#037 Progress Notes

I. POLICY

It is the policy of Children's Community Mental Health Services and Wraparound Milwaukee (hereby referenced as Wraparound Milwaukee) that all enrollee-related activities provided by Care Coordinators for Wraparound and REACH be documented in Synthesis (Wraparound Milwaukee *IT system*). Along with Care Coordinators; Children's Mobile Crisis and Wraparound Milwaukee Administration staff also document enrollee-related activities in Synthesis. The Progress Note, as defined in Synthesis, consists of the date of the note, the note text and the author's signature.

II. PROCEDURE

- A. Progress Notes are electronically signed by the author. For notes that are not electronically signed, the printed progress notes must be signed with the full name (*or a minimum first initial and last name*) of the writer and their credential (*i.e., M.A., B.A., etc.*). If the author of a Progress Note is not available to sign the Note (*i.e., a Care Coordinator unexpectedly leaves an Agency*), and that person cannot be located to acquire the signature, then it is permissible for the Care Coordination Supervisor or Lead to sign off on the Progress Note as follows: "Kathy Miller, MSW for John Jackson, BS". A Progress Note is to be entered into the chart by the Supervisor or Lead, indicating why the Progress Note was signed by someone other than the author.
- B. Progress Notes must provide a description of what occurred during the course of the contact (who was present and/or spoken to and their relationship to the youth, the content of the interaction/discussion, where the contact occurred, the type of contact (*i.e., phone, face-to-face, written*), an impression (if any) that the writer may have regarding the contact, and the outcome of the contact/action plan.
- C. Progress Notes must be written in a strength-based and professional manner and reflect

progress or lack of progress toward the Plan of Care Need Statements, Family Vision and movement toward transition/disenrollment.

- D. Use names of the youth, family, and collateral contacts. Avoid use of initials.
- E. Only those Abbreviations, Symbols and/or Acronyms referenced in the "Children's Community Mental Health Services and Wraparound Milwaukee Symbols, Abbreviations & Acronyms" (see *Care Coordination Frequently Used Forms*) document are permissible to use in the context of a Progress Note.
- F. Per HIPAA guidelines, any time protected health information about a youth/family is released (i.e., Plans of Care, Court information, Referrals, etc.), it must be documented in a Progress Note. The Progress Note must contain specific required information (see *Attachment 3*) and is coded as a "Release of Information" note type.
- G. Cutting and pasting emails from others into Progress Notes is **NOT** permissible. The author of the Progress Note must **summarize** the email content within the text of their note. Be reminded that only factual information is to be referenced/summarized and one should refrain from using verbiage that may have expressed one's personal feelings.

H. **Modifying / Deleting a Signed Progress Note**

Once Progress Notes have been signed, the entry generally cannot be edited or deleted. However, edits can be made in the following instances:

1. **If an error is made in the "service type hours" information** on a Progress Note, you can click on the "Re-Open" tab and these fields will become editable. **Note text cannot be edited.** After making your changes, just click on "Update" to re-save the Note. The Note will become uneditable again. Users will only see the "Re-Open Note" tab for Notes dated within the past 30 days. Outside of 30 days, the writer will need to call the Synthesis Help Desk at (414) 257-7547.
2. **If an incorrect date was entered**, contact the Synthesis Help Desk. They will correct the date and put a notation in the record as to this change. If you re-enter and sign the note a second time – your initial note entry cannot be deleted.
3. **If an entry was made in the wrong client record**, you must: 1) re-enter the note under the correct client name; and 2) contact the Synthesis Help Desk to have the entry retracted from the incorrect file. This will "hide" that incorrect entry from all screens and from all reports. The Synthesis Help Desk will document this change on that hidden record.
4. **If an entry was entered with the wrong User ID** (i.e., if someone forgot to re-log in under their own ID on a shared computer), you must: 1) re-enter the note using the correct User ID; and 2) contact the Synthesis Help Desk to have the incorrect entry retracted from the file. This will "hide" that incorrect entry from all screens and from all reports. The Synthesis Help Desk will document this change on that hidden record.

I. **For Care Coordination Agencies:**

1. All Progress Notes (see *Attachment 1 – Sample Progress Note Entry and Attachment 2 – Crisis and Documentation Guidelines*) must be completed and finalized in Synthesis within ten (10) days of the contact. If the Progress Note references a crisis situation, all efforts should be made to complete and finalize with 48 hours of the

incident.

