Diana

“Teamwork makes the dream work.” -Bang Gae

Shared by SaintA

Diana* is a 17 year old girl who likes animals, sports, and spending time with her family. Prior to enrollment in Wraparound, Diana was inpatient for self-harming behavior. After being discharged, Diana’s mother, Ms. Robins* did not feel she could manage Diana’s behaviors in the home and Diana was placed by DMCP5 at an Assessment Center.

Upon enrollment into Wraparound, Diana was placed at a group home. Diana struggled with maintaining the group home’s rules, such as curfew and was not attending school. In March of 2017, Ms. Robins agreed for Diana to return home with the supports of a care coordinator, crisis worker, parent assistant, and therapist. The Child and Family Team supported Diana during weekly visits and monthly team meetings to help her to make safe decisions and rebuild trust with her family in order for her to stay home and graduate high school.

The team transitioned Diana home and began to see progress. Diana’s school attendance was becoming regular and she was exhibiting a positive attitude toward family members. Diana received positive reports from her teacher and she expressed motivation to graduate early. A year later, Diana is on track to graduate early and has goals of going to college to be a vet technician. In the home, Ms. Robins reports that Diana is a leader to her younger brother, Tommy*, and helps hold him accountable for doing his chores and participating in family therapy.

Diana’s CHIPs order is set to expire in February 2018 and she will be participating in O’YEAH. While in O’YEAH, Diana will learn how to be independent and the skills needed to be successful during this transition. She will continue to utilize in-home therapy and medication management. The Child and Family Team is very proud of Diana and will be celebrating her accomplishments at Buffalo Wild Wings.

Ronald Farr — La Causa, CORE Team 2

Nominated by Bob Zima, La Causa

Mr. Farr is our Certified Peer Specialist and he deserves recognition. Mr. Farr does a great job of relating to his clients, which a lot of the times are 50+ years his junior. He is quick to change scheduling to accommodate everyone. He treats all persons with a great amount of respect and consideration. He goes the extra mile to service his clients, which often includes late afternoons and evenings, which interferes with his private life. Mr. Farr is an inspiration to me and is a great asset to our team.

Kenyatta Bryant and Connie Handy — Wraparound Administration

Nominated by Tia Renier, La Causa

A huge thank you to Kenyatta and Connie for being available to answer questions and process information quickly. They helped out a new'ish care coordinator during a bit of a panicked moment. Their support ensured that a youth continued to receive necessary care. Thanks so much!

Maura Ross — Public Defenders’ Office

Nominated by Caitlin Gallagher, Alternatives

Ms. Ross is a wonderful advocate for a youth she and I work with together. She consistently uses trauma-informed care, both in and outside of court. Ms. Ross is a huge player in the process of appealing to the court for the youth to be placed in a lower level of care that is best fit for the youth. It is a pleasure working with Ms. Ross and she deserves recognition for her time, effort, and commitment to the youth’s well-being.
