Attention: RFP Respondents

Re: Addendum Number One to  
Request for Proposals  
Milwaukee County SRCCCY -  
Preliminary Facility Design and Feasibility Study

Ladies and Gentlemen:

BID FORM

“ATTACHMENT 2 (Revised 7/30/2018) CONSULTANT PROPOSAL FORM” attached to this addendum shall be used in lieu of the ATTACHMENT 2 included with the RFP. Responses to the RFP shall provide separate costs for Tasks A, B and C. Provide a separate Constant Effort spreadsheet matrix for each of Tasks A, B and C. The cost for Task D activities shall be incorporated into Tasks A, B & C as would be necessary to accomplish Tasks A, B & C on an individual basis.

QUESTIONS

The following are responses to the questions that have been received related to the referenced RFP:

- All Wisconsin counties may submit proposals to the State of Wisconsin to secure grant funding available for the SRCCCY program. If my company is assisting other counties with the preparation of their grant proposal, will this disqualify my company from working with Milwaukee County on this project?*  
**Your company will not be disqualified as long as your company includes a letter with your proposal informing Milwaukee County that you are assisting other counties with their grant proposals and identify the counties you are assisting.**

Proposals are due no later than 2:00 p.m. on August 3, 2018.

Submit your proposal to:
