Express Yourself Milwaukee

Services Offered

Delinquency Art Program-DTART

Art program offered to youth in the Detention Center by Express Yourself Milwaukee. Express Yourself immerses young people in the arts, where they find a powerful tool for self-expression, uncover inner strength, and deepen connection. Express Yourself Milwaukee programming in the Detention Center provides a high staff-to-participant ratio, building trust and deepening connection. Artists meet with youth in Detention weekly (Four Weeks/Pod). Exploring an annual theme, our programming is created through success-oriented activities. We believe deeply that everyone has something creative to contribute, and all of this creativity comes together in a joy-filled public performance at the Pitman Theater at Alverno College each May. Using art as a springboard, at-risk youth and young people with mental illness move from alienation to belonging. They learn to express themselves in healthy, positive ways using a variety of creative means, and in the process, discover inner strength and a sense of connection with others. The signature Express Yourself program provides a multi-disciplinary arts experience in collaboration with exciting visual and performing artists. By igniting the creative spirit Express Yourself provides valuable life skills for successfully facing life's challenges. The core staff comprised of 19 professional community artists and art therapists of diverse cultural backgrounds, led by Lori Vance MS, LCSW, ATR, Executive Director, are selected with a special skill set: creative leaders in their art form, ability to sustain relationships, collaborate with other artists and community members and are specifically trained to work with high-risk youth.

Art / Music / Dance Therapy-Group (5131FCCC)

Express Yourself Milwaukee is a therapeutic multi-arts program that produces high-quality artwork and performances with at-risk youth, ages 7-21. Express Yourself Milwaukee immerses young people in the arts, including visual art, dance, music, photography, and poetry, where they find tools for self-expression, uncover inner strength, and deepen connection.

Family Options Counseling LLC

Services Offered

Aggression Replacement Training (5565ART-a)

Aggression Replacement Training (ART) is a cognitive-behavioral intervention designed to help children and adolescents improve social skill competence and moral reasoning, better manage anger, and reduce aggressive behavior.

Individual/Family Therapy-Office (QTT)(5100QTT-CCC-a)

Goal directed, face-to-face psychotherapeutic intervention provided to an individual and/or family/caregivers. Services may be interactive or insight oriented and are provided in an office-based setting.

Sexual Assault Group Counseling(5120YZG-a)

The Alternatives to Sexual Assault Program (A.S.A.P.) is a comprehensive counseling program that is designed to treat children, adolescents, and young adults who have exhibited inappropriate sexual behaviors or are at risk for such behaviors. This program emphasizes an active skills building model in which participants learn about sexual assault, its potential consequences as well as appropriate sexual behaviors. The A.S.A.P. also includes individual and/or family therapy.

Sexual Assault Individual Counseling(5100YZI-a)

The Alternatives to Sexual Assault Program (A.S.A.P.) is a comprehensive counseling program that is designed to treat children, adolescents, and young adults who have exhibited inappropriate sexual behaviors or are at risk for such behaviors. This program emphasizes an active skills building model in which participants learn about sexual assault, its potential consequences as well as appropriate sexual behaviors. The A.S.A.P. also includes group therapy depending on clients' clinical needs.

Youth/Family Clinical Counseling(5118YYC-a)

This service involves goal-directed, face-to-face psychotherapeutic interventions provided to an individual and/or family caregivers. Youth/Family Clinical Counseling encompasses diagnosis, treatment, and prevention of mental and emotional disorders with the goal of restoring, maintaining, and enhancing social functioning through treatment interventions.

Milwaukee Christian Center

Services Offered

Tutor-Academic Support 5521YAS-a

Offered to assist youth in completing their homework, finding resources to assist them with their academic studies, helping them build study skills, etc. This is an off-site service that takes place at the youth's home and/or at a quiet location in the community (such as a local library). The exact service plan is determined at the initial meeting with the family and is based upon each individual youth's needs.

Mentoring (5524YMT-a)

Mentoring is offered to youth who would benefit from having a positive role model and an advocate. Mentors are matched up with youth based on their interests, strengths, and need. There are many activities a mentor may engage in with the youth, including recreational, sporting, personal care, school projects, etc. Service plans are developed on an individual basis to assist the youth in their personal area(s) of need.

Court Hearing Reminder/Capias Monitoring (5550YMN)

Providers of this service will make up to three face-to-face contact attempts with youth (and parent/guardian) who have missed their order-in appointment at Children's Court with the goal of ensuring that youth appear in court for their scheduled court hearing to prevent the issuance of a capias.