2. At minimum, a weekly Progress Note for Wraparound and a bi-weekly (at least every 14 days) Progress Note for REACH, documenting your face-to-face contacts (*or attempts to make a face-to-face contact*) with the family and the youth is required. If a family/caregiver indicates that they do not desire weekly/bi-weekly face-to-face contact, this must be referenced in a Progress Note **every month**.
3. No more than a total of 12 hours can be reported within the context of a Care Coordinator cumulative Progress Notes in one day. If an attempt is made to enter more than 12 hours of time, an error message will appear. If more than 12 reportable hours were worked in that day, Supervisors and Leads at the agencies have access to increase the amount of time reported.
4. When a Care Coordinator is on vacation, sick leave or a planned absence, a Progress Note referencing this must be entered. The Progress Note must indicate the dates the Care Coordinator will be gone, the name(s) of the person(s) who will be covering for them, and the coverage person's phone number. This Progress Note must be entered **prior** to the Care Coordinator going on leave, vacation, etc.
5. There must be at least one Child & Family Team (CFT) meeting held per month and this must be documented in a Progress Note (*see Policy #076- Team and Plan of Care Meeting Facilitation for more information*). The Team/POC Meeting Note and the Team/POC Meeting – ATTEMPTED Note **cannot** be combined with any other type of Progress Note. **Both of these Note types must stand alone.** A Family Team Meeting can be considered to be a Child & Family Team meeting and should be coded as such on the Progress Note. **When writing a CFT / POC Note, you must discriminate within the context of the Note whether it actually was a CFT or POC meeting.**

J. For Supervisors and Leads only:

1. If presence and purpose is to provide coaching and support with the Care Coordinator (i.e. Team/POC Meeting, court, paperwork review, consult/supervision), the Supervisor or Lead can document a Progress Note, but will not bill any crisis or non-crisis time. The coding for this note would be Consult/Supervision, again, if the presence and purpose is to provide coaching and support with the Care Coordinator.
2. A Supervisor or Lead cannot bill crisis time or non-crisis time when the Care Coordinator is present and billing for the same time. Supervisor or Lead can bill time for travel time, if in fact they drive separately of the Care Coordinator. This is to be documented within the Progress Note.

K. For Wraparound Milwaukee Administration Staff:

1. All Progress Notes must be completed and finalized in Synthesis within ten (10) days of the contact. If the Progress Note references a crisis situation, all efforts should be made to complete and finalize with 48 hours of the incident.
2. If a Care Coordination Agency is present and billing for the time of the interaction, Administration cannot bill time for their Progress Note. Administration can only bill, crisis or non-crisis time, if they are doing work with/on behalf of the youth/family without the Care Coordination Agency being present.

3. For record requests, documentation is to be entered and finalized/signed within five (5) business days of the request being honored.

L. For Mobile Crisis Staff:

1. Progress note entry is to be completed by the end of shift, on the date of contact.

WRAPAROUND MILWAUKEE
Sample Progress Note Entry

1. **Date of Contact** – Date that the contact occurred.
2. **Type of Note** – Reflects the type of note to be entered.

Type of Note Definitions:

- **Collateral Contact** – ANY type of contact with COLLATERALS ONLY. If the **Enrollee** and/or a family member was a part of the contact, use the “**Enrollee and/or Family Contact**” code. Include travel time and documentation time for the contact. **When a youth is enrolled and the Screener is still involved, contact between the Care Coordinator and Screener would be considered COLLATERAL CONTACT.**
- **Consultation/Supervision** – Consultation/Supervision that the Care Coordinator/**Screener** has with Care Coordination Supervisor/Lead, consulting Psychologist/Psychiatrist, **Children’s Community Mental Health Services** and Wraparound Management, etc., that is client-specific. Include travel (if any) and documentation time for the contact.
- **Consulting Psychologist/Psychiatrist** - ONLY for use by consulting psychologists/psychiatrists.
- **Court Hearing**- Use this code for any time spent inside of a Court Hearing. This note type cannot be combined with other note types. Any contact or work completed prior to the Court Hearing or post is documented in a separate note.
- **Documenting** – Use this code if the ONLY work the Care Coordinator/**Screener** is engaging in is completing some form of documentation (i.e., writing a Court Letter, writing a Plan of Care, completing a Provider Referral, doing Change of Placements or Critical Incidents, Screening Tool etc.).
- **Enrollee Contact** – ANY type of contact with the identified youth alone or **with family** or collaterals. Include travel time and documentation time for the contact.

