BASE BID DESCRIPTION:

The work under this contract consists of reinforced concrete culvert and wing wall repairs and the replacement of existing metal tubular railing with reinforced concrete railing. Work is not intended to be a complete rehabilitation but intended to be a short-term maintenance including limited concrete repairs and railing replacement. Work includes, but not limited to, reinforced concrete surface and full depth repairs, and all necessary and incidental items to complete the work as shown on the plans and included in the proposal and contract.

CBDP concurs with the DBE participation for the above recommended Bid. Please refer to the approved Form TBE-14 attached to the bid recommendation.