Parenting Network (The) - CCC

Services Offered

AODA Education Group (YEACCC-z)

Service Description: Since 1977, The Parenting Network has served families throughout the greater Milwaukee community with its mission to strengthen families and to prevent child abuse. Child abuse is largely preventable when parents have reliable support systems and adequate resources to address challenges and crises. The primary goal for agency services is to increase the capacity of anyone in a parenting role to provide safe, healthy, nurturing environments for the children in their care. In 2003, the agency expanded its prevention activities to include youth. Educating and empowering youth to make healthy life choices is a secondary goal directly connected to our mission. Prevention programs are delivered in homes, in schools, and in community.

Age Ranges

- Youth ages 11-15
- Adolescents ages 16-18

Service Hours: Hours of service vary depending on service requested.

Saint A

Services Offered

Parent Advocate (YPECCC-a)

This service provides an opportunity for helping the parents of youth involved in Children's Court to develop insight into their child's behavior and their own parenting styles, and to learn essential parenting skills, such as nurturing, positive communication, parent modeling, and stress management. In addition, many youth referred to the Milwaukee County Children's Court are, or are about to be, parents themselves, with their own children placed with relatives or in DHS foster homes. Involvement with Children's Court is an opportunity to educate these youth about the responsibilities of parenting, stress management, child development, and other topics geared towards helping the youth to be an effective parent. Parent Education participants should also learn about the availability of, and access to, community resources for their family, including prenatal and pediatric care, credit and budgeting counseling, landlord/tenant issues, etc. The agency must have on file with CCSN Administration current separate parent education curricula for parents of youth involved in Children's Court and youth involved in Children's Court who are or are about to be parents. Some of the topics for the curricula may be overlapping. The number of hours necessary to provide the curriculum to an individual should be included on the curriculum documentation. Referrals may be made to the agency to serve parents of the youth involved in Children's Court and/or youth involved with Children's Court who are or are about to be parents.

St. Charles Youth and Family Services

Services Offered

Anger Management – CCC (5565YAM-a)

The goal of the Anger Management Group is to help youth with anger management issues and high levels of aggression learn to control their emotions, manner of response to others and more effective ways to communicate with others.

Anger Replacement Training (5565ART-a)

Aggression Replacement Training (ART) is a cognitive-behavioral intervention designed to help children and adolescents improve social skill competence and moral reasoning, better manage anger, and reduce aggressive behavior.

AODA Education Group (YEACCC-a)

This service is recommended for youth at risk for using alcohol or other substances.

AODA Group Counseling (5121ZXG-a)

AODA Group counseling provided in a Community Substance Abuse Services Clinic

AODA Individual/Family Counseling (5101YAT-a)

Individual/family counseling related to AODA issues provided in a licensed Community Substance Abuse Services Clinic

Daily Living Skills (5563YLS-a)

This service is intended for youth who could benefit from information and skills to equip them to live healthy, responsible, and successful lives and achieve their personal goals.

Healthy Relationships (5704YZH-a)

The Healthy Relationship module must be provided in a minimum of eight weeks to introduce youth referred to the program to the building blocks of healthy relationships. The module curriculum must be developed by an evidence-based organization, and at a minimum must address the following elements: - Sexually Transmitted Disease - Adolescent Development and Relationships - Developing Friendships First - Dating as an Adolescent - Learning about Unhealthy Relationships - How to Build a Healthy Relationship - Media, Pornography and Manipulation - Empowerment and Making Personal Positive Choices

Parent Advocate (YPECCC-a)

This service provides an opportunity for helping the parents of youth involved in Children's Court to develop insight into their child's behavior and their own parenting styles, and to learn essential parenting skills, such as nurturing, positive communication, parent modeling, and stress management. In addition, many youth referred to the Milwaukee County Children's Court are, or are about to be, parents themselves, with their own children placed with relatives or in DHS foster homes. Wisconsin Community Services, Inc.

Services Offered

Aggression Replacement Training (5565ART-a)

Aggression Replacement Training (ART) is a cognitive-behavioral intervention designed to help children and adolescents improve social skill competence and moral reasoning, better manage anger, and reduce aggressive behavior. ART program is designed to be delivered in a group format comprising of 30 hours. (Two ART certified providers must facilitate each group).

AODA Assessment (5001ZXA-a)

A significant number of youth referred to Milwaukee County Children's Court have substance use/abuse issues. Agency providers for ZXA use a CCSN-approved assessment tool and make recommendations for the youth's treatment needs (co-occurring, AODA Education, AODA Group Treatment, AODA Individual Treatment or that no further AODA services are necessary). Recommendations should be based upon tool indicators and clinical impressions of the provider. The Assessment should also include asking youth (1) about their goals for a happy life; and, (2) goals for treatment and what they want help with. At present, CCSN is part of the State pilot project to administer the GAIN assessment instrument. All providers must demonstrate certification in the GAIN instrument.

