Milwaukee County

Community Development Block Grant (CDBG) Program

Background

The Community Development Block Grant program was established by Congress in 1974 with passage of the Housing and Community Development Act and is administered by the United States Department of Housing and Urban Development (HUD). This program provides funds to municipalities and other units of government around the country to develop viable urban communities. This is accomplished by providing affordable, decent housing, a suitable living environment and by expanding economic opportunities principally for low and moderate income persons. Although local units of government develop their own programs and funding priorities, all activities must be consistent with one or more of the following HUD National Objectives:

- Principally benefits low- and moderate-income persons
- Prevents or eliminates slum or blight
- Addresses an urgent need or problem or need in the community (e.g. natural disaster)

As an entitlement Urban County under the CDBG program, Milwaukee County receives annual funding allocations from the federal government to fund activities to address these national objectives.

As a funding recipient, Milwaukee is required to submit an Annual Action Plan that describes how the Urban County will utilize federal funds to address the national objectives in a manner that will produce the greatest measurable impact on the Urban County communities. The lead agency responsible for submission of this Plan to HUD is the Milwaukee County Department of Health and Human Services.

The statutes for the federal formula grant programs set forth three basic goals against which the Plan and the County's performance under the Plan will be evaluated by HUD. The County must state how it will pursue these goals for all community development programs.

HUD Statutory Program Goals

1. Decent Housing including, but not limited to:

- Assisting homeless persons to obtain affordable housing;
- Assisting person at risk of becoming homeless;
- Retaining the affordable housing stock
- Increasing the availability of affordable permanent housing in standard condition to low-income and moderate-income families, particularly to members of disadvantaged minorities without discrimination on the basis of race, color, religion, sex, national origin, familial status or disability;
- Increasing the supply of supportive housing which includes structural features and services to enable persons with special needs (including persons with HIV/AIDS) to live in dignity and independence; and,
- Providing affordable housing that is accessible to job opportunities

2. Suitable Living Environment including, but not limited to:

- Improving the safety and livability of neighborhood;
- Eliminating blighting influences and the deterioration of property and facilities;
- Increasing access to quality public and private facilities and services;
- Reducing the isolation of income groups within the areas through special deconcentration of housing opportunities for lower income persons and the revitalization of deteriorating neighborhoods;
- Restoring and preserving properties of special historical, architectural, or aesthetic value; and,
- Conserving energy resources and use of renewable energy sources

3. Expanded Economic Opportunities including, but not limited to:

- Job creation and retention;
- Establishment, stabilization and expansion of small businesses (including micro-businesses);
- The provision of public services concerned with employment;
- The provision of jobs to low-income persons living in areas affected by these programs and activities, or jobs resulting from carrying out activities under programs covered by the Plan;
- Availability of mortgage financing for low-income persons at reasonable rates using non-discriminatory lending practices;
- Access to capital and credit for development activities that promote the long-term economic and social viability of the community; and,
- Empowerment and self-sufficiency for low-income persons to reduce generational poverty in federally assisted housing public housing.

Long-term outcomes linked to these goals are:

- **Availability/Accessibility:** This outcome relates to programs that make services, housing infrastructure, public services, or shelter accessible or available to low- and moderate-income persons, including those with special needs and/or disabilities.
- **Affordability:** This outcome relates to programs that provide affordability to low- or moderate-income persons and can include affordable housing.
