a shining example of community service

Milwaukee County recently recognized six seniors for their outstanding commitment to service in our community at the Milwaukee County Senior Citizen Hall of Fame Induction Ceremony held May 28, 2004.

The Hall of Fame honors older adults in Milwaukee County who have made significant contributions to the community. This year, 4th District resident George Robles was inducted into the 2004 Senior Citizen Hall of Fame.

Robles, co-founder of La Guadalupana Senior Center (now merged with the United Community Center) and the first Latino graduate of Bay View High School, is a hard-working trailblazer who is committed to the community.

A robust 90 years young, Mr. Robles volunteers approximately 900 hours annually by providing services such as translation for patients and loved ones at St. Luke's Hospital, volunteering for Mexican Fiesta, seeking donations for the Hispanic Chamber of Commerce and serving on the Milwaukee County Commission on Aging's Advisory Council.

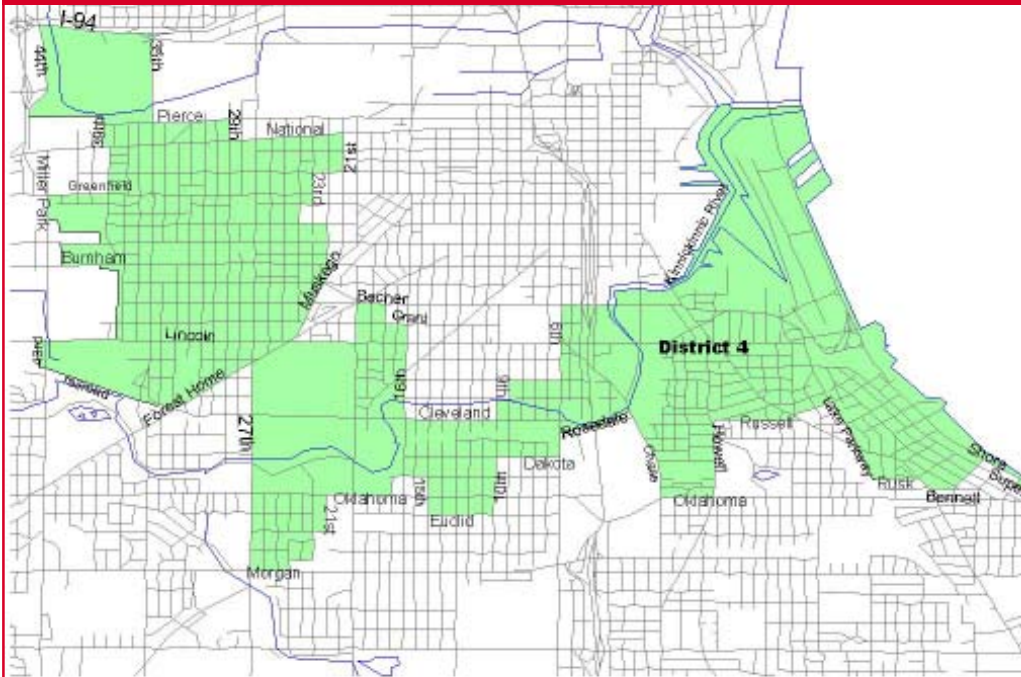

"I am honored to have been a part of Mr. Robles' induction ceremony," said Supervisor Dimitrijevic. "He's a true example of what's great in the 4th District."

If you know of an individual in the 4th District that deserves recognition for their service, please contact my office at 278-4232.

Supervisor Dimitrijevic and Mr. George Robles during the Milwaukee County Senior Citizen Hall of Fame Induction Ceremony.

The New 4th Supervisory District

As part of the redistricting process and the reduction of the members of the Milwaukee County Board to 19 members, each district has increased from 37,000 to 50,000 residents. The New 4th Supervisory District includes Bay View, the Layton Boulevard West neighborhood, and a portion of the south side between Chase Avenue and 27th Street.

I am happy to be your representative on the County Board. If you have any questions about the new district or any other concerns or ideas about County Government, don't hesitate to contact me.