AODA Individual/Family Counseling

Individual /family counseling related to AODA issues provided in a licensed Community Substance Abuse Services Clinic (CSAS) or certified Outpatient Mental Health Clinic under DHS 75 guidelines. Providers should strive to provide services that are welcoming, recovery-oriented, integrated, trauma-informed, and culturally competent in order to most effectively meet the needs of individuals and families with multiple co-occurring conditions of all types. Providers of this service instill hope, by asking a client about their goals for a happy life and inspiring a belief that they will work with the client to achieve their vision. Counseling should invest in the social development of the client by helping them process information, learn from their experience, control their impulses and understand how their actions affect other people. This service should include problem solving and take into account criminogenic needs.

Healthy Relationships (5704YZH-a)

The Healthy Relationship module must be provided in a minimum of eight weeks to introduce youth referred to the program to the building blocks of healthy relationships. The module curriculum must be developed by an evidence-based organization, and at a minimum must address the following elements: - Sexually Transmitted Disease - Adolescent Development and Relationships - Developing Friendships First - Dating as an Adolescent - Learning About

Unhealthy Relationships - How to Build a Healthy Relationship - Media, Pornography and Manipulation - Empowerment and Making Personal Positive Choices

Temporary Shelter – CCC (TSCCC)

Temporary Shelter placements services

Youth/Family Clinical Counseling (5118YYC-a)

This service involves goal-directed, face-to-face psychotherapeutic interventions provided to an individual and/or family caregivers. Youth/Family Clinical Counseling encompasses diagnosis, treatment, and prevention of mental and emotional disorders with the goal of restoring, maintaining, and enhancing social functioning through treatment interventions. Services may be provided in an office setting or in other settings, as appropriate, including the client's home. Services in the client's home should have the goal of building rapport and the establishment of a relationship that will encourage the client to eventually receive this service in an office setting. Providers should strive to provide services that are welcoming, recovery-oriented, integrated, trauma-informed, and culturally competent in order to most effectively meet the needs of individuals and families with multiple co-occurring conditions of all types. Providers of this service instill hope, by asking a client about their goals for a happy life and inspiring a belief that they will work with the client to achieve their vision. Counseling should invest in the social development of the client by helping them process information, learn from their experience, control their impulses and understand how their actions affect other people. This service should include problem solving and take into account criminogenic needs.

Job Readiness Program

Program

Social Development Commission- Youth Employment Program

Social Development Commission (SDC) has guaranteed employment for youth through a partnership with MacPyles Corporation, and HeartLove Place. Youth are required to be 15.5 to 17 years of age and currently involved in the juvenile justice system. Each youth will receive 6-weeks of intense training which includes: ServSafe Food Handler Program facilitated by HeartLove Place, hands-on job training at McDonald's facilitated by MacPyles Corporation, and financial literacy and job related skills facilitated by SDC. All youth will be placed at a McDonald's locally owned and operated by McPyles Corporation upon completion of the program.

*All referrals should be sent to programs tab.
Questions regarding this program should be directed to Crystal Simpson*

Professional Services Group

Programs Offered

Community Accountability Program (CAP)

The CAP is a diversion program from the juvenile justice system for first time offenders. Youth may be referred directly to this program in lieu of being referred to DCSD by local police departments, or DCSD may refer youth directly. Youth must admit to the charges against them and participate in a panel of volunteer community members who then assign community service hours or other interventions as deemed appropriate. This program engages the youth's family and is voluntary.

Restorative Justice

Programs Offered

Restorative Justice

Restorative Justice provides the Circles of Accountability restorative justice model through the Milwaukee County District Attorney's office Community Conferencing program. Targeted youth are those that have been adjudicated of first or second time burglaries, as well as auto theft. Youth adjudicated of other charges may be referred as deemed appropriate.

Running Rebels Community Org. Inc.

Programs Offered

Milwaukee County Accountability Program (MCAP)

MCAP is an alternative to placement within the state juvenile correctional institution at Lincoln Hills School. The first phase of this program is no longer than 5 months and is located within the secure detention facility in Milwaukee County. This placement easily affords youth and their families to visit on weekends and communicate regularly. Family support is essential as youth participate and comply with requirements of the program. Initially, families indicate their support and cooperation through a signed agreement.

The community placement or aftercare phase is for the balance of youth's court order and home passes or visits home may begin with the youth's probation officer's permission during the last month of the youth's placement in detention. For the crucial first 6 months, each youth has 60 day in court reviews so the Judges be apprised and can help reinforce progress or not the lack of it.