- **Family Contact** – ANY type of contact with the identified family members or primary caregiver (i.e. [parent/guardian](#), foster parent) alone or with collaterals. Include travel time and documentation time for the contact.
*Note: If the youth and family are seen together then **both** Note types **would** be identified.*
- **Intake Line-** ONLY for use by the Resource and Referral Coordinators who answer the Resource and Referral Line.
- **Med Clinic or Eval** – ONLY for use by medication clinic staff. If a Care Coordinator attends a medication clinic appointment with a youth/family then the corresponding note should be coded as Enrollee Contact and/or Family Contact.
- **Other** – Use this code if the only service you are documenting is travel time, a no-show or another interaction that has not been previously identified in any other code (i.e., faxing, filing, completing SAR’s, printing out paperwork, completing evaluation tools, dropping off documents, writing vacation/leave notes, when reading enrollment packet information on a new client, **reading** e-mails or texts and **listening** to voice messages – from enrollee/family or collateral, [e-filing](#), [Functional Screen](#), [PPS](#), [SIPS](#)).
- **Release of Information** – *see Attachment 3 – Sample Progress Note for Release of Information*. Use this code when written material is released from a client record and for disclosure of protected health information. [Note must include who the information was released to, reason, and what was released.](#)
- **Team/POC Meeting-Attempted** – Use this code when the monthly Child & Family Team meeting and/or Plan of Care meeting was attempted, but ended up not occurring for whatever reason. This note type cannot be combined with other note types.
- **Team/POC Meeting** – Used to document the monthly Child and Family Team meetings and/or Plan of Care meetings. Include travel time and documentation time for the meeting. This note type cannot be combined with other note types.

Lead Present?	Yes <input type="radio"/> No <input checked="" type="radio"/> Select Lead: <input type="text" value="--Select One--"/>								
A. Location →	Location Code: <input type="text" value="--Select One--"/> <input type="text" value="v"/> Specify: <input type="text"/> <small>(i.e. Aunt's home, Mom's workplace, Acme Group Home, Dr. Smith's office - an address is NOT needed)</small>								
B. Team Member List →	<table border="1"> <thead> <tr> <th>Team Member</th> <th>Type of Attendance</th> </tr> </thead> <tbody> <tr> <td><input type="checkbox"/> Dana Enrollee (Self)</td> <td><input type="text" value="--Select one--"/> <input type="text" value="v"/></td> </tr> <tr> <td><input type="checkbox"/> Frank Buffay (Father)</td> <td><input type="text" value="--Select one--"/> <input type="text" value="v"/></td> </tr> <tr> <td><input type="checkbox"/> Martin Enrollee (Child Care Provider)</td> <td><input type="text" value="--Select one--"/> <input type="text" value="v"/></td> </tr> </tbody> </table>	Team Member	Type of Attendance	<input type="checkbox"/> Dana Enrollee (Self)	<input type="text" value="--Select one--"/> <input type="text" value="v"/>	<input type="checkbox"/> Frank Buffay (Father)	<input type="text" value="--Select one--"/> <input type="text" value="v"/>	<input type="checkbox"/> Martin Enrollee (Child Care Provider)	<input type="text" value="--Select one--"/> <input type="text" value="v"/>
Team Member	Type of Attendance								
<input type="checkbox"/> Dana Enrollee (Self)	<input type="text" value="--Select one--"/> <input type="text" value="v"/>								
<input type="checkbox"/> Frank Buffay (Father)	<input type="text" value="--Select one--"/> <input type="text" value="v"/>								
<input type="checkbox"/> Martin Enrollee (Child Care Provider)	<input type="text" value="--Select one--"/> <input type="text" value="v"/>								
	C. Type of Attendance ←								

When the “Team/POC Meeting” type of note is selected, several additional fields will appear on the Progress Note screen. These consist of the following:

A. Location Code – a drop down box will appear to identify the actual location of the meeting that includes the following:

- **DMCPS Offices**
- Care Coordination Agency
- Community – Other
- Correctional Facility
- Court (*for meetings held at Children’s Court Center. For those held in Detention, use the Detention code*)
- Day Treatment Facility
- Detention
- Home
- Foster Home
- Group Home
- Placement Facility–Other (*for meetings held at placement locations other than residential care centers or group homes*).
- Provider Worksite (*for meetings held at places such as a therapist’s office or a clinic. This code is not to be used if the meeting is held at a placement facility where the youth may be residing; for those you should use the placement options available*).
- Residential Facility
- School (*for meetings held at the youth’s school; note that if the youth is in a day treatment program you would use the Day Treatment code*).
- Wraparound Offices (*for meetings held at Wraparound Milwaukee Offices, which would include those held in the Wraparound conference rooms or a meeting held in conjunction with a medication clinic*).

