

## Creating a Dementia Friendly Community

Dementia and Alzheimer's Disease are a growing problem in our country. Here in Milwaukee County, there are many individuals, families and caregivers living with the challenges of this disease. In response, we are working to create a Dementia Friendly Community with resources and support systems for those with dementia as well as their caregivers.

## Serving individuals, families, and the community.

---

Milwaukee County has Dementia Care Specialists who are available to help individuals with dementia and their family and caregivers. Dementia Care Specialists also assist in the development of Dementia Friendly Communities.

Together we can create a community where those with dementia can remain active and safe, and caregivers can feel supported. To learn more about the Wisconsin State Dementia Plan go to: [www.dhs.wisconsin.gov/dementia](http://www.dhs.wisconsin.gov/dementia)