Education, cognitive intervention, AODA education and counseling, and restorative justice activities are the program components, with Running Rebels Community Organization assigning a monitor at the youth's placement in the program, and provide monitoring services while the youth is in the community, either on a home pass or after release from phase 1. GPS monitoring is an important feature of this program, starting with home passes, as the use of 72 hour secure detention placements for investigation of violation of conditions of supervision.

Targeted Monitoring Program - IMP (TMPCCC)

Burglary & Auto Theft Program: Youth with burglary and/or auto theft charges; lower dosage of monitoring & programming than SCOP/FA. The targeted population for the BMP/Auto is generally first time offenders referred on a burglary/auto theft. Youth may be referred to the program prior to disposition as a means of early intervention and can continue through the youth being placed on probation. Serious Chronic Offender (SCOP)/Firearm: Moderate to high risk youth, per the YASI, with serious or chronic delinquent behaviors (SCOP) or a Firearm charge (FA). Provide intensive monitoring, structured programming and accountability in community-based settings targeting youth involved with serious or multiple offending behaviors (SCOP) or targeting youth involved with Firearms

Wisconsin Community Services

Programs Offered

Community Service & Restitution Program

A community-based program that helps youth complete their court-ordered community service hours and restitution using a restorative framework; making connections with caring and positive adults; and increase empathy and reduce recidivism through pro-social community experiences. Program activities include: restorative justice circles, community action projects, off-site volunteer activities, guest speakers, and weekly check-ins. Bus tickets will be provided for youth in need of transportation; and transportation to and from off-site activities will be provided. Wisconsin Community Services will provide snacks when the youth arrive to the site, and dinner each day they attend the program. Incentives will be issued for those who participate, five (5) dollar gift card for weekly attendance and youth with restitution will have this incentive paid directly to the court.

Evening Report Center – CCC (ERCCCC)

The Evening Report Center is designed as a program to provide a community-based alternative to detention for youth served by DCSD. The program will primarily serve youth pending court for alleged delinquent acts but may also include youth that are the subject of a court order. The Evening Report Center is designed to be an alternative to youth being placed in secure detention pre-dispositional, for sanctions or youth picked up on a warrant and are pending court. The Evening Report Center program will provide a timely response that holds youth accountable, provides supervision and engages the youth in positive and constructive programming. The goal of the Evening Report Center include the following: - Provide a timely community-based alternative to placement in Detention - Minimize risk taking and delinquent behaviors - Provide highly structured and well supervised group activities during high risk time periods - Ensure youth are attending their court hearings - Reduce the likelihood of re-arrests while allowing the youth to continue attending school and remain at home or least restrictive setting - Target interventions to address the nature of youth's behaviors and building skills and competencies for improved decision-making - Expose youth to community-based services and positive programming with the potential to lead and continuing involvement beyond their probation involvement

Psychoeducational Support Group – JCIP CCC (5632MCCC)

JCIP is a cognitive restructuring program, designed to help youth understand and challenge the thinking that encourages and excuses harmful behavior.

Alternative Sanction Program (SASCCC)

The SAS Program consists of a weekend (Saturday) report center that features structured activities, community service opportunities, family engagement, behavioral contracts (incentives) and transportation to and from the program. The provider also works to engage

the youth's family by including the parent/guardian in the intake process and hosting family days at the agency. Referrals to community resources are also available for youth and their families. The program includes the opportunity for youth to participate in three groups that address their specific probation violations and build skills and competencies for improved decision making related to the behaviors leading to violations. These groups are: Thinking for Change, Aggression Replacement Training and Alcohol & Other Drug Abuse (AODA). The target population for the program is youth who are referred by their probation officer or ordered by a judge to participate in the program as a response to violating the conditions of their dispositional (probation) order.

Southwest Keys

Programs Offered

Outreach and Tracking (Level II and GPS)

Serves male and female court involved youth and is specifically designed to address the community's need for safety, to hold the young person accountable for his/her actions, and to increase the youth's competencies to effect long-term and sustainable change. Clients must report their whereabouts in the community at all times. It is the client's responsibility to be in a location in which he/she can be found by the tracker on duty. Caseworkers have a minimum of two face to face visits per day, seven days per week, 365 days per year with each client.

Juvenile Educational Treatment Initiative (JETI)

Previously known as Day Treatment, this program serves youth between the ages of 12 through 17 and provides structured activities, including group, individual and family counseling, substance abuse education, prevention and treatment, advocacy, along with case management services. The youth are maintained in their current schools and the program works closely with the youth's schools and families, providing in home services as needed, using a trauma informed approach and evidence based programming. A pilot is currently being developed for 2016 in conjunction with Milwaukee Public Schools, which will focus on targeted schools that have a large population of high risk youth involved with the juvenile justice system.