After entering in the Location Code, the Care Coordinator must specify the Location. For example, if you select Group Home as the Location Code, then you must specifically list the name of that Group Home in the “Specify” box.

Note: For those POC/Team meetings held in two locations (i.e., the meeting started at home, but was then completed after a court hearing at CCC), please select the Location Code where the majority of the meeting occurred with the majority of the team members. For the POC/Team meetings in which the youth attends by phone/teleconference or video conference (this should occur only in rare extenuating circumstances), the Care Coordinator should choose the Location Code as to where the youth resides (i.e., Residential Facility).

B. Team Member List –list will appear just as it does on the POC Needs Entry screen. Check those members that attended the meeting. You are able to manually enter additional team members that were present, in addition to their relationship to the youth.

C. Type of Attendance – indicate the type of attendance for each team member (i.e., In Person, Phone/Teleconference, Video Conference [should be rarely used]). Synthesis will default to the person being physically present, so you will only have to update this area if the team member attended by Phone or Video Conference.

3. **Service Type** – Of your Total Hours reported, break down the number of Crisis and Non-Crisis hours provided. See CRISIS DOCUMENTATION GUIDELINES (*see Attachment 2*) for an explanation of what type of contacts/activities can be attributed to crisis time.
4. **Total Hours** – The total amount of time documented in the Note. Total hours are automatically calculated.
5. **Face-to-Face Time** – The part of the Total Hours that was face-to-face with the youth, family member and/or primary caregiver. This time must be less than or equal to the Total Hours reported.
6. **Progress Note Text** – The body of your Note.

WRAPAROUND MILWAUKEE
Crisis Documentation Guidelines

Wraparound Milwaukee
#037- Progress Note Policy
Attachment 2

MEDICAID USES THE FOLLOWING DEFINITIONS (taken from DHS 34)

1. **“Crisis”** means “a situation caused by an individual’s apparent mental disorder that results in a high level of stress or anxiety for the individual/persons providing care for the individual or the public that cannot be resolved by the available coping methods of the individual or by the efforts of those providing ordinary care or support for the individual.”
2. **“Crisis Plan”** means “a plan prepared under s.DHS 34.23 (7) for an individual at high risk of experiencing a mental health crisis so that, if a crisis occurs, staff responding to the situation will have the information and resources they need to meet the person’s individual service needs.”
3. **“Emergency Mental Health Services”** means “a coordinated system of mental health services that provides an immediate response to assist a person experiencing a mental health crisis.”
4. **“Response Plan”** means “the plan of action developed by program staff under s.DHS 34.23 (5) (a) to assist a person experiencing a mental health crisis.”
5. **“Stabilization Services”** means “optional emergency mental health services under s.DHS 34.22 (4) that provide short-term, intensive, community-based services to avoid the need for inpatient hospitalization.”

Activities to be coded as Crisis Time

Covered services vary by individual, because the definition of a Crisis is different for each person. Activities you should include as “crisis time” on your Progress Notes would include the following:

- 1) All direct contact (phone or face-to-face) with the enrollee, the parent/guardian, or the current caregiver.
- 2) Any time spent in responding to the enrollee’s needs regarding a disruption in placement.

Activities to be coded as NON-Crisis Time

All other time, including all contacts with collaterals, documentation time, drive time, reading/responding to/writing e-mails or text messages, leaving/listening to voice messages, etc., should be listed as “non-crisis time” on Progress Notes.

REVISED: 7/26/12, 10/31/14, 10/7/19

25-30 m = 0.5 h	55-60 m = 1.0 h

PROGRESS NOTES TEXT

Care Coordinator (CC) completed updating the Plan of Care (POC) this morning.

As part of the ongoing treatment planning, a copy of the POC was given to the Ongoing Case Manager, Ms. Smith via email (msmith@email.com).

CC called Ms. Enrollee (mother) to inform her that the POC was completed and sent to Ms. Smith as discussed in the meeting.

1. Select "Release of Info" as the Type of Note. More than one Type of Note can be selected. If the Progress Note covers multiple service types, select all of the relevant Note types.
2. Document your time as usual.
3. Within the body of the Progress Note, include:
 - a. Reason for the Release (i.e., As part of ongoing treatment planning...)
 - b. Who the information was released to (i.e., name, agency, address and/or phone number)
 - c. What was released (i.e., Plan of Care, Court Letter, etc.)
