

DEPARTMENT OF ADMINISTRATIVE SERVICES

*Milwaukee County*

Daily Reporter,

Milwaukee County Facilities Management Division seeks proposals from qualified organizational consultants to facilitate a team-driven assessment and design of the future-state structure for our Operations & Maintenance team. O&M supports approximately 15 County buildings and ~80 FTE. The selected consultant will engage staff, incorporate “voice of the customer” input from tenant departments and stakeholders, benchmark best practices, and deliver future-state organizational options with an implementation roadmap.

There is an optional virtual pre-proposal meeting on February 4th at 12pm.

The complete request for proposal, including details for attending the virtual pre-proposal meeting, is located on Milwaukee County’s RFP website here: <https://county.milwaukee.gov/EN/Admin-Services/Bids-and-RFPs>
